THE EXAMINER IS THE OFFICIAL PAPER OF LAKE COUNTY

THE EXAMINER IS THE OFFICIAL PAPER OF LAKE COUNTY

OVER THE MILLION MARK

The Banks of Lake County Have
$1,033,849.88 of People's Money

RESOURCES NEARLY MILLION AND MALE

Wonderful Showing of Financial Institutions in

Wealthy Business of This Section of the State

With combined resources of nearly one and half millions
of dollars, the banks of Lake County certainly make a
most excellent showing. And not only that, but it is
evident from the great wealth of this section of the State
under existing conditions, for the total deposits aggregate
a million and nearly a half million dollars, and the
discount amount to the very respectable sum of $742,958.81, show-
ing that the business interests of the county are well cared
for by the several institutions.

Waste Tail Deer to be

Conservation and deer hunting are becoming

more complex each year, and the need for

Mule Deer Management Plans.

Effort Being Made to

Make Lake Beds a

Game Preserve

It is now proposed to make the

Lake beds game preserve for the purposes of

mule deer management. This is in accordance with the Eastern

Conservation Plan, which provides for protection of male
tail deer in the state. The plan is designed to

destroy the West. Of course the idea is to

make the beds a game preserve, but such

proposals will involve considerable expense

for the purchase of lands. The plan is

expected to be successful, and it is hoped

that the state will cooperate in this

undertaking.

CHAUTAUQUA CIRCLE
