Girls, Go In For Athletics!

By THEODA BUSH, College Girl Athlete. Miss Bush astonished athletic experts throughout the country by scoring 69 1/2 points out of a possible 70 in a recent athletic meet of the Radcliffe college girls.

ANY girl who takes to athletics and devotes herself to them in the TRUE SPIRIT can succeed in making herself heard from. It is all in your ENTHUSIASM AND APPLICATION. I have never been interested in the so called fashionable and ultra fashionable doings which concern so many women. The day of moping, of sitting still and whining for things, of believing that some chosen man will bring us the things which we desire, including health, are long past. I BELIEVE THAT EVERY WOMAN SHOULD JOIN SOME SORT OF CLUB IN WHICH PHYSICAL EXERCISE IS A FACTOR. MANY WOMEN WILL BE SHOCKED AT THE THOUGHT OF RUNNING, JUMPING AND THE MORE STRENUOUS OF INDOOR SPORTS, BUT THAT IS IN REALITY A FEMINE MISTAKE. Today there are still too many girls who NEGLECT THE ATHLETIC SIDE OF LIFE, with the result that when they have graduated into the stress of life's work they find that they have not a SUFFICIENT PHYSICAL FOUNDATION OF STRENGTH to withstand the workday strain. So I say for a girl to make herself worth while she must TAKE UP ATHLETICS.

Gone Twenty Years. U. G. Venator, of Portland, a brother of Attorney Venator, was in town Tuesday. It was Mr. Venator's first visit to his boyhood home in 20 years. He says Lakeview always was a good town, but he notices great changes for the better, and he feels assured that our future is exceptionally bright. Mr. Venator is a prominent business man of Portland in the hardware line and is looking for an early rail connection between here and Portland so that better trade relations than in the past will be realized between the two towns. N. C. O is Coming Soon. The railroad situation is getting brighter, and it rests with the people of the east side and with those of Lakeview as to whether we shall have a railroad by Dec. 1st of this year. And by the same token Alturas will see the N. C. O railway pulled up from their town and it will pass five or six miles to the eastward. It does not pay to fight a railroad company. H. W. Drenkel and family, who have been in Los Angeles all winter are on their way home, and will arrive in a day or two.

Coming 10,000 Strong. John F. Stevens, president of the Oregon Trunk railway, now under construction up the Deschutes to Central Oregon, says 5000 men are at work on the 100 miles now under construction, or nearly as many men as ever were employed on the construction of the 370 miles of the North Bank road. He says the new line is of the most modern construction and the whole thing is being pushed with the utmost possible energy. The present plan is to build south only as far as Bend, although maps have been filed from Bend south to the Klamath Indian Reservation. Meet me at Swenson's Restaurant.
