Lakeview, Oregon, Thursday, December 15, 1910

In the opinion of R. presentat ve elect Lafferty, Oregon is certain to get three Representatives in congress as a result of the census just announced. He also believes that the new apportionment bill will pass congress in time for the Oregon Legislature to act on the matter of redistricting the state at the session which meets at Salem next month.

Mr. Lafferty is quoted as saying that it is probable that the coming Legislature will create three separate districts. Many favor putting all of Eastern Oregon into one district, that is to say all the territory lying east of the summit of the Cascade Mountains. This would result in detaching Multnomah, Columbia and Clatsop counties from the present second district. It would also necessitate the cutting of Klamath and Lake counties off from the present first district and adding them to the Eastern Oregon district. Should this arrangement be followed Multnomah, Columbia and Clatsop would doubtless form one district while the present first district minus Klamath and Lake counties would form the other district. This would give the Eastern Oregon district a population of 142,889; the district composed of Multnomah, Columbia and Clatsop, 252,957, and the present first district 227,935.

W. H. Mason, well known in Lakeview, was the lowest bidder for the construction of the Lost River drainage canal in the Klamath Reclamation Project. His bid was \$63,307, against \$711,823 of Spokane firm and \$82,255 of a Wisconsin man. The canal will be 40 feet wide on the bottom and some seven miles in length. It must be completed by the end of 1911.

A dispatch from Washington states that the army board which was here last summer to inspect the Oregon projects has reported adversely on three small projects in this state. These are the Oregon slough projects, located near Portland, one on the north and east forks of the Coquille river and one on the Umpqua near Roseburg. This army board gave its opinion that the commercial advantages to be obtained from these were considered too small to warrant the expenditure of more money in carrying them to completion.

Estimates by the census bureau based on complete official returns from all except eight states place the population of the United States at 92,133,521. This estimate does not include Alaska or insular possessions. The population of the United States in 1890 was 62,221,250 and in 1900, 76,333,387. The increase in the past ten years was 15,912,271.

PETRIE'S CAREER

Concluded from first page.

Friday by Sheriff W. D. Sappington, on instructions from Sheriff A. Dent, of Lake county, where Petrie is wanted. Petrie, who is 25 years old and Alice Powell Kopp, one year his junior, were to have been married next Saturday, but the majesty of the law stepped in and upset their plans. Petrie was arrested but the woman, who had promised to be his wife believed her husband innocent and insisted upon marrying him.

"She went to W. E. Yates, an attorney of this city, who interceded for her, and deposited the money for a marriage license. She went to the County Jail Sunday, Monday, and Tuesday and asked that she be permitted to marry Bert Petrie, but her request was refused, until Sheriff Dent arrived today from Lake County. The license was granted this afternoon and escorted by Sheriffs Sappington and Dent, and witnessed by Deputies Johnson, Walters and Johnson. Sr., the bridal party climbed the steps to Judge McMaisters chambers, where the ceremony was performed.

"They both signed the necessary papers, Petrie kissed his wife good bye, and was led back to the steel cell. He will be taken to Lake county to-morrow."

Messrs. Beall, Bailey, Thornton, and Venster went north on a duck hunting trip on Sunday last, and returned with a few birds as evidence of their marksmanship.

MAJORITY REPORT CLEARS BALLINGER

Animosity Declared to Be Sole Motive for Attacks

Washington, December 7.—Vindicating Secretary of the Interior Ballinger upon all charges brought against him and condemning his accusers as having been inspired by a deep feeling of animosity built upon a supposed difference in policy respecting conservation, a majority of the Congressional Committee which investigated the so-called Ballinger-Pinchot case to-day submitted its report to Congress.

At the same time the independent reports of the Democratic members of the Committee and of Representative Madison of Kansas were submitted.

After stating that the evidence presented related to the main to charges of various kinds against Ballinger and that these came chiefly from two sources—L. R. Glavis and Gifford Pinchot—the majority announced the following conclusion: "The evidence has wholly failed to make out a case. Neither any fact proved nor all the facts put together, exhibit Mr. Ballinger as being anything but a competent and honorable gentleman, honestly and faithfully performing the duties of his high office with an eye single to the public interests."

A surprise party was given on Will Green by several of his friends at the home of his parents on Saturday evening last and an enjoyable time was had by all present. Will received several very pretty gifts, the presentation speech was made by Jerry Barry. Games were played until a late hour, when the guests left for home—tired but happy.

Lakeview Sets the Pace

Bidwell Nugget: Loyd Hickerson, who has been a resident of Lakeview, Oregon, for the past year, came over from that place last Wednesday and spent several days visiting with relatives and friends. Loyd says Bidwell has made some improvement since his departure but not as much as it should with the advantages that present themselves for improvement. And he is right—a little boost here and there instead of a knock would work wonders—such as can be seen in the little city Loyd is proud to call home. Fort Bidwell would be as good a town as Lakeview if the same pull together spirit was put into execution here as there is at Lakeview.

Got a Bargain

J. L. Worlow, of Merrill was in Lakeview Friday on business before the U. S. Land Office. He purchased an isolated tract of 2 1/2 acres adjoining his place, paying therefore \$12. The land is worth not less than \$40 per acre, and Mr. Worlow expected to have opposition to bidding for the land. However, his was the only bid, and it was knocked down to him. During his stay Mr. Worlow added his name to the constantly increasing number of Examiner readers.

Death of Mrs. E. A. Light

Col. F. P. Light yesterday received a telegram announcing the death of his brother's wife, Mrs. E. A. Light, of Carlotta, Calif. She was the mother of Mrs. Geo. D. Harrow. While she had been ailing for some time past her death was not entirely unexpected, yet it was none the less sad. They were former residents of Lake county and were well known among the old timers.

New R. R. Commissioner

Railroad Commissioner West has tendered his resignation. He has gone to California, and as Tom Kay, treasurer-elect accompanied him and the two are warm friends the politically wise think they see an arrangement between the two men for electing members of the appointive board and various state officers such as superintendents of the state prison and the asylum for the insane. Politicians are also satisfied now that Frank Benson, secretary of state-elect will not resign and many fond political aspirations are badly frost bitten.

Frank J. Miller, of Albany, railroad commissioner elect, has been made railroad commissioner in fact by appointment, to serve out the unexpired term of Commissioner West, who has resigned. The appointment of Miller was made by acting Governor Jay Bowerman and State Treasurer Steel.

The principal question to be considered will be the improvement of county roads and to take such action as is deemed proper to secure good roads. The club will aid in every way possible any effort made for the betterment of our highways and the county court will be fully seconded in its announced purpose of building permanent good roads in Lake County. It is requested that all members of the club who can possibly attend to do so.

Complete Organization

At a meeting of the Spanish American War Veterans which was held on Friday evening last, the society adopted the bylaws by which their proceedings will be governed in the future. They also decided to hold meetings on the first Monday in every month. Jesse Craven was initiated into the organization, and is now a full fledged member.

The society was mustered in here but a few weeks ago, and so far has proven of great benefit to the members in a social and business way.

Mrs. L. N. Haines and daughter, Esther, left for Portland last week. It is hoped the change will help Mrs. Haines' health.

Last Saturday the men met and cleared the cemetery grounds, preparatory to fencing them. The ladies served dinner at the school house.

The Fort Rock Literary and Debating Society now has a membership of nearly one hundred. Two weeks ago the question of woman suffrage was discussed. Last week a mock trial took the place of the debate. The

trial was ably conducted by Mr. Branson and Mr. Walker. The society is also making a careful study of "Robert's Rules of Order" and each night a drill in parliamentary law will be given.

Dr. Brady, with his niece and his children, left for New York Wednesday. His wife, who died recently, was also taken back for burial. The doctor and his wife will be greatly missed in Fort Rock.

West Side Items

Rev. Riley is making various changes on his ranch, which he bought of the O. V. L. Co. He is expecting his wife and son from San Angelo, Tex., shortly. He intends raising blooded sheep and Angora goats. Mr. Riley certainly is a rustler and the West Siders are glad to have men of his ability reside among them.

A petition for a free mail delivery is being solicited by Rev. Riley and B. W. Andrews. It is hoped the West Siders will be successful in securing a Rural Delivery which is badly needed.

Claude Woods and brother, B. W. Andrews and others, recent home-owners, are contemplating planting extensive orchards in the spring. They have great faith in the future of the West Side. Mr. Woodberry has suggested a name of Fruit Center for the proposed new townsite.

The many friends of Mrs. W. T. Crossler, of Cedarville, will regret to learn that she has been quite ill for the past few weeks. We hope to hear of her recovery in the near future.
