

YOUR NEW SPRING SUIT FOR EASTER

??? You cannot tell
Can you tell—

off-hand just what it is that imparts to dress that much desired element called style. You recognize it when you see it, and you often wonder why it is that a suit made by one tailor has so much more snap and tone about it than the same style of suit made by another tailor.

It isn't the quality of the goods alone. It isn't in the mere following of the outlines of a figure on a fashion plate, but you will find it in the suits and overcoats which are made to measure by The Royal Tailors of Chicago and New York.

Let us take your measure today and if the garment is not in every way to your liking we don't want you to accept them. That's fair, isn't it?

Nearly 500 Smart Spring Styles to show you—\$18.00 and up

A Great Record

Figures compiled by the railroads show that during 1910 not a single passenger was killed on the Union Pacific, Southern Pacific or Southern Railway in Mexico, a total of 17,800 miles.

During that period there was carried on these lines an aggregate of 49,491,000 passengers, or, in other words, 3,000,000 passengers were carried one mile.

This is the result of the electric clock signals and other safety devices, and is believed to have no parallel in the railroad world.

50-Word Letter Rate

The new "day letter" rate applies to Lakeview and now a 50 word letter can be telegraphed to San Francisco for \$1.25, with an extra cost of 10 cents for each additional 10 words, and other points in proportion. This rate is in conjunction with that adopted by the Western Union and which went into effect on the first inst. It keeps one guessing just what this change of rates means, for while it is under a new name, yet it virtually acts as a big reduction in the old rates, or else you get considerably more for your money. Probably the letter named would be more nearly correct, for while a 10 word message to San Francisco costs 50 cents, the 50 word letter costs \$1.25. Therefore, for a time we will endeavor to condense our messages to 10 words.

Baggage Unclaimed

There are quite a few packages of unclaimed baggage remaining at the office of the Consolidated Stage Co. in Lakeview. Unless it is called for shortly an "old horse" sale will take place, when it will afford an opportunity for good guesses to get a bargain. Following is a list of the baggage, together with the name appearing on the same:

- Trunk, Della Wilson.
- Trunk, Chas. C. Campbell.
- Suitcase, Fred Thompson.
- Bundle, J. R. Weldon.
- Box, F. Fine.
- Telescope, Vernon Redifer.
- Telescope, G. Haldorf.
- Telescope, no name.
- Two boxes, no name.
- Trunk, Arthur Holmes.
- Trunk, Pearl Fish.
- Telescope, E. E. Elsworth.

Valley Falls News

We are sorry to hear of a rather serious accident to the daughter of Mr. and Mrs. Tom Mulkey. A hot water bottle broke and scattered its contents over the child and severely scalded it. We do not know just how serious the burns were, but we trust that they were minor ones and that the young one may soon recover.

Granville Hardisty accompanied by Mr. Yount passed through here en route to the desert, where Mr. Hardisty is going to do some more trapping for coyotes and cats.

C. W. E. Jennings of this place made a visit to Lakeview last week on business matters.

Messrs. Bonnell, Wilson, MacVeigh, and Trotter, travelling salesmen, were callers at the store of the Valley Falls Mercantile Co., during the past week.

Miss Peris Curtis went to Lakeview last week for a short visit and recreation.

Manuel Sanders and Willard Duncan passed through here on their way to the XL Ranch at the other end of Lakeview, where they were going to look after their stock interests.

Reports received from H. C. Goff, our congenial neighbor, who went home last December for a visit, say that the weather in Nebraska is ideal at the present time.

Weather report for February from the station at this point is as follows: 24.75 in. (5.00 in. 11.75 in. 23.00 in. 24.00 in. 25.22 in. 25.15 in. trace on 5, 12, 17, 18, and 19. Total, 3.92 in.; total snowfall, 10 1/2 in. Clear days, 19; partly cloudy, 19; prevailing direction of wind, south.

The Fandango

Surprise Valley Record. Superintendent Ward informs us that he has a 5 per cent grade surveyed over the Fandango Pass, and will commence construction of the same in the near future. This road will be a great convenience to the people of this valley, as when produce goes over the pass and lumber and other stuff hauled in over it. We believe that we cannot get to many good roads in Surprise valley. We have the best soil and climate to be found, and should not hedge it about with bad roads.

SOCIAL DOINGS AT NORTHERN LAKE

Life Of Homesteaders to Be Reproduced on Stage by Local Talent

Mrs. Wm. Graham and youngest son left last week to spend a few weeks in Pendleton.

Mrs. Noel and Mr. Fladley have both moved their houses onto higher ground to avoid the high water.

The stages are having hard trips owing to the thawing of the roads, and the mails are very irregular.

There are several cases of tonsillitis in the neighborhood. L. B. Charles, Raymond Giles and Luellen Mills are still quite sick.

The last meeting of the Literary Society was devoted to the study of Washington, Lincoln and Longfellow, whose birthday anniversaries occur in February. The roll call was answered by quotations from them, and interesting papers were read bearing on the different phases of their life and work. The next meeting will be a general discussion on dry farming led by Mr. A. F. Cady.

Miss Irvine has completed arrangements for a play to be given in the near future. The play was written by Mr. Lang and Miss Irvine and deals with the experiences of the homesteader in Central Oregon. It is cleverly written and contains many humorous situations that will be appreciated by the homesteader. The object of the play is to raise money for a library. A large number of magazines and several books have been already donated by those who were leaving Port Rock and Miss Irvine hopes to get money to buy others.

In spite of the cold weather Port Rock was well represented at the dedication of the Oddfellows Hall in Silver Lake February 17th.

The dance given by the Amusement Club, March 3rd, was one of the most successful of the season. It was a farewell dance for a good many who intend to leave Port Rock soon.

February 25th the ladies served supper in the hall, for the benefit of the Cemetery Association. About \$30 was taken in.

A brother of L. B. Charles from Kansas has taken charge of the Silver Lake Leader.

W. F. Paine yesterday morning left on a visit to Southern California, expecting to include business with pleasure. He will be absent probably six weeks, and may extend his trip to the middle western states.

N.-C.-O. LINKED WITH S. P.

Continued from first page

in "close communion" with it, and that it would indicate that possibly the improvements planned by the Harriman people will materialize much more quickly than was generally hoped for in this neck of the woods.

By thus allying itself at this time with the great Southern Pacific system it certainly leads one to believe that there is a colored peyson in the wood receptacle belonging to these big railroad outfits. And more especially is this true since the announcement has been made that the N. C. O. is to be extended to Lakeview during the present year. Whether such promises will prove true or not is, of course, not known at present, but the outlook for a railroad at an early date is certainly very encouraging.

The Hog Industry

Believing that Central Oregon offers unusual inducements to the hog raiser, the traffic department of the maritime lines will make special efforts to aid the farmers in that region in the development of the industry. Special literature on the subject will be issued and distributed to interest the men on the soil in the production of more hogs. The book has been compiled by D. O. Lively, manager of the Portland Union Stockyards, and a practical livestock man. It will be distributed widely throughout the state and particularly in the interior.

A FIERCE NIGHT ALARM

Is the hoarse, startling cough of a child, suddenly attacked by croup. Often it awoke Lewis Chamblin of Manchester, O., R. R. No. 2, for their four children were greatly subject to croup. Sometimes in severe attacks," he wrote, "we were afraid they would die, but since we proved what a certain remedy Dr. King's New Discovery is, we have no fear. We rely on it for croup and for coughs, colds or any throat or lung trouble." So do thousands of others. So may you Asthma, Hay Fever, Latrippe, Whooping Cough, Hemorrhages fly before it. 50c and \$1.00. Trial bottle free. Sold by A. L. Thornton.

EVERY ONE BUSY AT DAVIS CREEK

Engineer to Make Permanent Survey for N.-C.-O. Now There

J. W. Oliver, an N. C. O. engineer, has returned from Boulder, Colorado, where he has been visiting for a month. He will start work on location of the railroad as soon as the weather will permit.

Mrs. Harry Barker is sick at her home at Joseph Creek stage station.

Fred Baker, an Indian who has caused the police and officers both in Lakeview and Alturas a lot of trouble, broke jail in Alturas Friday night and made his get away. He was overtaken here Saturday afternoon by Deputy Sheriffs Smith and Frawley and taken back to Alturas.

John Davis is in from the West Side and reports his sheep doing well. He expects to turn them out in a few days.

E. W. Garren and Thos. Poindexter have gone to Lakeview after some cattle the former purchased up there.

There will be a dance on March 17th. Music by the Finch orchestra of Alturas.

Mr. and Mrs. Sidney Henderson of Alturas have been visiting here the past week.

The "Chinook" wind is causing the snow to disappear very fast.

The Southern stage is going on wagons now.

The Davis Creek Orchards Co. has been constructing a telephone line down to the dam.

Chas. Watkins is expected some this week from Colusa, Cal., where he has been for the past month.

Vincent Robbins has moved from the John Briles ranch to the Sullivan ranch.

J. J. Preshar has taken charge of the John Briles ranch. Thos. Briles is manager of the ranch.

J. J. Preshar has gone to Reno for a short stay.

Gullimus & Anderson have just received a supply of new blacksmith tools and are now prepared to do all kinds of blacksmithing.

Doc Bery is down from New Pine Creek looking after his interests here.

Srs. G. W. Crowder entertained the Needle Club on Thursday afternoon.

Berle Gullimus made a business trip to Alturas Saturday.

Albert Emery, the genial electric light man, was down on Sunday. We have had fine lights all winter and beginning March 1st Mr. Emery runs the plant from 5:30 P. M. until 7:30 A. M.

HERYFORDS NEW HOME

Continued from first page

the masonry work, while H. O. Kuhl did the painting and finishing. It is understood that the entire cost of construction was close to \$10,000.

While the building may not be so pretentious as some that cost much less, yet it has that attractive home like effect that is so desirable when one is building a structure for his own use. And especially is this true of the interior, for once inside one can not help having that good old comfortable feeling that "this is indeed home."

Mr. and Mrs. Heryford came to Lake county during the Indian wars of the early 70's and suffered many hardships and privations incident to pioneer life in a new country. They formerly lived near Millville in Shasta county, Cal., where Mr. Heryford's father and several brothers are still living. During their residence in Lake county they have seen many changes and have been prominently identified with many of them. With the advent of the O. V. L. Co. they disposed of their large land and stock holdings, and have now settled down to enjoy a well earned rest surrounded by a family of grown children and hosts of near and dear friends and acquaintances.

May Mr. and Mrs. Heryford enjoy to the utmost the comforts of their new home for many, many years is not only the wish of the Examiner but the feeling expressed by the hearts of a very large circle of friends not only throughout Lake County but the whole Pacific Coast, for their names are legion.

ATTACKS SCHOOL PRINCIPAL

A severe attack on school principal, Chas. B. Allen, of Sylvania, Ga., is thus told by him. "For more than three years," he writes, "I suffered indescribable torture from rheumatism, liver and stomach trouble and diseased kidneys. All remedies failed till I used Electric Bitters, but four bottles of this wonderful remedy cured me completely." Such results are common. Thousands bless them for curing stomach trouble, female complaints, kidney disorders, biliousness, and for new health and vigor. Try them. Only 50c at A. L. Thornton's.
