Death of J. T. Metzker

James T. Metzker died at his home in North Lakeview last Thursday, Sept. 8, 1910, aged 52 years 2 months and 3 days. He had been confined to his bed for several weeks with heart trouble, which developed into dropsical condition, when no doubt was the direct cause of his death. Mr. Metzker was born in Western Oregon, and came to this country about 22 years ago where he has since resided. The deceased leaves beside a widow to mourn his loss, four children: Mrs. Guste Longfellow, Clarence, Bertha, and John Metzker, all of this city. Funeral services were held Friday afternoon at 2 o'clock, Rev. H. Smith officiating. The funeral was conducted under the auspices of the I. O. O. F. Lodge of which he was a member.

As Like As Two Apples

It is true that the Kaiser and Col. Roosevelt have many traits in common. Both are vain; both have plenty of "goties"; each has touching ambition, and each has read about Napoleon's star until they are certain that when certain order of mind comes to the earth the stars are in accord with them, and that they have that order of mind neither for a moment doubts. When the Kaiser, the other day, permitted his tongue to run away with him, and in a public speech declared that when he received his crown, it was a divine gift, he had the same assurance that our Colonel has when he announces his policies. That the throne, hedged about with limitations, came to the Kaiser in regular succession does not matter to him; that all his so called policies have been in the thoughts of a hundred statesmen and in the hearts of millions of his countrymen, does not matter to the colonel. But that the Kaiser has a profound affection for fatherland, and that Roosevelt's love of country causes him to hold honor fortune and life itself at his country's call no one doubts. The only trouble is each wants to run things his way. The Kaiser would if he could abolish the Reichstag the colonel really cannot see any use of the Senate Representatives or even the Supreme Court so long as he is around to direct things. The Kaiser loves to mount a horse and put an army division through its manuevres the colonel loves to mount a horse and jump fences or chase coyotes. They are a most picturesque pair. If they had been born horses instead of men they neither of them would have gotten over their coltish capers even when both were spavined and had splints on both fore legs. And the world is not half done bearing from either of them. Wait until the Kaiser gets his fleet of fighting ships ready and Francis Joseph passes away; wait until 1912 comes around and the Republican party, distracted with internal intentions, needs a standard center; and something will be doing. Will not the Kaiser have to take a hand in order to secure the peace of Europe? Will not the colonel again, against his will, "be forced" to rush to the rescue?

DOINGS IN THE NORTH END (Silver Lake Leader)

We understand that quite a large acreage will be soon this fall in the Christmas Lake and Fort Rock sections. School will open here on Monday, Sept. 6 the directors having engaged Prof. Albert Legersed, of Seattle as principal. U. W. Marvin who has been gathering an exhibit from Northern Lake for the Hill people will pack it and send it to Portland the first of next week. An immense amount of building is now going on in the Fort Rock and Christmas Lake sections, new houses dotting the plains everywhere. It keeps both our saw mills going to supply the demand for lumber. Some may be inclined to laugh at us when we say in time the cut put from the valley of Silver Lake will be two million of bushels of grain yearly. Laugh at us if you want to now but you who are here ten years hence will then say our prediction were true. It is the intention of the Odd Fellows of this place as soon as the hall is finished, which will be before a first of November to set a date to dedicate the same under the impressive ceremonies of that order. They will make the day of dedication a gala day, and in the evening there will be an entertainment of some kind, after which those who indulge in dancing will have an opportunity of doing so. Invitations in due time to be present will be sent out to all the surrounding lodges and brotherhood as well as everyone else to be present and make the day one long to be remembered in this part of Lake county. As soon as final arrangements are made so they will know just what the days and evening program will be, we will publish it. In the meantime let one and all get ready to come and the Odd Fellows will show you how to enjoy yourselves.

Have You Protected Your Family? Why should a man value his horse or barn, more than His Wife and Children? The Union Central Life Insurance Company of Cincinnati came into existence at a time, 43 years ago, when life insurance presented many unsolved problems, and when, as compared with the present time, the territory in which it began to operate was undeveloped. It successfully solved each problem as it presented itself and had more than kept pace with the gigantic strides of the great Middle West. Of all the companies writing ordinary life insurance exclusively the Union Central as to amount of insurance, assets and premium income is ranked by only seven companies, all of them older than the Union Central by from 8 to over 40 years. It now has \$284,906,828 insurance in force, assets aggregating \$74,523,966 and an annual premium income of \$10,202,904. Its total income last year was \$14,554,375. It paid its policy-holders \$5,691,056 and after meeting all expenses saved \$6,201,713 out of its income for the year. The company in its investment department may be said to stand without a peer. It is the one company which in the panic of 1907 did not have to mark off anything from the value of its securities. Eighty per cent. of its assets is invested in mortgage loans well secured on property worth nearly four times the amount of the loans, and nearly 18 per cent. in loans on policies. J. C. Bigelow, Resident Agent, Lakeview, Oregon. We do not deery any Standard Fire Insurance Co., but call attention to the Company just entering Lakeview, that ranks with the very best, if it is not the best of all Fire Insurance Companies. "The Union Assurance Society Limited of London" Older than this County is old—Founded in the year 1714. It is a matter of congratulation to have this Company establish an agency in our community. J. C. Bigelow, Resident Agent, Lakeview, Oregon.

The North American Accident Insurance Company Covers every accident, and any disease or sickness, and pays \$50 each week of total disability, besides surgeon's and physician's bills. Perfect Protection Against Loss of Income. J. C. BIGELOW, RESIDENT AGENT, LAKEVIEW, OREGON

Walters Addition Walters Addition has been one of the most gratifying pieces of property we have ever handled, it seems to have met the popular demand of new comers, old residents, and even speculative out-of-town investors. Every day or so we are called upon for prices, terms, etc., as relating to the various priced lots. A number of persons have realized that it is cheaper to build than rent. Our Building and Loan Company has helped those that otherwise would now be paying rents. Outside of the gradual slope of the land which insures first class sanitation, the streets are wide and well graded. The principal factor in many selections is the immediate proximity of this addition to the heart of the business district THREE SHORT BLOCKS from center of town. This is of vital importance to both builder and investor, close to work, close to schools, and in a few short years parts of this addition will be business property.
