County Assessor Foster Completes 1910 Roll

PER CAPITA IS \$4,000.00

Doctors and Dentists Make Poor Showing—Dogs More Valuable Than Hogs

County Assessor A. J. Foster has completed the 1910 tax roll, and the total sum of all the property of Lake County as found is \$7,944,335, which based on a population of 4000 averages almost \$2000 for each man woman and child. But the actual amount of money reported if divided up would not make much of a showing, as it would amount to a little less than \$10 each.

According to the assessment roll the cattle industry leads with 37,732 head valued at \$507,052, while there are 120,240 head of sheep worth \$397,740. Then follow horses and mules, dogs and swine in the order mentioned. Dental and surgical instruments are assessed at \$195, while automobiles are listed at \$6,080. However, it should be remembered that the assessment is made of property owned March 1, and at that time there were comparatively few of the troublesome things in the county.

A summary of the roll follows:

141,307 acres tillable land	\$1,927,535
659,794 acres non-tillable land	3,240,577
37,732 cattle	507,052
6,498 horses and mules	228,580
433 swine	2,192
120,240 sheep and goats	397,740
75 dogs	3,915
Merchandise	152,124
Town lots	377,030
Improvements on town lots	212,020
Improvements on deeded land	185,060
deeded	63,428
Farming implements, etc.	34,618
Tools and machinery	34,417
Household goods	33,950
Fixtures	9,130
Dental and surgical instruments	195
Automobiles	6,080
Money	58,275
Notes and accounts	186,339
900 shares of stock	301,208
Total value of all property	\$7,944,335

CITY ELECTION DRAWING NIGH

Possible That There Will Be Two Candidates For Mayoralty

As the time for holding the city election approaches the fever become the candidates. The position of councilman is not an enviable one, and the only person that has thus far announced that he would accept the position is Frank Hutchins. His name was mentioned in connection with the recordership, but he refused to become a candidate although agreeing to accept the position of councilman if elected. Wm. Wallace is being urged to accept the nomination for recorder, while J. B. Ant's numerous friends want him to stand for reelection. It begins to look as if there would be two candidates for the mayoralty. Geo. W. Johnson is being urged by many of his friends to make the race, and it is generally conceded that Harry Bailey will be up for reelection regardless of his wishes in the matter.

Thus far there seems to be no line-up of any particular interest, as there is no one apparently having an axe to grind.

It is noticed by the last issue of the Examiner that among the names mentioned for councilman. Owing to the fact that I will be absent the first three meetings next year and I believe North Lakeview is entitled to two councilmen at least, I decline all honors in that line.

J. N. WATSON.

Good News from Reynolds

B. Reynolds, who is now located at Ontario, writes that the railroad situation appears bright for the early building of the line across the state and to Lakeview. Under date of October 18 he states that during the previous 10 days over 50 Greeks passed through Ontario on their way down below Vale to work on the railroad. Continuing he says: "I understand that there will be more here soon that will be sent down in the Central part of the state to work on the survey, which passes through Lakeview. There being no town or country so prosperous as Lakeview, I am sure you will have a railroad soon as all indications at Ontario point that way."

Klamath Statistics

Hon. David S. Rose, Milwaukee's ex-mayor, spoke in Klamath Falls and presented the citizens of that town with the following figures:

"And your city of Klamath Falls has had her experience. The records of your police court show that you had a total of 290 arrests for drunkenness and drunk and disorderly in the last two years that your city was wet, while you have a total of 329 arrests, for the same cause in the first two years that your city has been dry, an increase of 69 prohibition drunks."

SEEK COMFORT IN GREAT UNKNOWN

Two Well Known People Become Tired of Life and Pass Away

The sad death of Lucy O., wife of A. N. Stanley, occurred last Friday caused by an over dose of carbolic acid taken with suicidal intent. The deceased was a most estimable woman and her rash act was no doubt committed while laboring under a temporary hallucination. She leaves several children and other relatives, besides her husband, to mourn her untimely death. She had long been a resident of Lake county and was held in high esteem by her many friends, being of a very industrious character and of a friendly disposition. The funeral occurred Saturday afternoon, the services being held in the Baptist church, and many friends following the remains to their last resting place. The bereaved relatives have the sympathy of all in their sad affliction.

Mrs. Lucy O. Stanley was born in 1860, crossing the plains and arriving in the Willamette valley with her parents five years later. In 1870 the family moved to Lake County where she was married June 2, 1879. Besides her husband she leaves four children, C. C., Alford N. Jr. and Miss Velva Stanley, and Mrs. Rita Collier; one brother, A. L. Good man, and two half brothers, E. C. and Wm. Turner, of Red Bluff two sisters Mrs. C. H. Pandleton and Mr. J. W. Harvey, of Lakeview and a half sister, Mrs. F. Kuners, of Adin, Cal.

The family extend their sincere thanks to the many kind friends who so kindly aided them in their sad affliction.

Frank Buhl, one of the old timers and well known about town and throughout this section of the state as well as in northern California, became tired of life last week and passed on to the great unknown last Friday. Sometime during the forenoon he severed an artery in one of his wrist, and when found life was extinct. His was a very bright mind, but the drug habit proved his undoing and the end was no doubt welcomed by him.

At the time of his death Mr. Buhl was in his 64th year. The funeral took place Monday, interment being in the Odd Fellows cemetery.

Walker-Anderson

Klamath Chronicle: County Clerk DeLap, the right hand man of little Dan Cupid, issued a marriage license Friday to Earl E. Walker and Miss Della Anderson. The groom to be is the son of the late County Commissioner Albert Walker and is a prosperous and well known young rancher and stockman of the Sprague river country, while the bride to be is one of the well known young ladies of the Bly region.

IN THE CIRCUIT COURT

Grand Jury Completed Work Yesterday and Was Discharged

M'CALL PLEADS GUILTY ON FIVE COUNTS

Louis Veysade Indicted For Murder In The First Degree, and Several Other Parties Indicted On Minor Charges

The present term of Circuit Court promises to be quite lengthy, and no one can tell when the end will be. The grand jury returned a number of indictments, and thus far but one case has been called for trial.

Hayes McCall, of Paisley, was indicted on three different counts for selling intoxicating liquors. On one count he was fined \$100 and sentenced to 15 days in the county jail. A sentence of \$500 and 30 days in jail on each of the other two counts was suspended during good behavior. He was also indicted for permitting gambling in his house, to which he also pleaded guilty, and was fined \$50 on each count.

Harry Riggs also plead guilty to an indictment for assault and battery and was fined \$50.

Pat Angland and Jack Murphy were indicted for maliciously injuring stock, and their trial is now in progress.

Indictments were returned against Louis Veysade for murder in the first degree for the killing of Jack Barry, and also against J. L. Cliff for larceny of some cattle.

R. B. Jackson, county school superintendent, was indicted for refusing to pay over public money at the time provided by statute. He paid the money into the county treasury after the time provided by law had expired, but such act apparently does not clear him in the eyes of the law. The defense in the Kuhl case is not ready for trial at present and is

fighting for delay, and should the case be postponed it is likely the Veysade case will be called next.

The Grand Jury completed their labors yesterday and were discharged.

Our Reputation

John Wall and James Kafader made a business trip to Lakeview this week. They report everything flourishing at that place and says Lakeview is the best town north of Reno. (The reason) Public spirit is there—public spirit for breakfast lunch, and dinner—public spirit for a neck-tie and shirt stud—public spirit always to the front and kept most vigorously alive and flowing through the recesses of business opportunities. When the crockers of Fort Bidwell get tired kicking at the Nugget for not being a better sheet, just let them stop and ramage through the cobwebs of their diseased attics and they will find that newspapers always reflects credit or discredit upon the people who make up the town in which it is located, the credit reflecting according to the amount of public spirit displayed.

Byron Graves and W. H. Massingill proved themselves heroes and worthy of a Carnegie medal on Thursday of last week when they stopped a team of frightened horses from dashing through the main window of Bailey & Massingill's store. Neither of the gentlemen would give a statement of the affair to the Examiner's representative, both being of a very modest disposition.

SITE CHOSEN FOR CATHOLIC CHURCH

St. Patrick's Will Be Located On Lot West of Odd Fellows Hall

The committee having in charge the selecting of a site for the new Catholic church have selected the lot immediately west of the Odd Fellows temple. It was owned by L. Wheeler and the consideration was \$2000. The lot has a frontage of 102 feet on center street and 90 feet on Dewey, and is perhaps the best location in town for the purpose.

Father O'Malley hopes to be able to put in the foundation this fall, although by the plans the work is rather large to be commenced at this time of year.

The new church will be christened St. Patrick's, and it is expected to be completed during next summer.

The Peach crop has been the largest in the history of the state. Grapes of the Rogue River Valley, the Willamette Valley, The Dalles and Eastern Oregon are excellent in quality and appearance, while the yield is large.

JUDGE H. L. BENSON SCOTCHES SNAKE

Attempt to Deceive Public is Sharply Nipped in the Bud

To the Editor: My attention has been called to an item in the Silver Lake Leader which seeks to convey the false impression that if elected to the office of Circuit Judge, I intend to resign in favor of some other attorney.

This rumor was first circulated in Klamath County, over a month ago but "died aborning," and now the malicious author of it has succeeded in deluding the editor of the Silver Lake paper in considering it worthy of publication.

My answer is, that when I accepted the unsought honor of the Republican nomination for Circuit Judge I did so in absolute good faith, with the intention of devoting my time, if life and health are spared me, to serving the people for the full term, without being influenced by political or other unworthy influences.

HENRY L. BENSON.

Mining Men in Town

John Brown and T. J. Cutler, both of whom are interested in the Hoag mines, were in town this week. Mr. Brown is superintendent of the Big Four group and expects to have their mill in operation in a few weeks. He has now some 5000 tons of low grade ore on the dump, and is still prosecuting the work in the shaft and drift, with favorable indications of striking a rich body of ore in the near future. Both gentlemen are sanguine that the Hoag district will prove a bonanza in the very near future, and that it will be of much benefit in the way of furnishing a market for everything that can be produced there.

Jim Partin Weds

Alturas Plaiddealer: On Saturday evening, Oct. 15th, at 5 o'clock James H. Partin and Georgia A. Case were united in marriage at the Baptist Parsonage by Rev. G. N. Gardner. It was a quiet but impressive wedding. The bride and groom were accompanied by Mr. and Mrs. H. Van Loan who acted as groomsmen and bridesmaid. The bride was attired in a gown of old rose silk while the groom wore the conventional suit of black. Mr. and Mrs. Partin are prominent and well known young people of Alturas and we join with their many friends in wishing them a long and happy married life.

Killed by Electric Shock

A peculiar accident happened last Friday night on the road near Tom Vernon's place, resulting in the death of two horses. A party of young people were on their way to New Pine Creek to attend a dance. Included in the party were the Misses Coffman, Miss Vernon, Steve Downs, and Harry Vernon. The horses shied at some object alongside the road and struck an electric wire post, knocking it down. The wires fell on the horses and the shock from the current killed both of them. Fortunately none of the young people were injured.

THE ETHIOPIANS ARE DUE NOV. 4

Pleasing Entertainment by Local People Announced For The Near Future

One week from tomorrow night the Ethiopians will hold the boards at Solder's opera house, and "Standing room only." is the sign that will likely greet the late comers. A very entertaining program is being prepared, and the dancing and singing promises to eclipse any thing of the kind heretofore attempted in Lakeview. Regular rehearsals are being held, and nothing is being left undone that will insure its success.

Thomas Creek Polls

To the voters in the Thomas Creek Precinct, Lake County, Oregon: The election polls will be held at the Herford House on the 8th of November at the general election.

ALBERT DENT, Sheriff.

BRILES' APPLES BECOME FAMOUS

Pearmain & Wolf Rivers Awarded First Prizes at Watsonville

The four prizes secured by apples from the Briles orchard, mention of which was made in the last issue of the Examiner, were for the best Pearmain and Queen of the South and for the second best Wolf Rivers and Winter Bananas. The apples were more or less bruised in shipment, otherwise Mr. Morrill, who was in charge of the exhibit, writes that he would have secured four prizes.

So pleased was the California Development Board with the display that they asked for the display for processing and to place on display with the California exhibit at Oakland, which request was granted by Mr. Morrill.

Farmers Are Plowing

The farmers are taking advantage of the recent rains and beginning to turn out with their plows to do their fall plowing. They report the ground being in excellent condition the big rain having thoroughly wet it down deep enough to make plowing the best they have seen it at this time of the year in Lake County for years.

The apple crop of Oregon for 1910 is estimated to be 1600 car loads or approximately 1,000,000 boxes. The value of the crop is \$2,000,000. Oregon has 93 per cent of a fall crop.
