### CITY AND COUNTY BRIEFS

Old Boreas is just tearing around these days. Last Thursday and Friday he belated and gave us another chinook, clearing the hills and streets. But on Monday he changed his mind and gave us a real blizzard that lasted until late at night, and the mercury dropped to 9 above.

E. Tatro, who is in town on a visit from his new home at Yamhill received a wire Friday to the effect that his son Fred was dangerously ill and to return at once. It is to be hoped that Fred will recover, as he has many friends here who will regret the loss of his serious condition.

An informal service will be held at the Masonic Hall Sunday afternoon, Feb. 6 at 3 o'clock under the auspices of the Women's Guild. Everybody cordially invited to attend.

The Bidwell Nugget says: Wm. arces the Lakeview horse buyer caught a bunch of moles over last today. The animals were put on feed yard here.

A bill has passed the U. S. Senate lablbing a new land district in eastern Oregon and locating the land office at Vale, Malheur county.

The McCurdy's are occupying the Venator house.

The Gibson near ranch, Susanville, last season produced some big fine sweet potatoes. Why has not some rancher tried to grow that splendid vegetable here?

A St. Helen's mother tried to start a fire in the kitchen stove with coal oil. She succeeded, but was burned to death, and her husband and one child were also badly burned. Still people continue to use kerosene for that purpose, heedless of numerous deaths from such cause.

Mrs. Bernard C. Sitz recently had a fine new piano installed in her home.

A marriage license was granted by County Clerk Payne Tuesday to V. G. Morgan and Belle Johnson, both of Paisley.

A bunch of the former O. V. L. Co. surveyors have taken service with the Warner Valley Irrigation and Land Co. and left Tuesday in the Thomas Flyer of the company for the scene of operations.

The Woman's Guild will meet at the home of Mrs. F. P. Cronmiller today at 2:30 p. m.

The Examiner has forgot to mention that our enterprising neighbor, the Alturas New Era, got out a splendid New Years addition, showing up in good shape the advantages and opportunities in Northeastern California.

The long tunnel on the California Northeastern railroad near Dorris, has been completed and trains to and from Klamath Falls are now running through it. The shoo-fly track which has served for temporary use

in crossing the summit while the tunnel was being completed is now being torn up. The Dorris tunnel is nearly half a mile long.

Alturas New Era, 26 ult: We hear that Mike Carroll will soon bring his band of Greeks from Lake county to Alturas and commence on the N-C-O extension. He has been at work on the Lake county reservoir for the Oregon Valley Land Co.

S. H. Harold, Dr. Campbell and C. A. Sorlie, of the Lakeview Development Co. have gone to Alturas to look up offices for the company. All their orchard tracts are located in Modoc county and they think it better for their interests to locate there.

Klamath Herald 25th ult: J. C. Cravens has purchased the Worden house on Ewanna Heights now occupied by Dr. C. P. Mason. Possession is to be given in the spring.

Driving a gas burner down over an oil can spout and soldering it to prevent its slipping will prevent waste of oil running down on the outside of the can.

The voting contest at Arcadia Theatre for the most popular young lady ended Tuesday night. The counting of the ballots resulted in giving Melie Gibbons, 22,500 votes and Ethel Bailey 14,708 votes. The last evening of the balloting was spirited and cost some of the boys a very pretty penny.

Nearly all our business places are now closed at 6 p. m. Saturdays. In this case Lakeview is but following the custom now universal throughout the entire county.

It is reported that some of the children of F. O. Ashlstrom are down with the mumps.

The Alturas New Era of the 26th ult says:—"A train load of Miller & Lux beef cattle left here this morning over the N-C-O. Cattle shipments are keeping up, and the shipments have been heavy." These must be the cattle driven through Lakeview a few days ago.

### PAISLEY ELOPING COUPLE NOT MARRIED IN WASHOE COUNTY

RENO Nevada, January 27.—A search of the marriage license record in this county fails to show that any marriage license was issued to Alfred Moss, aged 17, and Zella Lawie, aged 20, who, it is claimed eloped from Paisley, a small town north of Lakeview, Ore., for the purpose of being married in Reno. The article from Lakeview states that they had eloped to Reno and had been married here. They may have come here, but so far, according to the record, they have not been married.

### Organizing Granges

The farmers over in Klamath County are organizing granges. It is a good idea and is worthy of emulation in Lake County. As a rule farmers act independently, while all other pursuits are organized into one compact mass for common good. If they desire the greatest good and most success farmers should by all means get together and co-operate along general lines through the grange. The membership throughout the United States is nearly 1,000,000. In Oregon 8,250 with over 130 granges. The grange is steadily growing in power and influence for good.

### Its the Northwestern

It is stated that the new Coos-Boise Railroad, known as the peoples road, now being surveyed eastward from Coos Bay, and which is projected through the northern part of Lake county, has reached Roseburg and all the checks given the surveyors are drawn on the Chicago & Northwestern Railway.

Since Chief Forester Pinchot is out of office, the Forest Rangers in the Washington University at Seattle, who were studying to improve their usefulness have had their salary cut out by the new chief. The Examiner fails to see the justice of such an act. If the nation educates its navy and army officers, why shouldn't it also train its forestry men?

Portland, Or., Jan. 26, 1910  
Editor Examiner:

I am very much pleased to be able to inform our good people of our prosperous little town, Lakeview, that I have purchased for "The Lakeview Pine Creek Electric Co. one of the very best and up to date telephones, plants in the State of Oregon, and which will soon be installed. Lakeview has been waiting for such service and we hope that our strong effort, our knowledge of the situation, together with our heavy investment will be appreciated by our good people.

He was 40 years old, and has been a resident of Modoc county 25 years, was one of the wealthiest stockmen in that county. ### Married

On Monday last J. E. Tracy and Miss Hannah Anderson, were married at the residence of the groom's father, Walter Tracy. The wedding ceremony was performed by Rev. G. J. Wentzell. After the wedding ceremony a very fine wedding dinner was served. The wedded couple are young in years, but start out in life with the good-will and blessings of their parents. In marrying young they are following in the foot-steps of our forefathers when early marriages were the rule, and not as now the exception. The Examiner wishes them a long and happy life.

J. F. Kimball, the well known timber man, who looks after the Weyerhaeuser syndicate in this vicinity, was recently married to Miss Watson, of Ashland. The young lady is the daughter of C. B. Watson, who established the Lake County Examiner and was its editor for some years. The happy couple have the best wishes of all their Lakeview friends.

### Born

Horn, Thursday, Jan 27, to the wife of R. C. Foster, of Sumner Lake, a 11 pound daughter.

**Mr. HOMESEEKER:**  
Why delay getting that homestead? Your chances are less every day. Railroads are building into our section. Capitalists are securing large tracts of our lands. Settlers are coming every day and locating. What has been known as the GREAT INLAND EMPIRE will soon be segregated with railroads and become one of the most prosperous farming sections in the West.

You know the advantages and opportunities there are in a new country, and the ever increasing price of land, and we assure you that a trip into our county will prove one of the best investments you ever made.

REMEMBER, we make a specialty of locating homesteads, desert claims, and reporting on school lands, college lands, etc. and we assure you of the very best of service.

Write or call on us for any information you may want concerning such lands.
