LAKE COUNTY ABSTRACT CO.

Incorporated.

A Complete Record

We have made an entire transcript of all Records in Lake County which in any way, affect Real Property in the county. We have a complete Record of every Mortgage and transfer ever made in Lake County, and ever Deed given.

Errors Found in Titles

In transcribing the records we have found numerous mortgages recorded in the Deed record and indexed; and many deeds are recorded in the Mortgage record and other books. Hundreds of mortgages and deeds are not indexed at all, and most difficult to trace up from the records.

We have notations of all these Errors.

Others cannot find them. We have put hundreds of dollars hunting up these errors, and we can fully guarantee our work.

A Winner.

"Don't you think it is a terrible thing for a young girl like that to spend all of her time playing bridge?"
 "Well, I don't know. She almost always wins."

Not For Her.

"No, indeed. I wouldn't go ter de theater."
 "Why not?"
 "A gemman frien' done tol' me dat play was one er de kin' 'ud make yeh hair curl, an' I has trouble sufficient dat way now."

Not Guilty.

"Confound you, sir! What do you mean by jamming your umbrella in my eye?"
 "Don't get excited, my friend. This ain't my umbrella. I borrowed it."

Too Late.

The Lady—Susan, please be careful of that new dinner set. I value it very highly.
 Susan—Indeed O! will, ma'am, only O! wish you'd told me two days ago.

DOINGS IN THE NORTH END

(Silver Lake Leader)

Walter Kitteridge is again home after spending several months at Ashland.

Large catches of trout are being made in Silver Creek, many of them weighing from 2½ to 3 pounds.

S. B. Wescott is erecting a new residence on his farm on the site where his house formerly stood that was burned down about a year ago.

John Fotser, of Summer Lake, accompanied by his mother passed through here one day last week on their way to the Willamette Valley to visit with old friends and relatives.

A grizzly bear was seen in the mountains southeast of here last week by some Indians. As soon as the news reached here several hunters started out. They reported sighting him, but it was only a fright as the bear is still at large wearing a whole skin.

BORN—On Tuesday, June 2nd, Mrs. Aldin Wright and Mrs. Jewel Corum presented their husbands with nice baby boys. Mr. Wright and Mr. Corum are now daddies for the first time and the importance of the honor thrust upon them swells them up with pride.

The Forest Rangers have been for some time gathering different kinds of grasses of the range as well as different kinds of poisonous plants and will send all to the Forestry Department at Washington for classification.

A hot game of base ball was played on the ground at this place Sunday by Gus Schroders colts and the Fort Rock Farmers, Stan Martin being in the umpires box. We say it was a hot game, or at least the Farmers were hot on account of having to race around the diamond so often, the score being, 8 for the Colts and 24 for the Farmers.

"It cured me," or "It saved the life of my child," are the expressions you hear every day about Chamberlain's Colic, Cholera and Diarrhoea Remedy. This is true the world over where this valuable remedy has been introduced. No other medicine in use for diarrhoea or bowel complaints has received such general approval. The secret of the success of Chamberlain's Colic, Cholera and Diarrhoea Remedy is that it cures. Sold by All Good Druggists.

A YIELD OF 67 BUSHELS OF WHEAT PER ACRE

at the Nebraska Station at North Platte, Nebraska, is causing everybody that hears of it to TURN AROUND and ask HOW? A 50-bushel yield is not unusual, and there is no reason in the world why you cannot learn HOW. Practically all these bumper crops have been produced with only a few inches of rain during the growing season, so you will never "fear a drought" when you know HOW.

U. S. Government, Department of Commerce and Labor Bulletin, Dec. 11, 1909 says: "Campbell's epoch making efforts in behalf of dry farming in connection with the introduction of Durum wheat, promises to turn the semi arid regions, covering millions of square miles, into one of the most prosperous sections in the world."

Mr. Campbell operates a line of Demonstration Farms from Texas to Canada and publishes his methods and results in the Scientific Farmer. Watch 1910!

No matter where you farm—in Virginia, Minnesota, Texas, Washington or Alberta, with irrigation or without, you cannot afford to live without knowing HOW. The vital principles are clearly explained and followed in CAMPBELL'S SCIENTIFIC FARMER (the only publication on tillage). A monthly, \$1.00 a year. Clubbed with our paper at the single price of our paper, even on renewals.
