

OXFORDS For Men and Women

This year, to meet the fast growing demand for our Oxfords for men and women, we have increased the extent of our line and have given it the utmost possible care of selection.

Our Oxfords are especially designed so as to insure a perfect fit, and our patterns are of the latest in Oxford Footwear, such as show the feet to the best advantage.

The best possible materials and workmanship are put into the various grades. All of them are made to give satisfaction and to maintain the high standard of quality.

Now is the Oxford season and we will be pleased to show you our line.

Additional Briefs

A lecture on "Equal Education for Men and Women," delivered by Madame Wetherford, was a feature of Tuesday evening's entertainment at the Opera House. The lecture was enjoyed by the many people in attendance.

Mrs. C. A. George, a daughter of Mrs. Rosa McDaniels and who was married last fall in Roseburg, Monday arrived here from Klamath Falls and joined her husband, who is now employed at one of the local shearing corrals.

The Band boys again pleased a very large audience Sunday afternoon with many well rendered selections. The boys seem to be improving all the time and we are in hopes that one of these days they will far surpass Sousa's famous aggregation.

Joe Ambrose started his shearing plant Tuesday and has a full crew, but the storm coming on work will not be resumed for several days. Sheep will be turned out as fast as they are brought along and good accommodations can be had at his place.

Bill McCulley, who has hauled more loads of crushed rock in this town than anyone that we know of, Tuesday morning laid off for an hour or two to repair the board cross walk in front of the Ahlstrom Harness shop. Bill says it pays to be careful.

A large party of laboring men left Friday for Davis Creek where they are to be employed by the Hansen company on railroad work. The railroad is being pushed right through, and we may expect to hear the whistle of the train almost any day.

Beginning with last Sunday two services were held at the Catholic Church, one at 7 and the other at 10 A. M. The early mass is for the convenience of many of the congregation who wish to take trips out into the country and wish to get an early start.

Mr. Eggleston, the Government plant specialist who arrived here several days ago, is now spending a few days in the north end studying the numerous forms of vegetable life common to that locality, and which causes the loss of so many sheep each year.

Lou McCulley, who is now a resident of the Surprise Valley country, this week came over for a several days stay. He will be accompanied on his return by his parents, Mr. and Mrs. Matt McCulley, who expect to make Surprise Valley their future home.

R. Rogers, who has been employed as a surveyor for the O.V.L. Company, has resigned his position and has accepted a similar one with County Surveyor Sam Mushen. He has already commenced work for the latter and is now busy running out lines about town.

Fritz Williams was called away to Dunsmuir, California last Thursday by the serious illness of a brother residing at that place. Word was just been received here to the effect that the brother has died and was buried on Sunday of this week. Fritz is expected back here within the next few days.

One of Elmer Ahlstrom's hens this week proved herself a record breaker by laying an egg which weighed a fraction over a quarter of a pound. It measured 2 1/4 inches in diameter and 3 inches lengthwise through the center. Elmer thinks this comes mighty near

reaching the high-water mark and we certainly are with him.

Assistant Ranger Earl Abbott, who is in charge of the Fremont National Forest on the West Side, announces that on the second and fourth Wednesdays of each month, beginning with July 12th he will meet at the Oregon Valley Land Company's sawmill all applicants who desire free use of permits to cut timber within the Forest.

The Thursday and Friday evening performances at the Opera House, which included pictures of Uncle Tom's Cabin, were well attended and the films were much enjoyed by all who had an opportunity to see them. Between reels, pictures of a circus parade in Madras as well as views of the town itself were shown, and Miss Hattie Nyswaner entertained with a solo.

The Jennings-Meyer Realty Co., are advertising Valley Falls lots and have an attractive advertisement on another page of the Examiner. Look it over and read carefully and you may find that it is to your advantage to invest in that enterprising little town. As a good many readers of this paper are acquainted with the Chewaucan Valley you can no doubt see the truthfulness of the many facts given by this company in their advertisement. Read it carefully and then invest.

The Board of Trade have been at work for sometime to perfect a new organization to be called the Chamber of Commerce. A. W. Orton has visited many business men and secured 38 names who wish to become members. He then turned his papers over to Harry Bailey and J. N. Watson and these gentlemen are quietly at work getting new members but they say that everyone is so busy that they have no time for such matters at present, but later on all will take a hand and complete the organization.

Shot Through Hand

Thursday morning last while attempting to pack more securely into his wagon a mattress wrapped about a 22 special gun, John Moseley had the misfortune to have a bullet from the rifle enter and pass through his right hand.

In company with an older brother, Mr. Moseley has been making a pleasure trip through south Central Oregon and had recently arrived here from Ashland. At the time of the accident he was at the 70 ranch on the West Side, where he had stayed over night. Thursday morning at 7 o'clock he started with his brother to pack up preparatory to leaving. The gun had been securely wrapped up in a heavy mattress, and in attempting to push the bundle more securely into the wagon the gun accidentally went off with the above stated results.

An examination by Dr. Smith showed that two bones of the middle fingers had been broken. The doctor is of the opinion however, that in a short time Mr. Moseley will have the full use of his hand, although the fingers in question may be somewhat stiff.

Mr. Moseley is about twenty years of age, and in September last graduated from the Birmingham, Washington High School, where he resided previous to starting out on his trip through this section.

Land Filings

The following applications for lands in Lake county were filed at the local Government office for the week ending June 3:

Ruth Frost, Sec. 28, 28-14.
Earl E. Reed, Sec. 9, 30-17.
Fred Egli, Sec. 10, 30-17.
