### Culinary Conceits.

Parmesan cheese sprinkled thickly over stewed tomatoes that are later browned in a baking dish gives them an added zest,

Just for a change try filling apples which have been cored ready for baking with orange marmaiade or raisins and a little butter and sugar. The result is delicious.

Hard boiled eggs, chopped and covered with a not too rich white sauce that is seasoned with curry, the eggs and dressing served in a ring of boiled rice, is an excellent dinner entree or

luncheon dish. A delicious salad may be prepared from cold duck. Mince the meat fine, adding a small quantity of stuffing to it. Season highly with salt and pepper, stir in a little minced celery and cover with mayonnaise or some similar dressing. Serve on a bed of lettuce

Most roofing guarantees are a joke.

Experience teaches the longer a roofing is guaranteed to last, the poorer it is.

Manufacturers inexperienced in making roofings-without knowledge as to their dependabilitywithout responsibility as to their own financial standing,

will very often guarantee their roofing for any number of years simply to get the order.

The roofing generally fails and so does the firm that makes it and they never live to make good their guarantee. Malthoid Roofing is made to make good

and while its manufacturers guarantee it, their guarantee is unnecessary because the roofing in itself is sufficient to do all that is claimed for it.

For twenty-six years, the makers of Malthoid Roofing have made and guaranteed their roofing and not one single purchaser can ever say that this Company has failed to make good a guarantee.

You can depend upon the responsibility of the makers of Malthoid Roofing, and you will never have to bother about guarantees if you use Malthoid Roofing.
