crop. It is said that stockmen and banking business will be inaugurated Believe Hill is Preparing sheepmen will find a surprise in the contents of the report. The report shows an enormous amount of work done by the Federal Government in the interests of the stock industry. In connection with the dispatch The Forest Service desires that all available range, be used, but the report expresses the opinion that range as other resources, should be so handled as to increase permanently. Along the line of policy advocated to make forest land grow beavier stands of timber, it is proposed to make the range support more stock. With this ides in view, plans have been outlined and experiments conducted in the interests of the stock industry, which are calculated to replenish the range with more nutrition and more
