THE DAIRY COW

The dairy cow does more than bring financial success to the dairy farmer. She makes him a better citizen than he would otherwise be. Her influence upon home conditions is a most pleasing contribution to those factors which are responsible for the changed conditions which prevail in the farm homes of today. Thousands of these homes are now characterized by comfort and happiness where formerly they were blighted by drudgery and unhappiness.

Better financial conditions have contributed to this change in still another way. The dairy cow teaches kindness. Her owner soon learns that only by treating her kindly can he secure the highest possible returns from her, and she responds quickly to kind words and proper care. Her disposition is one that the human family might well emulate. He is patient and long suffering, acquiescing meekly in the arrangement made by her owner for carrying on the dairy business, striving at all times to repay him for every effort made for her care and comfort. The members of the family as they come in contact with her and her kindly disposition are influenced for good. As they appreciate the financial benefit to come from caring for her well they take a deeper interest in her. In doing so they unconsciously cultivate those qualities which make them better citizens.

The dairy cow—the prototype of man's best friend—is wielding greater influence than she is generally credited with. She has always been found in the front ranks in the march of civilization and no agricultural country can long prosper without her. She is a potent factor in the upbuilding of such a country, financially and socially and a wise people will appreciate her and encourage the industry of which she is the foundation.

There seems to be a lot of pampered students or "mamma's boys" attending the State University at Eugene. After the football game at Corvallis on the 12th inst., in which a crushing defeat was administered O.A.C., there was a "rush" which resulted rather disastrously to the Eugene crowd. Instead of taking their medicine and considering it all in the same they put up a howl that would surely make a coyote ashamed of himself. Granting that all they say is true, why not be good losers?

Oregon's apple crop is gaining on the original estimates and the State Board of Horticulture places the 1910 yield at 1,500,000 boxes. Two great conventions of national interest are already scheduled for Portland next year. They are the gathering of the woolgrowers of the county next January and the session of the Christian Church there next July.

Myron H. Crippen, the aged father of Dr. Hawley H. Crippen, under sentence of death in London for the murder of his wife, Belle Elmore, died friendless and penniless. His death was due to the infirmities of old age, hastened by the tragic situation of his son.

New Jewelry Store

The new jewelry store, just established by Mr. A. Kaufmann in the room east of Hayes & Grob's market, opened for business on Wednesday of this week with a full line of goods such as stick pins, fobs, watches, etc., as well as many Xmas novelties. Mr. Kaufmann was formerly in this business in Denver, Colorado, and there is no doubt but that he will be successful here. He has had his place of business nicely fixed up and the goods well displayed.

WILL PROMOTE BEAUTY.

Women desiring beauty get wonderful help from Bucklen's Arnica Salve. It banishes pimples, skin eruptions, sores and boils. It glorifies the face, cures sore eyes, cracked lips, chapped hands. Best for burns, sores, fever sores, eczema, bruises and piles. 25¢. at A. L. Thornton's.

Thanksgiving Dinner at Hotel Lakeview, Thursday Nov. 24th.

Seeking a Match

"Kid" McLellan, a boxer of more or less fame, came over from Klamath Falls a few days since and is endeavoring to arrange a match with Hank Anderson who recently tested Tommy Winton at Plush. Should Anderson fail to come through an effort will be made to have a contest take place in Lakeview Christmas night with a man named Sullivan from Sacramento who is considered to rank equal with McLellan.

Fort Rock Items

Mrs. L. E. Penrose has returned from a month's stay with her daughter in Salem.

Mr. and Mrs. Wm. Chard, L. E. Cooley and L. C. Rich have gone to Portland to remain until after the holidays.

Mrs. L. N. Haines has been critically ill the past week with an attack of appendicitis.

The Fort Rock Literary and Debating Society will meet Friday night to discuss the question, Resolved that the right of suffrage should be extended to women. Another feature of the program will be a Parliamentary Drill conducted by Miss Meyers.

Owing to the stormy weather, the box social and dance given by the Amusement Club was not largely attended. Everyone had a good time however, and the boxes brought in about \$30. The members of the Club are busy this week cleaning and papering the hall for the Thanksgiving Masquerade and dance.

Under the supervision of O. F. Cady the roads in this neighborhood are being greatly improved. The new county road between Fort Rock and Silver Lake is completed.

Mr. and Mrs. Holsington from Roseburg are spending a few weeks with their daughter, Miss Alda Holsington.

J. Bonnick, with his two daughters Hazel and Vivian have returned from Rosland.

Mr. McCallen has just finished a fine ten room residence in the Fremont neighborhood.

The death of Mrs. Wm. Brady, following that of her eight months old son, has caused universal sorrow throughout the community. Mrs. Brady had recently returned with her three children from a visit to New York. The sudden change of climate brought on an attack of pleurisy, and this together with the baby's death, proved fatal. No funeral arrangements will be made until Dr. Brady arrives. He remained in New York intending to come back the first of the year.

Valley Falls Items

Born, November 9, to the wife of H. E. Curtis, a 10½-pound boy.

A. P. Wall passed through here recently on his way to the XL ranch at the north end of Abert Lake where he will stay this winter.

Mr. Vanderpool, of the Wagontire country, drove a bunch of cattle through here last week. He sold part of his stock and delivered them at Crooked Creek.

The McDermott Bros, accompanied by Chas. Bartling, were guests at the Valley Falls house last Monday.

Weather reports for the week ending November 12 show as follows: 8th 0.29 inches rain; 9th, trace; 11th, 6.28 inches rain; 12th 0.28 inches rain and 1 inch snow; 12th, 0.3 inches rain and 3½ inches snow.

The ZX outfit is busy gathering their stock. Their riders were through this end of the valley recently.

Ducks and geese are now plentiful, and we understand that it is no trouble to get a full bag in a short time.

The coyotes in this vicinity are very much scarcer than they have been, due largely to some having been caught in traps and the remainder having followed the sheep that passed through here onto the desert.

Mr. Whitney, postoffice inspector, paid our office a short visit recently. Mr. Whitney is also inspector of mail routes.

F. L. Young, of Paisley, who is interested with several of Portland's capitalists in opening up the soda deposits at Alkali Lake, will soon place the article upon the market.

DOINGS IN THE NORTH END

(Silver Lake Leader)

F. M. Chrisman is having quite a tract of land adjoining town surveyed and platted off in town lots.

Ralph Foster of Summer Lake has completed for himself a dandy house. It adds much to the appearance of his farm.

Ed Luddy and Cliff Hulck have opened up a short order restaurant in the building adjoining Jas. Wakefield's soft drink emporium.

Fred Foster passed through town the fore part of last week with the machinery for the new saw mill which he will put up somewhere on Summer Lake.

The lighting and heating apparatus for the new hall has arrived as well as the drop curtains and scenery, which will be put in place in about a month at which time it is earnestly hoped that the building will be completed.

Revised returns from all over the country indicate that the republican majority in the senate will be cut down from 26 to 19. The democrats on the face of the returns have gained eight seats. The senate will stand Republicans 51, Democrats 41.

The people of the three northern precincts are very grateful to the rest of the county for the magnificent vote given F. E. Anderson of Lake for commissioner. Two years from now the commissioner should be selected from the Warner country and then all portions of the county will be suitably represented.

Prize Awarded

In the contest for the pupil of the schools of Lake County making the finest selection of plant life found growing in the county, in which W. Roche Fick offered a prize to be awarded by a committee consisting of Judge Bernard Daly, Hon. Arthur W. Orton and Leslie Deager, the committee has made the award through the following letter:

"Mr. W. Roche Fick, Lakeview, Oregon.—Dear Sir: We, your committee appointed to examine and award the prize so kindly offered by you to the public school pupils of Lake County that should gather, classify and properly label the greatest number of plants found growing in Lake County, beg leave to report that we have carefully examined all collections of plants submitted to us and recommend that Miss Nora McCully be given the first prize in the sum of ten dollars for the best collection of plants submitted. We further compliment Miss McCully upon the splendid collection of plants gathered and also upon the neatness of the work and accuracy in naming the various plants submitted."

Mr. Fick also sent a letter to Miss McCully thanking her for the interest taken in the work and for her intelligent efforts in behalf of Lake County and the people therein. There is no doubt that the collection will be educational to every resident of the county that desires to view it at the office of Mr. Fick, who also desires to thank

the gentlemen of the committee for the splendid services that they have rendered in making the award.
