COUNTY NEWS

PAISLEY AND SUMMER LAKE

Miss Josephine Young, having closed her school at Summer Lake, returned to Paisley Saturday with her father and was organized at the church services Sunday evening.

Mrs. James Harper and others are planning to give a concert in Paisley on Washington's birthday.

It is said there will soon be a wedding in Paisley from the way a certain young man is fixing up his house.

Frank Descombes holds the record for deep wells in Sandy Hollow. He struck water at 122 feet. The two Moores and Robinson are yet to hear from.

J. A. Richard at his Dry creek home had got water in his well at fifteen feet.

Old politicians around Paisley say that a man who has pulled the county out of debt, built a new court house and reduced the tax levy from 31 mills to 7 1/2 can't be beaten for reelection as county judge. Dr. Daly, you are it.

W. A. Corrier, Clarence Harris and Joe Nelsons have been appointed appraisers of the estate of the late James Foster and were in Lakeview last week.

Wayman Withers sold a bunch of twelve 1 1/2 year old colts to Hoy of the Thousand Spring ranch and delivered them Monday of this week.

Have we been seeing things out of their natural order, or is it really an inverted comet in the western sky? It is said that this is the Inzis comet. It is too early yet for the Halley comet.

With the number of pretty girls as there are in Paisley the preacher can always be assured a crowd out to church. A hack load of us went to town Sunday evening to hear Rev. Young.

Mrs. A. W. Bryan and daughter Annie of Bryan's station were visiting in Paisley the past week.

Paisley is slowly growing. In a few years more the town will have an express office.

Paisley should have a resident dentist. Besides many teeth that require attention there are a number of holes in the streets left from the recent flood that need filling.

The past week a bridge has been put in across one of the forks of Dry creek. At this rate the stream eventually will be entirely under control.

It is reported that Miss Kate Barry has said this is her last term of school at White Hill. Doesn't she like us any more?

Jackson & Dobkins is the name of a new firm which it is said will open a store in Paisley this spring. Prof. Jackson is principal of the Paisley school and William Dobkins is the stockman and farmer.

Word comes that Alfred Moss has secured a position on a street car in Portland. He is leaving early what it takes to support a family.

Lake Albert the past winter for the first time in many years was frozen entirely over.

Roy Woodward who was down Sunday from his home on the Foster creek says that when the ice broke up on Summer lake it swept away fences on the west side and plowed up sod on the meadows for twenty feet.

Ted Woodward and your correspondent have invited themselves to attend the White Hill Sunday school, but as yet the invitation has not been accepted.

Edwin C. Woodward the past week has been entering his homestead. When he builds his storage reservoir on Dry creek he can have one of the best apple orchards in the county.

It appears that the people were more scared than hurt in the recent jam at Paisley. The Blairs and the Tuckers we about the only families that really needed to move out of their houses. It was the fear of what might come that made the residents uneasy. At one time it was reported that a jam was forming at Juniper Jack's and it was feared when this gave way it might do great damage. The citizens of Paisley now look stoically upon the matter and treat the flood as quite ordinary. They feel secure as to the future and say the like may not occur again in fifty years.

W. K. McCormack, road supervisor, says that in order to protect the town from another jam and flood the people of Paisley should build a levee along the south bank of the Chewaucan. He thinks that if the citizens took hold of the matter in the right spirit the county could be induced to help.

The weather conditions the past winter were altogether peculiar. When the Paisley inundation was at its height Polk Sanitar came down from his ranch sixteen miles up the river. When he left home the thermometer stood at 35 and when he reached Paisley it was about zero. It was this condition on the upper river that made the slush that caused the jam.

Notwithstanding the fact that January has been the coldest for many years the past week has been more like spring weather. The maximum temperature at Woodward's for the week ended Sunday were 46, 34, 39, 42, 42, 40, 55. The minimum were 23, 24, 25, 33, 24, 29.

It is said that old man Lambert nearly dropped dead when his son broke the news to him of the new heir in Paisley.

NOTICE FOR PUBLICATION

Department of the Interior United States Land Office, Lakeview, Oregon, Dec. 23rd, 1909.

Notice is hereby given that the State of Oregon has filed in this office its application, Serial 02881, to select under the provisions of Act of Congress, of Aug. 14th, 1848, and the acts supplemental and amendatory thereto, the N1/4 NE1/4 Section 28, T. 38S., R. 20E., W. M.

Any and all persons claiming adversely the lands described, or desiring to object because of the mineral character of the land, or for any other reason to the disposal to applicant, should file their affidavits of protest in this office on or before the 27th day of February, 1910.

ARTHUR W. ORTON Register The foregoing notice will be published in the Lake County Examiner, a weekly newspaper printed in Lakeview Oregon for a period of not less than thirty days prior to date last herein mentioned.

ARTHUR W. ORTON Register, J13F17

La Foillette's Weekly Magazine

There are many reasons why you should read what it says 52 times each year. It is free to tell the truth. It will oppose the encroachment of special privileges upon the people's rights. It will call the roll on public men and measures and inform you how your congressmen work and vote. It will criticize the executive branch of government from the highest to the lowest, if in its judgment the peoples interests are not protected. It will spread the gospel of ideal home life through the Women's Department. It will be conservative when good things are to be conserved, and radical when bad things are to be exposed.

Senator R. M. La Foillette Editor.
