PUSH CLUB GETS BUSY

things would do away with the membership fee and exact only regular dues from the members of the club. The Board of Trade hopes by this chance in the monetary cost of the membership to secure the hearty cooperation and enthusiastic assistance of every male resident of Lakeview and vicinity as well as all the prominent men of every section of the county. In the aggregate if all would visit in this work with a view to advertising our county and putting its advantages before the people of the Eastern and Middle Western states who are now looking to the West for a new location a great deal of good could be done.

At last Friday's meeting may be taken as an index of this summer's work the Board of Trade will accomplish more in the months to come than it has in the past.

DOINGS IN NORTHERN LAKE

(Silver Lake Leader)

J. H. Bunham reports that his daughter, Miss Nevada, who is in a Portland hospital, suffered a relapse a few days ago, but is now improving rapidly and it is hoped, convalescent.

L. P. Kilgus of Summer Lake who is boring for artesian water, is now down to a depth of 300 feet. It is reported on good authority that natural gas has been encountered sufficient to burn when a tin can with a nail hole in the bottom is inverted over the well and a match applied.

The young son of R. E. Ward met with rather a peculiar accident last Thursday. While playing ball on the school grounds at recess his right arm was broken between the elbow and shoulder as a result of throwing the ball. Dr. Thom reduced the fracture and the little fellow is getting along as comfortably as a strenuous boy usually does with one arm in a sling.

Dr. A. J. Sheffield, who arrived in Lakeview recently to look over the country, is so well pleased with the situation that he has about decided to locate at some point in Goose Lake Valley. The doctor is an experienced nurseryman, and yesterday he went down to Davis Creek to ascertain what opportunity the Davis Creek Orchard Co. offered for a nursery.

Hobnobbing With Teddy

The following program of exercises at Stanford University on the occasion of ex-President Roosevelt's visit on the 21st inst. will be of much interest to many readers of the Examiner, inasmuch as a Lakeview boy is the only one to be mentioned in connection with the honored guest:

 2. Cornet solo, Polka, "The Premier", Llewellyn
 3. Excerpts from "Il Trovatore", Verdi
 4. "American Patrol", Meacherin

ter of Lake County, answered the last roll call last week, his funeral taking place Thursday. At the time of his death the colonel was in his 88th year.

Mrs. H. E. Barker, of Joseph Creek, who was dangerously ill a few weeks since, is now able to be up and around again and is rapidly improving in health.

Thos. S. Farrell, the attorney, who has been quite seriously ill during the past two weeks, is greatly improved and expects to be up again in a day or so.

Dan Cremins, John Murphy, Jerry O'Connor and John Denaby arrived during the week from Ireland. The voyage from Queenstown to Lakeview took 17 days, due to bad weather all along the line.

Alex Davis, a well known stockman of Klamath Marsh, has been in town several days during the past week. His stock has wintered well, although many of his Indian neighbors have lost quite heavily.

J. C. Dodson a few days since returned from a business trip to Portland. He reports the beef market good there, although the prices being paid there would not justify present prices in this section.

N. T. Corey and Max Bode have leased the O.V.L. Co. boat, and will shortly have it in commission. While as yet definite plans have not been made, yet it will no doubt find plenty of work to keep it busy.

A most cordial invitation is extended dog owners by Recorder Wallace to call and secure one of the beautiful tags he has recently received. They are priced at \$2.50 and \$5, and are a very necessary adjunct to a dog's equipment nowadays.

W. A. Barker is back from a visit to Drews Valley. He says the valley is literally alive with ducks and geese, and that fact probably accounts for the receipt this morning by the Examiner man a fine fat goose. It is presumed that J. G. Barker bought one from some hunter and kindly sent it in.

The mail carrier on the Plush route last Sunday had a horse drowned in Camas Creek. The horse was loose and was being driven ahead of the mail carrier and in going along the bank of the creek accidentally got into a deep hole from which he could not extricate himself.

Ahlstrom & Gunther are doing a big business in their saddlery department, and are making numerous shipments to outside parties. Yesterday they shipped to J. D. Flouray & Son, of Alturas, a \$50 saddle, and the day before a \$63 outfit to C. O. Clark, of Pittville.

J. G. Campbell, foreman of the Examiner, Tuesday of this week received a shipment of household goods which he billed at Dallas, Texas August 31 of last year. The shipment included a lot of winter wearing apparel, and Mr. Campbell is congratulating himself on having received it in plenty of time for next winter's use.

LITTLE CHANGE IN STATE TAXES

Lake County's Share Practically Same for Past Eight Years

After all we have heard about the extravagant Legislature and all that, it is somewhat surprising to learn that Lake County's portion of state taxes is smaller than it has been since 1907, and less than \$400 greater than it was in 1905. With the exception of 1906 there has been very little change in the amount Lake County has contributed each year to the State, although this year it is a little in excess of \$2000 less than a year ago. Through the courtesy of County Treasurer Ableton the Examiner is able to give the amount of state taxes paid and to be paid by Lake County for each of the following years:

1905	\$10,967.50
1906	6,687.50
1907	10,967.50
1908	12,305.00
1909	12,112.50
1910	13,419.36
1911	11,252.84

County Assessor Foster has recently received the statement of the summaries of the assessment rolls of the several counties as revised by the State Tax Commission. Of the 34 counties of the state, the value of the taxable property as equalized by the County board was increased in all but six, the latter being Curry, Jackson, Lake, Lincoln, Tillamook, and Willowa. Our assessment for state purposes was reduced from \$8,065,279.81 to \$6,893,131.81. The greatest increase is in Multnomah, it being \$300,883.190 as against \$277,023,995, or nearly \$21,000,000. Lake County's proportion of the entire state tax is .008159.

THE BELTED PLAID.

This Was the Original Dress of the Scottish Highlander.

The original dress of the highlander was the belted plaid. This was a piece of tartan cloth, two yards broad and four long, which was drawn around the waist in nicely adjusted folds and tightly buckled with a belt. The lower part came down to the knees in much the same manner as the modern kilt, while the upper part was drawn up and adjusted to the left shoulder, so that the right arm might be perfectly free. This upper part was the plaid, which was used as a covering for the shoulders and body in wet weather, and when the use of both arms was required it was fastened across the breast with a brooch, often curiously enriched. A brooch was also used to fasten the plaid on the left shoulder. To attire himself in the belted plaid required on the part of the highlander no small amount of dexterity. The usual way was to lay it on the floor and after carefully arranging the folds to lie down upon it and then buckle it on. The lower end was fastened at the right hip. The utility of such a dress in the highlands is obvious, for the plaid rendered the man indifferent to storms and prepared to pass a night in the open air in the most inclement weather, while the loose undergarment enabled him to wade rivers or ascend mountains with equal ease. It was thus peculiarly adapted to the warrior, the hunter and the shepherd.—London Mail.

Betty and the Kitten. Betty is only four and often in her excitement she makes very odd remarks. The other day she cried out, "Oh, mother, there's a dear maitine kitten all curled up in the corner!"

It is better to hold back a truth than to speak it ungraciously.—De Sales.
