TRACT CO.

A Company Record

We have made an abstract of all records in Lake County which may be of interest in the county. We have a complete record of all mortgages and transfers ever made in Lake County since 1850.

Errors Found in Titles

In transcribing the records we have found numerous mortgages recorded in the Deed Book and indexed; and many deeds are recorded in the Deed Book and other books. Hundreds of mortgages and deeds are not indexed at all, and most difficult to trace up from the records.

We have notations of all these Errors.

Others cannot find them. We have put hundreds of dollars hunting up these errors, and we can fully guarantee our work.

MULKEY IS AFTER CHAMBERLAIN

**Will Not Oppose Bourne
Because He Honors
Same Principles**

PORLTAND, March 1.—When the present term of United States Senator George E. Chamberlain expires, former senator Frederick W. Mulkey will be a candidate to succeed him. Such is the plan of Mr. Mulkey at this time, subject, of course, to change, but many things may develop in five years. Reasons are assigned by Mulkey why he prefers to be a candidate against Chamberlain rather than against United States Senator Bourne, whom he wants first. Mr. Mulkey does not feel bound by the direct primary. Statement No. 1, and is opposed to the assembly.

"It is true," admitted Mulkey today, "that I may be a candidate against Senator Chamberlain. I do not wish to be a candidate in the pending Senatorial election, because I do not believe in the assembly. I believe in the direct primary. Statement No. 1, Mr. Bourne will be a candidate to succeed himself in the next election. Senator Bourne possibly Statement No. 1, he will be bitterly opposed by his enemies to the statement and the direct primary, and I do not want to be a candidate at the same time as it would simply divide the statement strength."

"With Senator Chamberlain it will be different. Mr. Chamberlain is a Democrat, who was elected by the Republicans, who are now calling for an assembly. As a Republican and a believer in the statement, I expect to oppose Mr. Chamberlain, rather than against Mr. Bourne. It will be a hard fight against Mr. Bourne, especially as he represents the principle of the statement."

"It is only a question of time when the assembly will result in wholesale fraud and crookedness. The first assembly may play fair, for the men who are advocating it are anxious to establish a precedent, but sooner or later there will be one gang led by a boss, which will be trying to select the delegates to the assembly, and this gang will be opposed by another crowd also led by a boss and trying to name the delegates. This was the way of the old conventions and it will be the way of the assemblies, or any other political gathering which is not regulated by law. Of the 120,000 voters in this state not 10,000 are concerned in the manipulation of its politics. The others believe in principles and parties. It is asserted that the assembly does not interfere with the direct primary law. This is a question once to debate. But, however, there is one thing apparent—you will find every man who is opposed to the Statement No. 1 taking the most active part in organizing and advocating the assembly. There may be Republicans who suppose the assembly will undermine the direct primary, in which they believe, but it is as well for these to look around and see who are calling the loudest for an assembly. The men who argue most for the assembly are known as unfriendly to the direct primary."

"I am of the opinion that candidates who take Statement No. 1 will be elected to the legislature, for it is a principle in which the people are interested more than the assembly advocated can believe."

**WILL COLONIZE
NEVADA RANCH**

A sale that involves one of the largest estates in northern Humboldt county has been consummated. The ranches owned by the Hardin estate in Quin River valley have been sold to N. A. Just and eastern associates. The price paid has not been given out, but no doubt it runs well into six figures.

The sale includes the river lands and Buffalo ranch, approximately 23,000 acres of land. It is the intention of the purchasers to colonize the lands with settlers. Storage reservoirs are to be constructed at favorable places and all available water is to be used to good advantage. It is understood that the purchasers of this estate expect to install some 600 settlers there as soon as the land is in shape to accommodate them.—Humboldt Star.
