Terrific Storm

Silver Lake Leader: On Sunday evening one of the worst storms that ever visited this section held sway for a couple of hours and the frame work of the new Odd Fellows hall fell beneath its angry wrath. The frame work of the new hall was up and all day the new structure was visited by many, all of whom admired the supposedly solid structure and the beauty lent to the town. At about seven in the evening the dark clouds that had been gathering all afternoon belched forth vivid tongues of lightning followed closely by violent and continued claps of thunder, when one more violent than all the others made the earth tremble and the frame work of the Odd Fellows hall came down with a crash and the work of the past two weeks laid on the ground a mass of broken timbers.

Earl Monday morning F. F. White, the contractor, without a murmur spring his lips told his hands to go to cleaning up the debris and by evening the wreckage was in piles along side of the foundation which is conjured. On Tuesday morning steam were started to the mill and as we go to press the frame is again being put up and by the last of the week the frame will again be in place.

Taxes Soon Delinquent

Every person who has not paid his taxes should do so at once for there remains only five days in which to do so without being subject to the penalty provided by law. The time limit is up to October 3 and unless the taxes are settled for by that time there will be a penalty added to the tax which will have to be paid as well as that already due. Sheriff Dent is notifying every one he can that the taxes must be paid by that time or the penalty will be enforced as he does not wish anyone to be compelled to add the penalty to the amount of the tax already due. The final date of payment is the first Monday in October but in case the last half is not paid by that time the amount due will draw interest from the preceding April at the rate of 1 per cent a month. Besides this a penalty of 10 per cent is added which will make quite a burden in addition to the tax itself. Every one who is delinquent should see that their taxes are paid before October 3.
