GOOD ROADS CONVENTION

The question of good roads is the all absorbing topic discussed by the people since the call for a good roads convention was published last week by the Examiner. The call was most opportune, inasmuch as weather conditions have been ideal and every owner of an auto has been out with his machine and hence knows from personal experience what a blessing good roads would be. And not only the auto owner but the freighter, farmer, stage contractor and every one who has occasion to travel is thoroughly imbued with the idea that good roads at this time of year are all important.

The Lakeview Board of Trade and Silver Lake Commercial Club have already taken official action by the appointment of various committees to take part in the movement, while the automobile club is also busy in promoting the cause for good roads improvement, so that from all indications, the Good Roads Convention will be the best attended public meeting ever held in Lake County.

The Examiner would very much like to see every part of Lake County well represented at the convention to be held one week from next Tuesday, and would, therefore, suggest that each road district send a strong delegation of representative men to the convention so that the requirements for good roads to every part of the county may be properly presented to the convention.

And now a charge of bribery is being investigated in connection with the granting of at least one liquor license at Klamath Falls. That place is sure gaining notoriety.

Both houses of the California legislature on March 17th passed a teacher's pension bill. It pays \$300 a year to pedagogues who have served for thirty years and sums in proportion to teachers' disabilities after thirty years' employment.

The people of Cottage Grove have started the movement to take the referendum on the big appropriation for the state university. This is to weak vengeance on Eugene for its fight against the creation of Noemith county of which Cottage Grove was to be the county seat.

Senator Chamberlain has notified the various Commercial clubs that Colonel Roosevelt's itinerary has been arranged as follows: Leave Reno at midnight, Monday, April 3, arrive at Oakland, Tuesday, April 4. Leaving there he will arrive at Ashland on the morning of the 5th, and at Portland in the afternoon of the same day. He will leave Portland for Tacoma at midnight, April 5th.

Governor West has appointed four members of the General Staff who, with the three members already in office, will make up the staff. The new appointees are: Mayor O. C. Hammond, Fourth Infantry of Eugene; Colonel Samuel White, of Portland; Judge Advocate General; Captain Hiram U. Welch, Battery A, Field Artillery, and Captain Lorain C. Bowman, Third Infantry. The old members of the staff are: Brigadier-General W. E. Finzer, Adjutant-General; Colonel James Jackson and Colonel George O. Yorae.

The Secretary of State has completed the apportionment among the counties of the state of the 25 per cent forest reserve receipts. The state has a total forest area of 16,331,892 acres, and the total amount apportioned is \$39,035,87, making an apportionment per acre of \$0.0024293. The amount going to Lake county is \$2,890.25, her forest area being 1,232,240 acres. Grant county receives the largest amount, \$4,295.60, with Crook second, \$4,056.71. Lane third, \$3,089.18 and Willows fourth, \$3,297.09. Benton county receives the least, \$9.32, while no forest lands are in Clatsop, Columbia, Gilliam, Sherman or Wheeler counties.

New American records for prices for beef on the hoof were established at Portland at the cattle show of the Pacific Northwest Livestock association marking the last day of the exhibit with a feature that will enable it to stand out from any other show ever held in the United States.

The grand champions owned by McKinnon & Chandler of LaGrande,

Or., were bought by the Union Meat company at \$9.35 per hundred pounds. They consisted of a carload of 16 two-year old Herefords. Their total weight was 20,580 pounds and the average 1286 pounds. The previous record was made at Denver last year, when the figures of \$8.40 per hundred were recast, and this record was broken twice that morning.

The Secretary of Agriculture has approved a revised form of the grazing regulations which govern the National Forest ranges. In the opinion of the Department officers, the most important departures from the old regulations are found, first, in the fact that provision is made for recognition of a permanent National advisory board representing the sheep and cattle interests, which will confer annually with the Secretary of Agriculture concerning grazing matters; and secondly, in the laying down of a rule that on Forests where the quality of range and advantages for raising cattle and sheep are equal, the year long rate for sheep after the season of 1911 will be thirty per cent of the year long rate for cattle.

Granting that everything that is said by the Alturas papers concerning the N. C. O. is true, does it make Alturas and the surrounding country a more desirable place to live in? Does such continual harping make the country more attractive to prospective settlers and homeseekers? In fact, does it in any way whatever better conditions? On the other hand does it not still further embitter the alleged "game of grafters" and also give everyone an unfavorable impression of a community that is at the mercy of such an outfit as described? Practically all of the business of this section is transacted through the same channels as that of Alturas, and while the service may not be entirely satisfactory, yet we manage to get along comfortably well, thank you. Occasionally it is said that one's life is imaginary, but be that as it may our greatest troubles are those we do not have. Such being the case the newspaper fraternity of our neighboring town is sure to direct distress.

A very peculiar condition exists in Klamath Falls and Ashland where an attempt to submit certain ordinances to a vote of the people is opposed by the alleged good government leagues or organizations of a similar nature. At the former place the ordinance to be considered is the water and light franchise, while in the latter it is a question of Sunday-closing of theaters. And what is still more peculiar is the fact that the water and light people are making every effort to have the ordinance passed on by the people, as is the case with the proprietors of the theaters. To have a good government league consider itself superior to the people is somewhat unusual, and the outcome is being watched with much interest. And in this connection it might be added that the recall is being put upon two councilmen at Klamath Falls, one for voting for the water and light ordinance and on the other for not voting at all, the latter considering it proper to submit the ordinance direct to the people. The fight promises to be highly entertaining.

Mr. S. C. Bartram, of Roseburg, Oregon, is a candidate for the office of State Forester, created by the last legislature of Oregon. This office was created in response to a general demand for some systematic protection of the greatest natural source of wealth in the state. A large amount of money, \$60,000, was appropriated to make the act effective. If good is to be accomplished, if the people's money is to be wisely expended, the man in charge of the work must be something more than a theorist. He must be educated in the theory of forest growth and preservation, and in addition thereto must be a practical woodsman, who is familiar with Western conditions. Mr. Bartram has these qualifications. He has devoted his life to practical forestry his work has been in Oregon, he is necessarily familiar with conditions here; we believe he can do the state more good than any theorist who may be imported from the eastern states. The State Board of Forestry can make no mistake in appointing Mr. Bartram State Forester.

LOCAL CAPITAL AND INCOME TAX

At Least Eight Local Corporations Hit

MULCTED TO TUNE OF \$1500

All Profits in Excess of \$5,000 Annually Subject to Taxation Under New Law

At least ten corporations will be affected by the income tax law which was President Taft's pet measure and which was recently declared constitutional by the Supreme Court of the United States. Among those liable to pay a tax under the new law are the following:

- Bank of Lakeview.
- First National Bank.
- Lake County Land and Livestock Co.
- Warner Valley Stock Co.
- Bailey & Massingill.
- Chewacuan Mercantile Co.
- Lakeview Mercantile Co.
- Lakeview Land and Lumber Co.
- Warner Valley Mercantile Co.
- Chewacuan Land and Cattle Company.

The tax is imposed upon corporations having a net income in excess of \$5000, the tax of 1 per cent being levied on the excess over that amount. It is estimated that the corporations operating in this county will contribute nearly \$1500 to the maintenance of the Government under the new law.

Davis Creek Items

The snow is gone and spring is here with every body busy.

Dr. J. T. O'Conner and family have returned to Davis Creek from Alturas.

A number of the local men were transacting business in Alturas the past week, among them being Chas. Watkins, Frank Fisher, Albert Mulkey and Robt. Wier.

Geo. S. Oliver, Chief Engineer of the N. C. O., made a business trip to Joseph Creek on Wednesday.

Tom Saggis, Contractor on the N. C. O. was to Davis Creek Thursday and reports work progressing nicely. He expects to finish the rock work in the Canyon within a month. He has a large force of men working now.

The Davis Creek Orchards Co. have been doing some work on their dam for several days.

The N. C. O. survey party have moved to Chas. Easton's place and are reobing the location work.

A stock company has been organized and bought a billiard and pool table. The boys are busy now during their leisure moments.

Jas. Clark is reehingling the McKinney house, occupied by G. S. Oliver as an office.

Mrs. A. R. Berry entertained the sewing club on Thursday afternoon.

A GOOD POSITION

Can be had by ambitious young men and ladies in the field of "Wireless" or Railroad telegraphy. Since the 8-hour law became effective, and since the Wireless companies are establishing stations through out the country there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chance of advancement. The National Telegraph Institute of Portland, Ore., operates six official institutes in America, under the supervision of R. K. and Wireless officials and places all graduates into positions. It will pay you to write them for full details.
