## OREGON SHEEP ARE IN GOOD CONDITION

Scab Is Eradicated and Great Saving Results Therefrom

Salem, Or., Jan. 5.—Oregon sheep are practically free from scab, according to the reports of State Sheep Inspector W. H. Lytle and Secretary Herbert Boylen of the state board of sheep commissioners, which were filed with Acting Governor Jay Bowerman today. After four years of rigid sheep inspection the authorities have succeeded in eradicating scabies from flocks in Oregon which were seriously infected four years ago.

The report of Secretary Boylen gives the number of sheep in Oregon at this time at 2,411,914. It further sets forth that United States woolen mills reports give Oregon credit for 1,800,000 fleeces in 1909 and 2,000,000 in 1908 showing a gradual decrease. Secretary Boylen says that there has doubtless been a decrease, but as much Oregon wool is hauled by wagon to markets in other states, the government's report is misleading, but fairly accurate. The government's report for 1910 was not available when this report was prepared. In 1910 there was \$28,750,414 invested in the eastern part of the state and the remainder, or \$3,730,310, in Willamette valley and western Oregon.

Dr. W. H. Lytle says that sheep scab has ceased to be a menace to the industry in any part of the state and as a result great saving has resulted therefrom to sheep owners, especially in eastern Oregon. He says further that the value to this state of the eradication of this disease cannot be very well overestimated.

Both the reports of Secretary Boylen and Sheep Inspector Lytle close with the statement that \$12,000 annual appropriation is too much money and not near that sum is any longer required by the department. Dr. Lytle sets forth that the expenses of the office during the season when his work can only be done have not been more than \$50 per month, so he asks that his annual appropriation be cut down and the money expended in other places where it is needed more. So far as is known this is the only state department that ever was satisfied with the appropriation it gets from the legislature.

### Back From City

Don Murphy, the sheep man, has returned here after a two months' trip to San Francisco and other points. He reports that the weather in Frisco is ideal just now, but that everything in the line of business is rather dull. Much work is being done there towards paving and fixing up the streets, which is giving employment to many people.

While below he met several former residents of this section who were pleased to know of the many improvements being made here and the way in which the country in general is developing.

John Herden and Charlie Eccleson are making quite a few horse trades these days. Incidentally, they are acquiring all the stock possible as both look for the market prices on good horses to be away up this coming Spring and Summer.

## CUPID IS SURE BUSY HEREBOUTS

Many Couples Joined in Wedlock During The Past Week

On Monday evening of this week, Dr. Daly, in his capacity as Justice of the Peace, united two couples in marriage, and sent them on their way rejoicing.

The first ceremony was that of Walter Rea and Miss Mamie McCulley. Mr. Rea is employed as a plumber by John B. Auten, the hardware dealer; while Miss McCulley has been "at home" since leaving school. The next couple to be united were Nicholas Barry and Miss Eolus Loftus. Mr. Barry is connected with his father in the sheep business; while his bride is well known here.

Both couples are well and favorably known about town and their many friends as well as the Examiner take this opportunity of extending many good wishes for their future success and happiness.

Orrin L. Dunbar and Miss Laura Bolton, both well known young people of this place, were married at 5 o'clock on Sunday morning by Rev. Melville T. Wire, of the Methodist Church. They left immediately after on the stage for Portland, where they will spend their honeymoon.

Mr. Dunbar is manager of the dry goods department of the Lakeview Mercantile Company, while Miss Bolton has been acting as clerk in the Postoffice for some time past.

The Examiner takes great pleasure in extending to both Mr. and Mrs. Dunbar its very best wishes for their future success and happiness.

Word has been received here to the effect that Tim Drislane, a former sheep man of this section, had been married in San Francisco to Miss Delia O'Brien. The marriage was solemnized at St. Joseph's church. Mr. Drislane left here about six weeks ago on a vacation trip, and the news of his marriage at this time was a surprise to his many friends here. He has accepted a fine position with a lumber firm in San Francisco and will locate there permanently. The Examiner extends to both Mr. and Mrs. Drislane its very best wishes for their future success and happiness.

Ashland Record: Miss Essie Moore, daughter of Hon. and Mrs. W. J. Moore and Mark Hamaker of Klamath Falls, were united in marriage at the home of the bride's parents Wednesday evening, Dec. 28, Rev. H. J. Van Fossen officiating. The affair was a quiet one, only the immediate relatives being present. The bride was attended by her twin sister, Miss Beatrice Moore, while Harold Patterson was best man. The newly wedded couple are spending a few days with her parents, after which they will go to Klamath Falls, where the groom is engaged in business.

The bride is well known in Lakeview, and her many friends there extend heartfelt congratulations.

Tomorrow evening the Rebekah and Subordinate Lodges, I. O. O. F., will hold a joint installation, followed by a banquet. All members are cordially invited.

## COUNTY COURT HOLDS BUSY SESSION; NAME SUPERVISORS

Very Flattering Report Made By Experts Who Examined Financial Condition of County for Past Two Years

The County Court has had an unusually busy session during the past week and a very large amount of business has been transacted. Many bills have been disposed of, each being closely scrutinized, and in addition the usual work attending the first session of the year kept the members of the court on edge for several days. Judge Daly and Commissioners Rebert and Anderson have expressed themselves as emphatically favoring better roads in Lake county, and there is every reason to believe that they will make good.

During the past several months the County Court has made a very exhaustive examination of the several county offices, and on completion of the work appointed H. A. Brattain, H. M. Fleming and V. L. Snelling a committee to verify the work. Their report follows:

In the matter of the examination of the County Records; The Committee heretofore appointed to examine the County Records and verify the accuracy of the Bi-monthly, Bi-yearly and other examinations of the same made by the County Court, having filed its report with the County Clerk:

It is hereby ordered that the report of said Committee be spread upon the Records of the County Court and published for the information of the people of Lake County To The Honorable County Court of Lake County, Oregon.

Gentlemen: We, your committee appointed to examine and verify the books of the various County Officers from July 1st, 1908, to December 31st, 1910, both dates inclusive, find as follows:

In the County Clerk's office we find that during the period mentioned, F. W. Payne, received in fees, etc., \$15,068 07 and paid to the Treasurer \$15,068 07 In the Sheriff's office we find that Albert Dent, during his term of office, received from all sources, the sum of \$134,004 45 All of which has been paid to the Treasurer, as per receipts on file \$134,004 45 In the County Treasurer's office we find that F. O. Ahlstrom, Treasurer, including the balance on hand, per report June 30th, 1908, received \$262,926 88 and paid out, as per vouchers on file \$238,563 41

Leaving a balance on hand of \$24,363 47 Which sum is distributed and kept in the following funds, to-wit:

In the General Fund.....	\$14,649 17
In the Road Fund.....	5,991 67
In the General School Fund	1,872 31
In the Library Fund.....	9 43
In the State Treasurer's Fund.....	17 05
In the Institute Fund.....	246 50
In Fund for School District No. 7.....	3 03
In Fund for School District No. 18.....	300 00
In Fund for School District No. 2.....	2 62
In Fund for School District No. 4.....	105 92
In Fund for School District No. 11 and 23.....	571 43
In Fund for School District No. 12.....	18 03
In Fund for School District No. 11.....	32 31
In Fund for School District No. 13.....	101 80
In Fund for School District No. 20.....	1 13
In Fund for School District No. 21.....	3 85
In Fund for School District No. 5.....	8 17
In Fund for School District No. 19.....	3 90
In Fund for School District No. 23.....	17 63
In Fund for School District No. 24.....	159 66
In Fund for School District No. 25.....	120 37
In Excise Fund.....	139 49
Total.....	\$24,363 47

We also find that the books of the different officers are kept in a neat, clear and orderly manner, during the two and a half years we have examined, and we heartily commend the system of regular bi-monthly examination and checking adopted by the County Court of all the County Officers' books, during each regular session of the County Commissioners.

The financial showing, as indicated by the above report, speaks for itself and we believe the people of Lake

County are to be congratulated upon the business-like manner in which the county affairs are being conducted, and that the thanks of Lake County's taxpayers are due the County Court for their economical and business management of the County affairs.

We would respectfully recommend to the County Court that examinations, such as has just been made by this committee, be had each year, instead of being had at indefinite periods, as heretofore.

Respectfully submitted,  
H. A. BRATTAIN,  
H. M. FLEMING,  
V. L. SNELLING,  
Committee.

In addition to the regular tax levy of 10 mills, special levies have been made in several school districts. The total levy in Lakeview will be 12 mills, 1 1/2 mills special school tax and 3 1/2 mills city tax. Residents of Lakeview do not have to pay a road tax, otherwise the levy would be 14 mills. Other school districts levying a special tax are Nos. 3, 6, 20 and 22, and the tax 1, 4, 2, and 20 mills respectively. A special tax of 1 mill each in districts 2 and 9 and of half a mill each in 19 and 25 was levied in compliance with the law requiring a special tax in such districts where the amount received from other sources does not amount to \$370.

The County Court appointed the following named persons as supervisors in the several road districts of the county, with the distinct understanding that they are to assist in every way possible the betterment of the roads in Lake County and judging from the character of the men selected the County Court will not be disappointed:

Silver Lake—C. D. Buick.  
Summer Lake—J. B. Blair.  
Paisley—B. W. Farrow.  
Crooked Creek—A. M. Hardisty.  
North Warner—Frank Roggers.  
South Warner—C. B. Parker.  
Drews Valley—Walter Howard.  
Goose Lake—Gill Arthur.  
Coxswell Creek—George Down.  
Lake—L. F. Long.  
Fort Rock—H. C. Carmack.  
Dr. E. V. Hall was appointed County Physician, his bid for furnishing supplies and medical attendance being \$5 18 per month, which was the lowest submitted.

## STEEL CONTRACT LET

Continued from first page

pleted, when the track will all be widened at once. When Mr. Dunaway was asked on which side of Goose Lake the road would be built, he said: "I knew, but I won't tell you. All the rights of way have not yet been secured. I know this, that the telegraph and telephone line will be extended as far as Lakeview as soon as it is given out which side of the lake the road will run."

"We will not wait for spring, but expect to have the construction under full swing within sixty days by which time the steel will begin to arrive. The road will be about 500 miles in length and will open up a tremendously productive region, with Reno as the objective point for shipment. The strategic position occupied by the road cannot be underestimated."

When Mr. Dunaway was asked whether Jim Hill or anybody else had bought the road, he replied most emphatically:

"Neither Mr. Hill nor anybody else has bought the road and neither him nor anybody else has made a bid for it nor had it offered to him. While it would be silly to say that the line differs from any other commercial property in that it is not for sale, nobody has yet evidenced any greater desire to possess it than the present owners."

### Still On The Job

Klamath Herald: R. M. Richardson, familiarly known as "Dick," was appointed court reporter this morning by the newly-elected circuit judge Henry L. Benson, it being the judge's first official act. Dick has been court reporter for four years, serving both under Judge Benson and Judge Noland, and has filled the responsible position with credit to himself and the satisfaction of all parties concerned. The term for which he has just been appointed will be for four years, and his district covers Klamath and Lake counties.

MILLINERY ART GOODS

YOU NEED THIS STORE--so does every woman who is careful with her money

We've studied what women like to wear, and ought to wear; it's impossible for you to go wrong here in any matter of taste.
