Texas Land!

Sold on Crop Payment Plan

Grows Rice, Sugar, Oranges, &c.

OUR PROPOSITION:

We will sell you an improved farm in the *Gulf District of Texas*, in Wharton County, and let you pay by giving us two-fifths of your crop each year until we have received the purchase price.

This Company owns 25,000 acres of land. About 10,000 acres of it was in crop this year, and yielded 40 bushels to the acre. It contains over 50 sets of farm building. It is provided with water for irrigation from the Colorado River by a pumping plant large enough to furnish water to the entire city of St. Louis.

This land is all a black loam soil. It is adapted to the growing of sugar cane, alfalfa, cotton corn, oranges, figs and vegetables of all kinds. Any of these crops can be grown without irrigation and, equipped as it is with canals for irrigation and with soil with an abundant water supply, it is particularly suited to the cultivation of the banner crop of this country, rice.

Our lands will be sold equipped for irrigation with a guarantee of sufficient water to RAISE RICE or any **Other Products of this section, which inlude CANE, APPLES, GRAPES, FIGS, ORANGES and GRAPE FRUIT**

The price of these lands thus equipped range from **$35.00 to $50.00 per Acre**, according to Location, Improvements and Quantity of Land already in Crop.

We require a Cash Payment of $6.00 per acre and $4.00 more per acre in six months, so that you will have enough invested to give you an interest in working the land. **You do not sign a note or mortgage for the balance**, but merely *agree to Deliver us Two-Fifths of Your Crop Each Year as Part payment*, **and the only payment you are required to make**

BY THIS PLAN

If you have a hard year we share your hardships and you will have no unpaid note stare you in the face. If you have good years, as we know you will have, your farm is soon paid for.

You can choose your own crop, except that we require at least 75 per cent of such crop to be Rice, as we know it is the most profitable.

LAKE COUNTY ABSTRACT CO.

Incorporated.

A Complete Record

We have made an entire transcript of all Records in Lake County which in any way, affect Real Property in the county. We have a complete Record of every Mortgage and transfer ever made in Lake County, and ever Deed given.

Errors Found in Titles

In transcribing the records we have found numerous mortgages recorded in the Deed record and indexed; and many deeds are recorded in the Mortgage record and other books. Hundreds of mortgages and deeds are not indexed at all, and most difficult to trace up from the records.

We have notations of all these Errors.

Others cannot find them. We have put hundreds of dollars hunting up these errors, and we can fully guarantee our work.

J. D. VENATOR, Manager.

OLD FAVORITES.

HEALTH.

THERE used to be a little boy
In days of golden rule
Who always felt at eight a. m.
Too sick to go to school,
But swiftly from his strange disease
He would recuperate
And from his sickbed rise at ten
To play or swim or skate.

WE wondered what became of him.
And now at last we know.
An army major he became
The same physique to show.
Retired for incapacity,
He none the less will rise
And with a mighty Nimrod hunt
'Neath Afric's burning skies.

—McLandburgh Wilson.

THE IMAGE MAKER.

"NO graven image shalt thou make,"
And yet, O sculptor, for the sake
Of such an effigy as I—
The superscription like the face
Disfigured now and hard to trace—
Didst thou thyself consent to die.

—John T. Tate

LAKVIEW, - - OREGON,

A YIELD OF 67 BUSHELS OF WHEAT PER ACRE

at the Nebraska Station at North Platte, Nebraska, is causing everybody that hears of it to TURN AROUND and ask HOW? A 50-bushel yield is not unusual, and their is no reason in the world why you cannot learn HOW. Practically all these bumper crops have been produced with only a few inches of rain during the growing season, so you will never "fear a drouth" when you know HOW.

U. S. Government, Department of Commerce and Labor Bulletin, Dec 11, 1909 says: "Campbell's epoch making efforts in behalf of dry farming in connection with the introduction of Durum wheat, promises to turn the semi arid regions, covering millions of square miles, into one of the most prosperous sections in the world."

Mr Campbell operates a line of Demonstration Farms from Texas to Canada and publishes his methods and results in the Scientific [illegible] Watch 1910!

[illegible] Wash. to Minnesota, Texas, Washington and Arizona [illegible] to live without knowing [illegible] plained and followed in CAMPBELL'S CENTRIC FARMER (the only publication on tillage). A monthly, $1.00 a year. Combined with our paper at the single price of our paper, even on renewals
