### DOINGS IN THE NORTH END

(Silver Lake Leader)

Mrs. J. D. Clark and Mrs. J. L. Smith of Summer Lake were up this week with friends.

A. A. Martin commenced work on his new blacksmith shop the first of the week with C. S. Reid head carpenter. The building will be 24 x 32. I. J. Straw, of Klamath Falls, and Abner Weed, of Dunsmuir, Cal., are now here buying cattle. We understand they bought E. K. Henderson's entire band.

Warren Duncan and son Less, have taken the contract to haul 30,000 pounds of wool for C. E. Hoy of Klamath Falls. They left on their first trip yesterday.

A crew of thirteen men arrived in Silver Lake and begun to shear all the sheep that is to be shorn in this vicinity.

The first legal papers in the Ft. Rock Silver Lake district was served on the Clerk of this district the latter part of the week.

I. L. Hale has again started work on the artesian well at Christmas Lake. We understand that everything is now in shape to sink the well deeper and that the work will be kept up unremittingly until artesian water is struck, if it can be struck at all.

The many friends of Vada Bouham will be pleased to learn that under the care of Dr. Thom she is rapidly improving, being now so she can sit up all day. Unless unforeseen complications arise it will not be long until Miss Bouham will be entirely well.

### Valley Falls Items

A band of 4000 yearling ewes and weathers belonging to Manuel Saunders passed through here a few days back, bound for the summer range. They looked to be in prime condition.

S. P. Dicks, of Crooked Creek, was a visitor at this place and Abert Lake last Tuesday.

Frank Paxton, of Lakeview and Abert Lake passed through here last Wednesday.

Miss Mabel Hotchkiss, who has been visiting with her brother, returned to her home last Monday.

H. A. Utley and W. Simmons, of this place, made a trip to Lakeview last week. From there Mr. Utley went to Adel and Plush on business connected with his position as Deputy Game Warden.

Evan Hartin, of Lakeview, spent a few days with Mr. and Mrs. Stone at their ranch last week.

Creed Pendleton and crew passed through here recently bound for the north end of Abert Lake. Mr. Pendleton is going to work the roads from that point south.

The mud hole on the County road north of the H. L. Chandler ranch was the cause of three teams becoming stalled. This should have immediate attention.

During the past ten days another road petition has been in circulation calling for a route practically the same as was brought up at the meeting of the last County Court and which was dismissed.

### Big Booster Resigns

Tom Richardson, for the last six

years publicity manager of the Portland Commercial Club and secretary of the Oregon Development League, has announced his intention of retiring from the dual position, June 30. A desire to give more time to his private enterprises, coupled with a stronger desire to "rest up," are the reasons assigned by Mr. Richardson for his action.

### Mexican Centennial

Preparations are being made in Mexico for the celebration of the 100th anniversary of the founding of the republic, which comes in September. Many public buildings and monuments will be dedicated, and there will be picturesque parades and historical pageants in all the important places. The big celebration will be in Mexico City. There one of the events will be the opening of the new university of Mexico, to which the United States and Europe have been invited.

"It cured me," or "It saved the life of my child," are the expressions you hear every day about Chamberlain's Colic, Cholera and Diarrhoea Remedy. This is true the world over where this valuable remedy has been introduced. No other medicine in use for diarrhoea or bowel complaints has received such general approval. The secret of the success of Chamberlain's Colic, Cholera and Diarrhoea Remedy is that it cures. Sold by All Good Druggists.

A careful canvass of the country is being made by friends of ex-Gov. Folk of Missouri to see what support he is likely to have if he seeks the presidential nomination in 1912. It is claimed that Utah, Nebraska, Oregon and California, in addition to his own state of Missouri, may be counted as Folk states at the outset.

If you are not satisfied after using according to directions two-thirds of a bottle of Chamberlain's Stomach and Liver Tablets you can have your money back. The tablets cleanse and invigorate the stomach, improve the digestion, regulate the bowels. Give them a trial and get well. Sold by All Good Druggists.

Cedarville Record: During the past two weeks several of our farmers have been cutting and putting up their hay. This is earlier than for years, if ever, for this part of the country, and hay generally will commence earlier this year than usual, and the crops bid fair to be large.

Lame shoulder is almost invariably caused by rheumatism of the muscles and yields quickly to the free application of Chamberlain's Liniment. This liniment is not only prompt and effective, but in no way disagreeable to use. Sold by All Good Druggists.

Portland has now the biggest bank in the Pacific Northwest. The First National of that city has lately increased its capital stock from \$500,000 to \$1,000,000. The stock has all been subscribed and paid for and gives the bank a combined stock and surplus of \$2,500,000, the biggest in this corner of the United States.

Chamberlain's Cough Remedy is sold on a guarantee that if you are not satisfied after using two-thirds of a bottle according to directions, your money will be refunded. It is up to you to try. Sold by All Good Druggists.

### A YIELD OF 67 BUSHELS OF WHEAT PER ACRE

at the Nebraska Station at North Platte, Nebraska, is causing everybody that hears of it to TURN AROUND and ask HOW? A 50-bushel yield is not unusual, and there is no reason in the world why you cannot learn HOW. Practically all these bumper crops have been produced with only a few inches of rain during the growing season, so you will never "fear a drought" when you know HOW.

U. S. Government, Department of Commerce and Labor Bulletin, Dec. 11, 1909 says: "Campbell's epoch making efforts in behalf of dry farming in connection with the introduction of Durum wheat, promises to turn the semi arid regions, covering millions of square miles, into one of the most prosperous sections in the world."

Mr. Campbell operates a line of Demonstration Farms from Texas to Canada and publishes his methods and results in the Scientific Farmer. Watch 1910!
