A Complete Record

We have made an entire transcript of all Records in Lake County which in any way, affect Real Property in the county. We have a complete Record of every Mortgage and transfer ever male in Lake County, and ever Deed given.

Errors Found in Titles

In transcribing the records we have found numerous mortgages recorded in the Deed record and indexed; and many deeds are recorded in the Mortgage record and other books. Hundreds of mortgages and deeds are not indexed at all, and most difficult to trace up from the records.

We have notations of all these Errors.

* Others cannot find them. We have put hundreds of dollars bunting up these errors, and we can fully guarantee our work.

Oil in Christmas Valley

Bend Bulletin : W. A. White, a substantial settler in the Christmus Lake Valley, 100 miles southeast of Bend, was in town last Thursday on his way to Shaniko He reports the discovery of oil in a well bored on the Cyrus homestead in Tp. 27 S., R 17 E. a life of my child." are the expres-Lake.

A well-driller named Hale was put-over where this valuable remedy has ting down an eight-inch hore for a been introduced. No other medinumber of settlers who expected to cine in use for diarrhoea or bowel find artesian water. At a depth of complaints has received such general 430 feet he struck petroleum and approval. The secret of the success of Chamberlains's Colic. Cholera and stopped work until he should receive Diarrhoes Remedy is that it cures. further instructions. The settler Sold by All Good Druggists. did not feel like riskng capital to organize for oil work in view of the fact that the land still belonged to the Government and they were unfamilar with the procedure of obtaining title to oil land. However the

father of the homesteader on whose claim the well was located guaranteed money for testing the well and the drilling is now proceeding. At a depth of 450 feet the oil indications are said to be very "strong the petroleum bubbling up through the water. Every bucketful of water taken from the well-and the water comes to the surface of the ground-is covered with a thick scum of oil. Salt water was encountered before the oil strutum was reached. Those interested in the entreprise expect to strike a

A YIELD OF 67 BUSHELS OF WHEAT PER ACRE

at the Nebraska Station at North Platte, Nebraska, is causing every-body that hears of it to TURN AROUND and ask HoW? A 50byshel 3 leld is not unusual, and their is no reason in the world why you cannot learn HOW. Practidally all these bumper crops have been sroduced with only a few inches of rain during the growing seasch, so you will never "fear a drouth" when you know HOW.

U. S. Government, Department of Commerce and Labor Bulletin, Dec 11, 1909, says: "Campbell's epoch making efferts in behalf of dry farming in connection with the introduction of Durum wheat, promses to turn the seud arid regions, covering millions of square miles, into one of the most srosperous sections in the world." Mr. Campbell operates a line of Demonstration Farms from Texas

to Canada and publishes his methods and results in the Scientific Farmer. Watch 1910 !

No matter where you farm—in Virginia, Minnesota, Texas, Wash-ington or Alderta, with irrigation or without, you cannot afford to live without knowing HOW. The vital principles are clearly ex-plained and followed in CAMPBELL'S SCIENTIFIC EARMER (the only publication on tillage). A monthly, \$1.00 a year. Clubbed with our paper at the single price of our paper, even on renewals.
