

Lake County Examiner

HAS THE CIRCULATION—PRINTS THE NEWS—REACHES THE PEOPLE

VOL. XXXII

LAKEVIEW, LAKE COUNTY, OREGON, JUNE 8, 1911.

NO. 23

THE EXAMINER IS THE OFFICIAL PAPER OF LAKE COUNTY

MAIL HANDLED DURING MAY

ASKS POSTMASTER TO COUNT ALL MAIL

1218 MONEY ORDERS PAID

68,875 Pieces, Consisting Letters, Papers, Etc., Pass Through Office

Recently an order was issued by the Postmaster General at Washington, D. C. to the various Postmasters throughout the country to keep an accurate account of all pieces of mail handled during the month of May.

In compliance with this order, Postmaster Ahlstrom has submitted the following report.

Outgoing mail—First class mail, letters 20,593; franked letters 803; foreign letters 110; registered letters 409.

Second class—newspapers, etc., 8644; third class—books, circulars, etc., 784; fourth class—merchandise, etc., 395.

Incoming mail—first class—letters 19,451; franked letters 414; foreign letters 183; registered letters, 369.

Second class—newspapers, etc., 12,632; third class—books, circulars, etc., 3628; fourth class—merchandise, etc., 460.

Mr. Ahlstrom also kept a memorandum of the money orders cashed during the month, and finds that 1128 were paid, amounting to a total of \$5408.46.

Taken to Asylum

Chas. Rusow was placed under arrest last Thursday and from his actions it was thought that his mind had become affected. One of his neighbors was expected to look after him but he became so violent that Sheriff Snider took him in charge and he was taken before County Judge Daly and Dr. Hall, County physician and after an examination he was adjudged insane. He was placed in the county jail and the authorities at Salem notified. Monday night one of the asylum officials arrived and Tuesday morning Rusow left in charge of Officer Harrington for Salem. In his imaginations he was building air ships and automobiles and by the time he arrives at Klamath Falls he will probably let Southstone and Clapp understand that he knows more about their machines than they do. His proper name is Owens but he was known here as Chas. Rusow.

LAND BOARD WILL VISIT LAKE COUNTY

To Examine Irrigation Projects Under the Carey Act

Word has been received that the State and Desert Land Board will visit here on the 18th of this month, for the purpose of inspecting the Carey Act and other irrigation projects. The party will arrive at Klamath Falls on Saturday, June 17, and the next day will take automobiles for Lakeview arriving here in the evening. It is expected that a large delegation of Paisley people will be here to meet them.

The members of the party are Governor West, State Treasurer Key, Secretary of State Olcott, Attorney General Crawford and State Engineer Lewis.

The party will visit the projects at Paisley and Warner Valley and then go north to look over the large irrigation works around Bend and Redmond in Crook county.

Corner Stone

The laying of the corner stone on the new Catholic Church, now being erected, is scheduled to take place on Sunday afternoon, June 18th at 4 p.m. Special exercises for the occasion, to be announced later by Father O'Malley, will be rendered by the priest, assisted by members of the congregation.

Wm. Proudfoot, Government sheep inspector, left for Mud Creek this morning to inspect some sheep.

Wool Sales

The first wool of the season was brought in last Saturday and stored in the new warehouse. Very few sheep were sheared last week owing to the rainy weather but this week work has started in earnest and the corrals on the West Side and north of here are now going in full blast. Frank Rickey, buyer for Eiseman Bros., of Boston, accompanied by J. S. Lane made a trip to the McCormack corrals Tuesday and there Mr. Rickey purchased all the wool at that place. From there they proceeded to John Branch's ranch where shearing was in progress and on looking over the clips Mr. Rickey purchased that belonging to Mr. Branch and also that of Mr. Shellhammer. The price paid for these clips was on an average of 13 cents per pound.

There are a few clips of inferior quality left over from last year but the price which these will bring will probably be from 11 to 12 cents. The bulk of this year's clip will be held by the Lake County Wool Association until the sale of July 10, when buyers from all over will visit this place and prices then will be much higher than at present.

MAIL TO LEAVE BY EARLY TRAIN

Order Covering the Sending of Two Sacks By Express Issued

Klamath Herald—Upon the recommendation of Postmaster Robert Emmitt, the postoffice department has just issued an order, whereby two sacks of mail will leave by express on the early train every morning, where they will meet the early north and south bound trains. This order became effective last Saturday.

As a result of this ruling, letters received at night from Lakeview, Fort Klamath, Merrill and other towns along the stage routes, leave here with quicker despatch, and any local persons forgetting to mail a letter in time for the afternoon train may thus have the missive started without the delay of an entire day. Mr. Emmitt's work in securing this service is being commended by local people.

EXERCISES AT THE SALEM HOSPITAL

Misses Mellie Vernon and Florence Cauthorn Finish Course

The annual graduating exercises of the Salem hospital training school for nurses occurred at the hospital, Wednesday evening, May 31st. Two young ladies, Miss Florence Cauthorn of Gervais, and Miss Mellie Vernon of Lakeview, Oregon, received diplomas for the successful completion of their training courses.

The hospital dining halls were beautifully decorated with pennants and flowers while each of the young ladies were well remembered by their friends with numerous presents. While the guests were limited to those receiving invitations, only the medical fraternity of Salem and vicinity, to gether with the intimate friends of the graduates filled the accommodations to the limit.

The Salem hospital training school for nurses is now rated among the best in the northwest. This high rating and splendid standard of work has been rendered possible by the untiring efforts of Miss Lillian McNary.

The present commencement marks the termination of the eleventh year of Miss McNary's management. After the graduation exercises were completed the guests were served with a banquet, this together with the nicely arranged menu cards and numerous toasts made the occasion a most enjoyable one.

The program was as follows: Vocal Solo by Mrs. Carlton Smith. Chairman's remarks by Dr. W. H. Byrd.

Musical number by University Quartet, Booth, Anderson, Oakes and McIntyre.

Address to Graduating Class by Dr. Griffith.

Presentation of Diplomas by Mr. Litchfield, President Board of Managers.

Vocal Solo by Ross McIntyre. Toast Master, W. C. Smith.

OUR NEW HIGH SCHOOL

BUILDING WILL BE READY FOR OCCUPANCY THIS FALL

WILL BE A CREDIT TO TOWN AND STATE

Basement of Cut Stone and Concrete, Upper Stories are of Brick—Auditorium to Accommodate Over 500 Persons

Construction work on the new High School is fast assuming such proportions that one cannot help but realize that when completed Lakeview will have the best constructed High School in south Central Oregon.

Many of our local people have visited the grounds during the past week to watch the large force of men employed on the building, and we have been informed by several of them that they little thought when the project was first decided on that we would see a building of the size and magnitude now being constructed.

The building is has a frontage of 114 feet and a depth of 80 feet, the distance from the apex of the roof being 56 feet. The building is being constructed of brick and concrete.

structed of brick and that beautiful red stone used in the Heryford residence and so greatly admired by all. The basement extends 8 feet above the grade line, and is built entirely of cut stone. The style of architecture is Colonial and the magnificent appearance of the building is fully set forth in the accompanying cut, which was made from an elevation of the building in the office of the architect, Mr. C. H. Burggraf, of Albany, Oregon.

The following outline will give an idea of the capacity and equipment of the new building.

Plans for the basement show a manual training room 32x38 1/2 feet, a domestic science room 26 x 24 feet, as well as separate lunch rooms for the boys and girls, toilets, small partitions set aside for bicycle racks and a room for the storing of fuel. There will also be a gymnasium in the front part of the basement, 24 x 50 feet, with a 14 foot ceiling.

The plans for the first floor show three grade rooms 25 x 32, one grade room 29 x 38 1/2, a commercial room 25 x 32, all with wardrobe rooms attached, a teacher's room 16 x 29, containing lockers, the principal's office

rooms. One feature of the assembly room will be a raised stage 30 inches above the floor which will set at the west end of the room.

The cost of the structure is estimated at approximately \$40,000. The building will face to the east, and it is thought will be ready for occupancy about the latter part of September.

In connection with the building itself there are about eight acres set aside as a campus, and at some future time part of this may be used in agricultural experiments and studies.

As stated in the Examiner when the plans for the grounds were adopted by the board provisions had been made for manual training, domestic science and various other departments, but at present only the ordinary High School course will be taught, although it is possible a commercial course will soon be added.

The work is being done under the superintendence of I. A. Underwood, a well known local contractor. In this connection it might also be well to add that too much credit cannot be given Chairman A. L. Thornton, Harry Bailey and Dr. B. Daly, constituting the school board for their untiring efforts.

Settled Out of Court

A short time ago an injunction was issued from the United States Circuit Court at Portland restraining the ZX Company from permitting their cattle to graze upon the Deschutes reserve. This injunction was issued on account of some of the cattle being infected with scab. The papers were served upon F. A. Fitzpatrick, superintendent of the company and about two weeks ago he made a trip to Portland to appear in court. The case had been set for Monday, June 5. After Mr. Fitzpatrick arrived in Portland he was met by the government officials and the case was settled out of court. His attorney W. Lair Thompson accompanied him to Portland.

Alice Lindsey Weds

Klamath Herald—The second June wedding in Klamath Falls took place last Thursday, when Miss Alice Lindsey became the wife of Jack Herschberger. The bride is the daughter of Mr. and Mrs. Leslie Lindsay, well known residents of Bonanza, where Mr. Lindsey is head miller in the Bonanza mills. The groom is well and favorably known in Klamath Falls.

After the ceremony the couple left for a bridal tour. They will be at home to their friends in this city on June 10th.

The bride is well known in Lakeview and her many friends here extend their hearty congratulations.

Mrs. Watson Entertains

Mrs. J. N. Watson entertained at Bridge and Five Hundred last Friday and Saturday at her handsome home in this city. Tulips were extensively used in decorating the rooms and during the progress of the games punch was served and at five o'clock a delicious lunch was enjoyed by all. Those present at Friday's games were Mrs. E. H. Smith, Miss Smith, Miss Laura Snelling, Mrs. C. E. Sherlock, Mrs. C. R. Seager, Mrs. W. R. Boyd, Mrs. C. H. McKendree, Mrs. Wm. Harvey, Mrs. Roy Shirk, Mrs. D. C. Schminck, Mrs. E. H. Clark, Mrs. Geo. Johnson, Mrs. F. A. Fitzpatrick, Mrs. T. S. Farrell, Mrs. Anna McGrath, Mrs. E. M. Brattain, Mrs. W. F. Grob, Mrs. S. O. Cressler, Mrs. Della Cobb and Mrs. A. Florence.

Those enjoying themselves on Saturday afternoon were Mrs. L. F. Conn, Mrs. V. L. Snelling, Mrs. H. Bailey, Mrs. Chas. Umbach, Mrs. Wm. Sharp, Mrs. D. Bemis, Mrs. Dola Dewey, Mrs. T. J. Magilton, Mrs. F. Bunting, Mrs. F. M. Miller, Mrs. W. B. Snider, Mrs. Wm. Moss, Mrs. Eph Miller, Mrs. E. J. Stone, Miss Mae Snider, Mrs. E. Ahlstrom, Mrs. W. R. Heryford, Miss Pearl Hall, and Mrs. T. E. Bernard.

SALEM WILL HAVE \$36,000 ARMORY

City Puts Up \$9,000, County \$9,000 and State \$18,000

Thirty-six thousand dollars became available for construction of an armory in Salem when the Salem council instructed the recorder to draw warrants for \$9000, the city's share of the total amount. Marion county paid its \$9000 a month ago. These two sums are matched by the state appropriation of \$18,000. Construction of the armory will be started immediately. It will be a pressed brick structure, containing a large drill floor, a gymnasium and baths and officer's rooms. The dimensions of the building will be 100 by 166 feet.

Sam Wardwell, of the Silver Lake country, returned home Friday, after spending several days in our midst.

GRAMMAR BALKS EIGHTH GRADERS

Moods and Tenses Remain Locked to Students

Superintendent of County Schools Gary of Oregon City announced that only 80 of the 307 eighth grade pupils who tried the examination for the high schools passed. There were 144 who failed in only one or two subjects, which entitles them to another examination in these subjects in June. They will have plenty of time in which to prepare themselves and it is believed that virtually all will pass then. The questions submitted by State Superintendent Alderman were unusually difficult, and pupils all over the state have had the same trouble as those in Oregon City. Mr. Alderman himself had admitted that the questions in grammar were too difficult. Among them were the following:

Explain and illustrate the difference between "compare to" and "compare with."

Explain the two general classes in which conjunctions may be arranged.

Tell which of the following words is correct, and give the reason: "She gets her lessons easy (easily) enough." "Speak slow (slowly) and distinct (distinctly)."

Tell which of the forms is preferable and give the reason: "If I was (were) you, I would stay at home."

Construct sentences containing the perfect tenses of "burst" and "got." Define abstract noun, and mention two abstract nouns suggested by each of the following subjects: A flower, a lemon, a stone.

Write the feminine words corresponding to abbot, czar, tiger, executor, hero.

Analyze the following sentence: "Massachusetts hoped that the new king would grant her a charter that would also be provided for a liberal form of government, but she was disappointed."

KLAMATH ELKS TO HAVE LODGE

ORDER WILL BE INSTITUTED JUNE 26

TO BE B. P. O. E. NO. 1247

Invitations Sent Out to All Lodges in Oregon and California

Klamath Falls Elks were jubilant Saturday evening when word was received that the Grand Exalted Ruler Hermann had granted the dispensation for Klamath Falls lodge, No. 1247, Benevolent and Protective Order of Elks. While it was understood some time ago that this permit would be granted, it had not received the official sanction of the head of the Elk fraternity, and news that this had been given caused rejoicing among the herd last night. The number 1247 indicates the number of lodges instituted in the United States since the birth of the order, which now numbers over five hundred thousand members.

The territory of the Klamath Falls lodge is determined by the distance to the nearest other lodge in each direction, each lodge extending half way to its neighbor. Lakeview will come under Klamath Falls jurisdiction as will towns in this county such as Merrill, Bonanza, etc.

The new Klamath Falls lodge will be instituted on Monday, June 26th, and all the "Bills" are looking forward to a big time on that date.

The Deputy District Grand Exalted Ruler, Dr. W. Carleton Smith, will institute the new lodge, and will probably be assisted by a picked team from the various lodges of the state.

Invitations will be sent to all lodges in Oregon and California and it is thought there will be from four to six hundred guests from out of the city. Creede McKendree of the Lakeview delegation, was called up last evening and they, of course, will be here in a body. Ashland lodge No. 944, was in session last night and when informed that Klamath Falls dispensation was granted, they pledged a toast to the new lodge—and volunteered to come over in a body. Large delegations from Medford, Roseburg, Eugene, Salem and Portland will undoubtedly come in and the local band will endeavor to show them the true Klamath hospitality.—Klamath Chronicle.

NARROW ESCAPE FROM DEATH

Team Becomes Frightened Throwing Driver from Wagon

Last Monday a party consisting of Mr. and Mrs. William Hotchkiss, Miss Madie McCulley, Miss Rosie Hughes and Messrs. John Arzner, Jake McCulley, R. A. Vandervort and Luther Webster started for the Hotchkiss ranch, north of Valley Falls. Mr. Hotchkiss had planned the erection of a new house in that locality, and Messrs. Arzner, Vandervort and Webster had taken the contract for the erection of the same.

The party proceeded as far as Crooked Creek, when the team of horses attached to the lumber wagon on which Jake McCulley and Luther Webster were riding, became frightened and started to run away. McCulley and Webster were both thrown to the ground, one on each side of the wagon. In falling Webster landed against a dirt bank at the side of the road, and was rolled into the wagon track, so that the wheels of the wagon with its heavy load of timber passed over one entire side of his body.

He was immediately rushed to his home on West Street, and Dr. Everett was hastily summoned. On examination it was found that the injured man's head, body and one leg were badly bruised, and he will probably be confined to his home for the next few weeks.
