Count Benj. Castellano met Anna Gould a round six million dollars. In our humble opinion he wasn't worth the price. Besides she could have got a good clean American for a great deal less money.

Here is an argument against prohibition. Doctors assert that appendicitis is due to absence of liquids in the system. But a man at our elbow wants to know what is the difference whether it is appendicitis or the jag cure, as the doctors get you anyhow!

The peanut shell factories other wise breakfast food concerns, have all united in a trust. Well, if some one will only speak to our wife about it we are perfectly willing—nay anxious—to boycott the whole caboodle—dick fouch stuff.

D. Amodeo—What gave him the impulse?

Nurse—His wife thoughtlessly came into the sick room dressed in a new gown and hat.

Fleider Jones, the well known White Sox star of the American League will coach the O. A. C. base ball team during the coming season. This announcement has caused great excitement among the students. It will mean a big year in base ball for O. A. C.

The Park City, Utah Record, gets off the following, which may not be so far fetched after all: A few days ago one of our citizens out into a pound of butter which he had purchased at a grocery whose proprietor does not advertise, and found therein a small tin box, which contained a small piece of paper bearing the following written in a neat feminine hand: "I am a girl of eighteen years good looking, and an excellent housekeeper. Should this be found by some unmarried Christian gentleman, will he please write to the following address," etc. The finder being a bachelor, decided to unravel the affair, and succeeded, only to destroy the romance. The girl who had written the note had died many years ago, leaving an aged husband, and a grown up family.

If our valley merchants would let the people know about the prices of their goods through printers ink, as mail order houses do by flooding the county with price lists and catalogues, there would not be so many farmers, or complaining merchants.

The advertiser who put their goods before the people and keep them there are the ones who sell the goods. They must say when to take "I would have duplicated that bill of goods," but they should have let the farmers who sent away and bought advertised goods of an outside merchant know it before he bought. That's the business of it—Fall River Tidings.

THE REASON
First Boarder—Somebody kissed Miss Oldgirl in a dark hallway one night last week.
Second Boarder—I guess that's why she puts the light out in her hall way every night now
