

N. C. O. TO REACH LAKE THIS FALL

Hansen Contract About Completed

SIX MILES MORE TO LAKE

Tracks Are Now Ten Miles Out From Alturas to Cedarville Station

J. F. Hansen, of the Hansen Construction Co., contractors on the N. C. O. railroad extension to Goose Lake Valley, was in town this week. To an Examiner representative Mr. Hansen stated that he had practically finished a team work on his contract, but that the rock work would not be completed for perhaps a month.

At present the rails are laid to a point nearly 10 miles out from Alturas where will be located the Cedarville station. However, it is thought there will be no change in the handling of the freight and passenger business until the road is completed to the lake, inasmuch as numerous buildings will be required to properly handle the immense business originating in this section.

RAILROAD RUMORS ARE SURE PLENTY

S. P. Lets Contract For 100 Miles

Will Reach All Towns Having Any Railroad Aspirations Whatever

Sacramento, Sept. 23.—Contracts have been let for a railroad between Forley and Lassen, in the northeastern part of the state, which railroad will eventually be extended to Lakeview and Klamath Falls.

Erickson and Peterson have secured the contract for the 100 miles of railroad. The same contractors are now building a large section of the Southern Pacific cutoff in Placer county. Over other roads yet to be built it will reach the Sacramento Valley at Chico or Vina, and will reach Klamath Falls, Alturas, Modoc county and Lakeview. Surveys for all these routes have been made and companies have been incorporated.

Crescent, Or., Sept. 20.—Railroad activity in the vicinity of Crescent has been renewed by the arrival here of a large surveying party under command of Engineer Drumm of the Southern Pacific. The party expects to be in the field until the snow flies, changing the line running between Lakes Odell and Crescent. The party, which has been at work between Hazeldehl and the summit of the mountains will shortly have the line revised up to the point where it joins on with the revision now in progress under Drumm.

Work on the location of the line of the Oregon Trunk from the North edge of the Klamath Indian reservation to Odessa has been completed

and, it is understood, the crews of Engineers Milligan and Kyle are now on their way northward. A change of about five feet in the grade through the canyon between Williamson river and the Agency has been made, to take the tracks above high water mark. It is said the Southern Pacific survey which parallels the Oregon Trunk line through the canyon, will also be raised five feet.

Shows Great Improvement

Frank O. Bunting returned Saturday from a trip through the north end of the county. To an Examiner representative he expressed himself as greatly surprised at the wonderful improvement of that section of Lake County during the past several years. He met a most excellent class of people on his trip among whom were numerous professional and business men who are carrying out homes in what is generally known as "the desert."

Mr. Bunting gave it as his opinion that the settlers now there are not commuters, but are there in good faith and to make it their home.

A. O. U. W. PEOPLE ARE GETTING BUSY

Will Hold Joint Meeting To-Night

Bro. J. B. Gentry, D. G. M., Tells of the Many Advantages of the Order

The A. O. U. W. and the Degree of Honor in Lakeview will hold a joint meeting this Thursday evening. J. B. Gentry, Deputy Grand Master of Oregon, is in the city in the interest of the A. O. U. W. and will address the meeting along the line of safe life insurance.

In regard to the order Mr. Gentry has furnished the Examiner with the following: The A. O. U. W. is the only beneficiary organization that gives a guaranteed policy which has a cash loan paid up and extended insurance value. Instead of its rates increasing with age the rates decrease on the level rate plan. The A. O. U. W. has more money in reserve per \$100 of insurance in force than any fraternal order doing business in America. Their table of rates are based on the American Table of Experience which is over one hundred year old and not on their own calculations.

Old Timer Here

L. K. Venator, a prominent stock man of Harney County, is visiting relatives in Lakeview. It is his first visit here in nine years and of course he sees many changes. However, he first came to Lakeview 40 years ago and hence was prepared for the change inasmuch as he is perfectly familiar with conditions here.

Mr. Venator is engaged in the stock business although he has practically closed out his cattle. This action was made necessary by the gradual encroachment of settlers who have thus put an end to free range heretofore enjoyed by stock.

Off for the Mountains

Ed Lake has decided to spend the next two years following his nose, as he states it. His health is not good and he is going to the mountains east of Plush, hoping to be benefited thereby. He has disposed of his interest in the feed store to his former partner, J. P. Duckworth, settled all his bills and will soon bid farewell to civilization. May his fondest hopes be realized is the wish of his numerous friends.

CANDIDATES ARE NAMED

Jay Bowerman Secures Republican Nomination For Governor

HAWLEY RENOMINATED FOR CONGRESSMAN

Anti-Assemblyites Nominate Lafferty In Second District, Also Kay, Crawford, Duniway and Chinnock on State Ticket, and Majority In Legislature

REPUBLICAN STATE TICKET

- Governor—Jay Bowerman Assembly.
Congressman First district—W. C. Hawley, Assembly.
Congressman Second District—A. W. Lafferty, Insurgent.
Judges Supreme Court four year term—H. J. Bean, Anti-assembly; T. A. McBride.
Judges Supreme Court Six year term—G. H. Burnett, Assembly; P. A. Moore.
Secretary of State—F. W. Benson, Assembly.
State Treasurer—Thomas B. Kay, Anti-Assembly.
Attorney General—A. M. Crawford, Anti-Assembly.
School Superintendent—L. R. Alderman, Assembly, No opposition.
State Printer—W. S. Duniway, Anti-Assembly.
Railroad Commissioner—Frank J. Miller, Assembly, No opposition.
State Engineer—John H. Lewis, Assembly, No opposition.
Water Superintendent, Division No. 1—J. T. Chinnock, Anti-Assembly.

REPUBLICAN COUNTY TICKET

- Circuit Judge, 12th Judicial District—Henry L. Benson.
Representative, 21st District—H. P. Belknap, W. Lair Thompson.
County Judge—Dick J. Wilcox.
Sheriff—W. B. Snider.
County Treasurer—F. O. Ahlstrom.
County Surveyor—S. A. Mushen.
County Coroner—Wm. Wallace.
County Commissioner—F. E. Anderson.

The result of the State Primary election is generally considered to have been a victory for the anti-assemblyites, although a number of assembly candidates were nominated and their nominee heads the ticket. In Multnomah county not a single assembly man was nominated on the legislative ticket.

Generally speaking, but little interest was taken in the county primary election last Saturday as is attested by the small vote cast, it being less than 60 per cent of the registration.

About the only surprise of the election was the vote cast for Dr. Daly for county judge on the Republican ticket in North and South Lakeview precincts. Although the doctor is a strong partisan and makes no claim to being a Chamberlin Democrat, yet he has a number of admirers in the Republican ranks and several of them got busy and had his name written on the ballot. The result was that outside of the two precincts last mentioned, which gave him 56 votes, the doctor secured 7 Republican votes as against 7 Democratic votes for Dick J. Wilcox, the Republican nominee. The only candidate not satisfied with the result of the primary election, so far as heard from, is F. O. Bunting, who

Board of Trade Meeting

The Lakeview Board of Trade will have a special meeting next Friday night, Sept. 30, to elect officers for the remainder of the term. Other matters of importance will come up for discussion and it is to be hoped that all membership will be present. W. H. Shirk, Pres. Geo. E. Morrill, Sec'y.

was defeated for the nomination for sheriff on the Republican ticket.

He is of the opinion that a third candidate was put in the field to defeat him for the nomination, and is therefore now circulating a petition to have his name on the ticket at the regular election as an independent candidate. The canvas of the county vote was completed last evening, and the totals are herewith appended. The vote by precincts will be published next week.

- For Governor—
W. C. Hawley, R. 210
B. F. Mulkey, R. 118
For Attorney General—
Albert Abraham, R. 70
Jay Bowerman, R. 154
Grant B. Dimick, R. 59
E. Hofer, R. 45
Jefferson Myers, D. 32
Oswald West, D. 63
For Secretary of State—
F. W. Benson, R. 255
G. Wingate, R. 77
Turner Oliver, D. 93
For State Treasurer—
Ralph W. Hoyt, R. 142
Thomas B. Kay, R. 168
For Justice Supreme Court, 4 year term—
Henry J. Bean, R. 262
Thomas A. McBride, R. 174
Wallace McGamant, R. 88
Woodson T. Slater, D. 90
For Justice Supreme Court, 6 year term—
Geo. H. Barnett, R. 247
Frank A. Moore, R. 225
Will R. King, D. 94
For Attorney General—
A. M. Crawford, R. 198
J. N. Hart, R. 93
For Supt. Public Instruction—
L. R. Alderman, R. 278
For State Printer—
Wm. J. Clark, R. 148
Willis S. Duniway, R. 150
James E. Godfrey, D. 69
J. Scott Taylor, D. 25
For Commissioner of Labor Statistics and Inspector of Factories and Workshops—
O. P. Huff, R. 149
G. M. Olson, R. 148
For Railroad Commissioner—
Frank J. Miller, R. 148
Hugh McLean, D. 50
Charles P. Straub, D. 36
For State Engineer—
John H. Lewis, R. 278
For Division Supt. of Water Division Number One—
James L. Chinnock, R. 285
Fred K. Gettins, R. 181
For District Judge—
Henry L. Benson, R. 201
George Nolan, D. 101
For Representative—
H. P. Belknap, R. 266
W. Lair Thompson, R. 302
For County Judge—
Dick J. Wilcox, R. 271
B. Daly, D. 68
For Sheriff—
Marion F. Barnes, R. 124
F. O. Bunting, R. 75
Warner B. Snider, R. 173
A. B. Schroeder, D. 60
For Clerk—
F. W. Payne, D. 94
For County Treasurer—
F. O. Ahlstrom, R. 315
For Surveyor—
S. A. Mushen, R. 28
For Coroner—
Wm. Wallace, D. 13
For Commissioner—
F. E. Anderson, R. 209
W. K. McCormick, R. 131
C. C. Harris, D. 13

Formely of Lake County

Rev. Chas. M. Smythe, who is not altogether unknown to fame in Lake County, has been gaining some notoriety in Washington. Under date of September 21 a Vancouver dispatch to the Portland Telegram says: Rev. Chas. M. Smythe, the Methodist minister, who was assaulted on the streets of Ridgefield by

Mrs. Marion Lane and her son by law, Rock Soden, last spring, was married by Judge McMaster the second time, because he was not divorced from his first wife in the East when he was joined to Miss Grace G. Converse, of Ridgefield, on June 7. Three years ago Smythe started divorce proceedings against his wife in the East, and although papers were gotten out no service was obtained. Smythe married Miss Converse, then his attention was directed to the fact that he was not divorced. After service was obtained on the wife in the East, and the divorce granted, Smythe came to Vancouver and was remarried. It is understood that he desires the case of assault and battery which he lodged against Rock Soden, dismissed, as he says that the defendant had been punished enough. Smythe has not been appointed to a church by the conference recently in session at Tacoma.

Boring for Artesian Water

L. P. Kilpep, who is sinking for artesian water on his place near Summer Lake, was in town this week. Although the casing for the well was ordered several months since it was not received until this week and therefore work on the well has been greatly retarded. However every thing is now in readiness and the work will be pushed as rapidly as possible. With reasonable success the well should be completed within 90 days at the most, and if a flow should be struck it will surely cause a boom in land value in that section of Lake County.

EXPERTS EXAMINE LAKE COUNTY SOIL

O. A. C. Men Seeking Information

Will Probably Report Their Findings Shortly in College Bulletin

C. E. Bradley, H. D. Scudder and E. J. Kraus soil experts from the Oregon Agricultural College at Corvallis made a trip through the county last week. They took samples of the soil in many sections of the valley and on their way down from the north end took numerous views of the country as well. The result of the examination will doubtless be made public through a college bulletin in the near future.

Skating Rink to Open

Lewis and Young will open the skating rink Saturday evening with a half hour's free skating to all who attend. Heretofore roller skating has proved a popular amusement and the coming season promises to be no exception. The new proprietors have the floor in good condition and with popular prices will doubtless do a good business. They will not permit any disorderly conduct or roudism. The rink will be open Tuesday, Thursday and Saturday evenings and Sunday afternoons.

Winter Mail Schedule

The winter schedule on the several mail routes centering at Lakeview goes into effect Saturday, but the only appreciable effect is on the Klamath Falls line. Commencing October 1 all mails will remain over night at Bly. The outgoing mail will leave in the morning, instead of in the evening as at present, while the incoming mails will arrive in the evening, 12 hours later than at present. The new schedule will probably be more satisfactory to the travelling public, as it avoids the night ride.

Back to the Farm

Surprise Valley Record: Rev. G. J. Wentzel arrived here last week from Lakeview where he has filled the pulpit of the M. E. Church for the past year. He will live on his ranch south of town and tackle Dame Nature's bosom with the magical horticultural wand during the next year, and take a vacation from the pulpit.

Prompt Settlement

Mrs. James Metzker has received through A. Beiber a warrant for \$2000; same being the amount of the policy held by her late husband in the A. O. U. W. Mr. Metzker died September 10th and the proof was forwarded and allowed by the Grand Lodge Board at their meeting on the 23rd of this month. There is no red tape about allowing claims in the A. O. U. W.

WITHDRAWN LAND TO BE RESTORED

Silver Lake Project Open to Entry

12,000 ACRES INCLUDED

Settlement May Be Made November 26th, and Entry December 25th

December 13, 1901, the Department of the Interior withdrew from all forms of disposal a large amount of land in the vicinity of Silver Lake for irrigation purposes. Since that time much of the land has been restored to settlement, and by an order made September 16 another lot of it will be subject to settlement November 26 and to entry December 25 next. The notice of restoration containing a complete description of the land is published elsewhere in this issue of the Examiner. One peculiar thing about this restoration is that indemnity school land selections are given equal privileges with the settlers. During the past several years numerous applications have been made for some of the lands, and it would therefore seem that at least a portion of the land is valuable. The only way in which a settler could win over an indemnity school selection would be to go upon the land immediately after 12 o'clock on the night of November 25 and make settlement. Then if the same land was included in an indemnity school selection the settler could bring contest on the ground that he settled upon the land previous to the filing of the school selection, as the latter cannot be made before 9 o'clock on the morning of November 26.

It should be understood that all of the land mentioned in the notice of restoration will not be subject to entry, inasmuch as some of the lands were entered prior to the withdrawal of Dec. 1, 1901, while others are in the Fremont forest.

APPLE EXHIBIT IS GROWING RAPIDLY

Board of Trade Gets Fine Specimens

Paisley Comes to The Front in Good Shape As Does Davis Creek

During the past week the Lakeview Board of Trade has received many samples of apples for the Great Northern exhibit train which is soon to be sent east. The first to come in were from the Briles orchard at Davis Creek. Mr. Briles sent in three varieties Winter Bananas, Blue Pearmain and Wolf River, 23 of the latter filling the regulation apple box and weighing 50 pounds. The Winter Bananas presented a handsome appearance with their pink skin and red cheeks. For the variety their size was immense, being much larger than the ordinary marketable apple of that variety. The Blue Pearmain also presented a fine appearance, being of large size, good shape and handsome color. One of the greatest surprises was a box of Sultanburg sent in by the White Hill Ranch, near Paisley, of which Dr. A. A. Witham is proprietor. The apples were fully up to the high standard of fruit produced in that section, and are without doubt the handsomest specimens of that favorite apple that were ever raised in any country.

Gen. Conant sent in from the same section a box containing twelve varieties, which were very fine, but the Examiner man failed to get a glimpse of them as they were boxed ready for shipment when he called at the Board of Trade rooms. Other sections have promised to send in samples for the exhibit, and Warner Valley will no doubt be well represented, as it is reported that the orchards over there have most excellent crop this year.

Notice to Taxpayers. The last half of the 1910 taxes will be due on or before the first Monday in October, 1910, and all taxes not paid by said date shall be deemed delinquent. ALBERT DENT, Sheriff.
