MINING NEWS

GOLDBERG

The Stock holders of the Goldberg Butte mine held the annual meeting at Plush last week, and elected the following officers: President and Treasurer John A. Morris; Vice President, John W. Loftus; O. A. Kelley, Secretary; General Manager, Fred H. Oliver; Directors, J. A. Morris, J. W. Loftus, E. H. Loftus, F. H. Oliver, J. J. Reilly, W. Z. Moss and L. C. Beckwith.

The Big Four Mining Company also held its annual election; F. H. Oliver, President and General Manager, J. J. Reilly, Vice President and Treasurer; E. R. Irwin, Secretary; Directors, F. H. Oliver, J. J. Reilly, E. R. Irwin, J. A. Morris, and W. R. Jennings.

HOAG

The east drift from the bottom of "The Fern" shaft, property of the Pine Creek Leasing and Mining Company, is improving with every foot of work, developing into a big, well defined vein, and considering the fact of the high grade samples of ore which were taken from the surface on this ledge, we shall not be at all surprised should we encounter a pay chute of high grade ore on this vein at any time.

The upraise in "Sugar Pine," property of the Consolidated Co., have struck a streak twelve inches wide of \$129.00 ore. There is simply no guessing about it, the Hoag district, will deliver the goods in the coming season of 1910.

Winter is on in the Hoag district, regardless, however, of the severity the elements, the mines under development are showing up splendidly.

WALTER'S Second Addition

Several hard-headed, common-sense reasons why WALTER'S ADDITION is right now, and is bound to be in the immediate future the most desirable city property, from both residential and commercial standpoints:

- 1st. Physically the soil is good. Will make good lawns and gardens. The land lies on a gradual slope, insuring drainage for all time to come.
- 2nd. This addition is in reality not an addition to the town, as it lays in the center of the most populous district, just three short (200-ft.) blocks from the principal business street and commercial center.
- 3rd. We believe it is the first and only tract that was subdivided in conformity with adjacent property, all streets and alleys join and have the same names.
- 4th. All lots blocks and streets are made to conform as nearly as possible to that of surrounding property. Lots 50 x 150, 60 ft. streets, 16 ft. alleys, 6 ft. sidewalks and 6 ft. parking.
- 5th. Every lot when sold will be subject to restrictions, both as to value and character of improvements. A 25 ft. building line is likewise stipulated. Building restrictions are value insurance to the buyer, it guarantees the status of your property and assures you the better class of neighbors.
- 6th. A liberal discount is given for cash, and most lenient monthly payments can be arranged. The prices range from \$300 to \$100 each according to location. We will gladly show you the property, and furnish plats.
