Now that the road have dried out and settled automobiles are commencing to be used. J. D. Venator in company with Felix Green, Creed McKendree and Mr. Duke, made a flying visit to the 70 ranch last Sunday. Last Thursday Mr. Venator again passed through here bound for Silver Lake, also Mr. Saelling in his auto bound for Paisley. These gentlemen recognize the merits of good roads so chose to come by way of Valley Falls and the northside of the Chewaucan valley.

The main irrigating canal to be supplied from the Hotchkiss dam is about 1/2 completed and the remainder of the work is being diligently pushed

New Pine Creek

Mr. Bert Rusk, and Ed Ashton accompanied by Mr. Henckel from Golconda, Nev., have just returned to the New Pine Creek camp. Mr. Rusk and Ashton were here all of last

summer and the fact that these gentlemen have returned to Pine Creek spells the whole story as to their opinion of the future of the Home mining district.

We will soon have a public road through to Goose Lake. Dad Reryford has a man cutting willows and will soon build a fence. The supervisors of both Lake and Modoc Counties will be asked to help put the Road through as it will be on the state line between Lake and Modoc county and there will be quite an expense cutting out willows and gravel will have to be hauled.

Mrs. C. K. Williams came down from the mines last Tuesday returning on same day.

FRIENDS:

We are the oldest Real Estate firm in Southern Oregon, and until this season, we have not attempted to locate a single party on Government land. "GOOD" land subject to homesteading is scarce, but we can now locate a few on the cream of now vacant lands in Lake County.

We also have a big list of farms, unimproved lands and town property for sale.

Very truly yours,
J. W. MAXWELL & SON.

Smiles and Squalls

Cook's friends have indeed a hundred thousand dollars to go to Etch for his "Good" and instruments. Every day after hurry over to Denmark with his records.

Police Capt-in Conboy, of San Francisco, whose fighter who while in a drunken fit of rage shot and killed an innocent young man, has been sentenced to seven years in San Quentin.

A Kansas man married a woman a year ago because she was a good conversationalist. Now he is seeking a divorce for the same reason.

The fact that a Portland girl wrote her name and address on an apple wrapper and got a husband thereby will hereafter increase the list of eligible for preparing the toothsome fruit. It might be some girl will catch a duke or prince or something like that in this way.

I R has withstood the terrible African Jangles, and the angry students of Egypt, but can he successfully withstand the terrible assaults of the militant suffragettes when he gets home?

Taft got hissed by the angry suffragettes. Such an act might have been expected from a vile male man but how unpardonable such action is coming from the gentle talkative sex!

Jay Bowerman, erstwhile big gun, and an ardent "assembly" denier, got his the other day in an indirect way to his own town election. He must be a real Jay. And other jays of like ilk and caliber may take warning from the fate of this handsome jay, and don't fool too strongly with the "assembly" gun, as it might kick backwards!

Now the economist asset that consumption is increasing faster than production, and that is the cause of high prices. Well if so the remedy is to get back to the land, and try to help swell production of eatables. But, again, if wages do not keep pace with prices, who is going to buy the product?

Normal Schools

The Normal School question is fairly before the voters by the Initiative Bill for Monmouth framed by her Alumni. This separates it wholly from politics, and gives the voters a fair chance to express their choice. Schools are a necessity—we must educate the boys and girls—and we must have teachers; the Normal School is the place to train and prepare these. Vote, Yes for Monmouth.
