# Books Authors

REDERIC S ISHAM, whose book "Half a Chance" has been so widely read, is an indefatigable traveler. He reports hav ing seen during his recent visit to Russia many articles in dicative of the ever growing activity in American exports.

At a small place near St. Petersburg be heard an American phonograph. At another rather out of the way town an official played merrily on an American typewriter to the tune of the complicated Russian alphabet. In Moscow shopkeepers galore ring up the kopecks on Yankee made cash registers.

To cap the climax of this appreciation for Uncle Sam's wares the author adds that in a certain Siberian town in a shop window-as jaunty as when she made her debut in Detroit, Mich .-"Hiawatha" looks down from the cover of a piece of music, while next to her stood "Mumblin' Mose," in philosophical contemplation of the strange and diversified multitude that floated by in this faraway land.

In his new book, "The Land of the

Lion," the Rev. W. S. Rainsford describes interestingly his hunting expeditions and also African conditions as they exist today In his chapter on "My First Lion" he

Dr. Rainsford's lion measured ten feet and five inches from the tip of the pose to the tip of the tail

William E. George in his new book The Junior Republic," tells much of Interest concerning the republic where the too hilarious youth is made a good cirizen. Very much apropos of a subject of public interest just now is the story he tells of

how the republic encountered the defirst election. The girls supposed they would have the matter of course and were indignant they could not. They declared they

as the boys and therefore ought to have the ballot, The question was discussed with the greatest interest, all the girls and instry of the logs favoring suffrage for them, but some of the boys opposed Finally one of their champions introfuced a full in their leg slature conferring the tailor upon the girls, and it was extraed enthusiastically by a two-

pold taxes the same

In a suggestive final chapter Mr. George expresses his conviction that boys of all sorts ought to have the opportunity of some such training in practical citizenship as the young people get no the Junior Republic.

### Compulsory Pall Bry Service Country's Hope.

By Lleutenant General ABNA U. CHAILL I. S A. Rettrest. HE HOPE OF THIS COUNTRY LIES IN A COMPULSORY MILITARY SERVICE WITH A PERMANENT SYSTEM OF DRAFTING YOUNG MEN INTO THE ARMY.

Fifty or sixty thousand young men should be drawn by lot every year for compulsory military service and the same number retired into a reserve until the reserve had FIVE HUNDRED THOU-SAND TRAINED MEN ready at any moment to be called to the

If ever we are to have an adequate army to defend this country, it must be by COMPULSORY MILITARY SERVICE. I will venture to say that an army of two hundred thousand could be maintained at what it now costs to maintain our army of seventy thousand. EVERY CITIZEN OWES IT AS A DUTY TO CONTRIBUTE THS MILITARY SERVICE. Compulsory service would bring the ming straight home to the hearts of the people. Your son would be with the colors and mine would be. It would RAISE OUR AP PRECIATION OF THE ARMY. We would get men of good quality. The result of compulsory service would be to wipe out this awful disgrace of from 7 to 10 per cent of descritions every year.

### Conditions of American Life Breed Insanity.

By Dr. LEO M. CRAFT5 of Minneapolis, Minn. ONDITIONS OF AMERICAN LIFE PROMOTE INSANITY.

Heredity, alcohol and a special group of diseases are also rapidly increasing the number of insane persons in proportion to the total population.

The insune percentage of Illinois as typical of this section in the past thirty years has INCREASED FOUR TIMES AS RAP-IDLY AS THE POPULATION. Other states and sections are no better off.

OTHER COUNTRIES ARE DEVELOPING INSANITY THROUGH AMERICAN HABITS. SINCE JAPAN ADOPTED WESTERN METH-ODS OF DOING THINGS THE PROPORTION OF INSANE PERSONS IN THAT EMPIRE HAS RAPIDLY INCREASED.

The negro is furnishing another example of a race INCAPABLE OF ADOPTION OF AMERICAN METHODS and environment without an increase in the same at a decrease crazy.
