**Transient Advertising and Job Printing**  
Cash in advance.  
All bills must be paid the first of each month.

Lakeview, Oregon, Thursday, July 6, 1911

A civil suit has been filed in the United States Court for the dissolution of the periodical clearing-house and about a score of other magazine defendants. The petition charges that the defendants, since July 1909 have been engaged in an illegal combination, a dissolution of which is asked for. Now the magazines can put up another howl similar to that indulged in when it was proposed to increase the rates of postage on their advertising sections, but it will probably be of no avail this time.

The United States Treasury had a surplus of approximately \$25,000,000 when the fiscal year of 1911 ended Saturday. The fiscal year of 1910 closed with a surplus of \$15,000,000. This year's showing is the best since 1907, when a surplus of \$11,000,000 was shown. Both 1908 and 1909 showed deficits of \$20,000,000 and \$580,000,000 respectively. Treasury officials believe final figures will show the Government in the year just closing has received more than it estimated and spent just a trifle less than it planned.

Oregon's Agricultural College, at Corvallis, will have the best facilities in the United States for horticulture research work when the new horticultural building, to cost \$36,000, is completed. Work has been started on the foundations. In future, the college will lay special emphasis on advanced work in the study of orchard problems, looking to the extermination of insects and fungus pests and seeking to adapt different varieties of fruit to the various soils and climates to be found in this state. This work is, of course, undertaken at present, but with the additional facilities it is expected much more will be accomplished.

## A.O.U.W. Doings

Tonight is the time, Masonic Hall the place, and 8 p. m. the time when the A. O. U. W. lodge of Lakeview will take a fine bunch of novices over the hill road to the mecca of all Workmen. Some may never reach there, but those that do, will always be proud of their stunt.

All members are requested to be on hand at 7:30 p. m. so as to dispose of the regular order of business. All visiting Workmen from other jurisdictions are most cordially invited to be present. Lakeview lodge never does things half way, and the members will miss something if they are not present.

## False Report

A report reached Lakeview last Thursday that several Greek workmen employed on the rock work at Sugar Hill had been killed and injured by an explosion of dynamite. Dr. E. H. Smith answered a call for a physician, but on his arrival at the scene of the accident found that no one was killed and only two men slightly injured from a premature explosion. However, if reports are true, no one needs be surprised if several lives are snuffed out at almost any time, as it is stated that the men are very careless in handling the explosive.

## Hanson's Entertain

Mr. and Mrs. J. F. Hanson, of the Point Ranch, entertained a number of friends on the Fourth, among them being Dr. and Mrs. E. H. Smith, Mr. and Mrs. S. O. Cressler, Mr. and Mrs. C. R. Seeger, Miss Lynton, Mr. and Mrs. A. L. Thornton and Messrs. E. L. H. Meyer and R. H. Rogers. A picnic on the shores of the Lake was greatly enjoyed, as well as a swim and a ride in Mr. Hanson's launch.

## Moving Sheep

Dave Elder, the sheep king, was in town this week after supplies for his numerous camps. His sheep are now stretched out from Twelve-mile Creek to Bly, a distance of some 65 miles, on their way to summer range. Within the next few weeks all will have reached their destination, and will no doubt come out in the Fall in good shape, as the range is said to be better than at any time during the past 20 years.

## Look!

Who is as eager to leave this valley as I am to remain? I have income property rented in Oklahoma points, \$1000 up. What have you got? Address John Enaminger, Lakeview, Oregon.

Two additional passenger trains are now operating over the Western Pacific, but no close connections are made with the N. C. O. at Doyle.

## Additional Briefs

Friday morning a peddler from Pine Creek appeared in town with a large load of native strawberries. The berries were not long in being disposed of, and they sure tasted fine.

C. W. Dent, who attended the Elks' festivities at Klamath Falls last week, did not get back until Friday. He states that the cause of his delay was due to the fact that he was waiting for repairs for his auto, which tends to contradict the rumor that he was kidnapped by the boys and held for ransom.

Silver Lake Leader: Ed Lundy who was employed at the Egli mill suffered the loss of his right thumb last Thursday. He was working at the edge when the accident occurred, and was immediately brought to town, when Dr. Thom found it necessary to amputate the injured member at the second joint.

It is reported that Elmer Martin, a nephew of James Vincent and Mrs. Frank McKimney, was killed last week in a sawmill in Surprise Valley. However, the report lacks confirmation, and it is hoped that it is untrue. Mr. Martin is a young man well known at New Pine Creek and also in Surprise.

Messrs. John Arzner, Luther Webster and R. R. Vandervort Tuesday returned from the Valley Falls country where they have been employed for the past few weeks in constructing the Bill Hotchkiss residence. The building is now completed, and is thoroughly up-to-date and modern in every respect.

More than 1,000,000 pounds of wool were sold at Shanico on Monday of last week on a weak market, prices ranging about 10 per cent lower than at the previous sale. Several lots offered drew such unsatisfactory bids that they were withdrawn and will be shipped on consignment or held in storage.

Plain "Bill" Nixon was in town Saturday laying in supplies for the popular Mud Creek station which he now has charge of. Mr. Nixon is making good in his new business, and the station is now more popular than ever before. He reports business as being exceptionally good, and the fishing likewise.

All places of business and all construction work was closed down tight Tuesday, while all spent the day in celebrating the great and glorious Fourth. Quite a large delegation went to Alturas, still more to Pine Creek and many of us were content to fish, hunt and otherwise pass the day at points nearer home.

Deputy Game Warden Utley was in town for several days during the past week on matters of business. Harry is now acting as agent for a nursery stock company, and has just returned from the Summer Lake country where he solicited and received many orders for various plants, trees, etc. Harry is certainly a hustler.

A deal was recently consummated whereby Charles Reed, who is well known locally and who was recently employed on the new I. O. O. F. building, has taken over the West Side property of John Bull, as well as the city milk route, on a three year's lease. Mr. Reed has already taken possession, and there is no doubt but what he will be successful and make good in his new undertaking.

D. E. Bingel, a resident of Fort Morgan, Colorado, Saturday arrived in Lakeview and intends to make this section of the country his future home. Mr. Bingel comes from a fine farming section of Colorado, where irrigation systems are used with much success in reclaiming the land and making it productive. Sugar beets are the principal product, and Mr. Bingel is of the opinion that these vegetables can be raised successfully in this section.

George Storkman was quite seriously injured at his home near Prineville last week, although his injuries were not so severe as at first reported. He was thrown from a wagon and run over by a runaway team. He was taken to a Portland hospital where it was found that his jaw was broken in but one place, whereas the reports were that it was broken in three places. George's many Lakeview friends, while sorry to learn of his misfortune, are pleased to learn that his injuries are not so bad as at first reported.

See Lakeview Abstract & Title Co.'s ad for special price on O. V. L. abstracts

## Paisley Press Items

E. L. Detrick, of Lakeview, has completed the plumbing work on the Hotel Chewaucan.

Mr. Fitzpatrick informs the writer that haying will commence on the ZX ranch about July 10.

Mr. V. Conn showed us some excellent strawberries that he had picked from his garden Sunday. They looked fine.

The Hotel Chewaucan is filled to overflowing every night. Standing Room Only, is the sign that might be hung out on the hotel porch.

Chas. Morrison left this week for the C. C. Harris ranch at Summer Lake, to commence the construction of Mr. Harris' new residence. Ted Banister went along as Assistant Constructor-in-Chief.

The Jennings-Meyer Realty Co., of Valley Falls, are making things hum in the lower Chewaucan valley. These are two enterprising young men and they will build up a city down there as sure as the sun rises. Advertising and hustling will do it and they are long on both.

Mr. D. B. Conrad brought this office, Monday, a sample of barley which was grown on the R. C. Foster ranch at Summer Lake. This grain volunteered from last years crop, stood the winter perfectly and will yield, according to Mr. Conrad, more than sixty bushels to the acre. It stands over three feet high and the large well-filled heads speak well for the productiveness of the greatest valley in Eastern Oregon.

## New Auto Regulations

The new regulations governing admission of automobiles to Crater Lake provide, among numerous other things, the following:

1. No auto obile will be permitted within the metes and bounds of the Crater Lake National Park unless the owner thereof secures a written permit from the Superintendent or his representative.

2. Applications for permits must show: Name of owner, number of machine, name of driver and inclusive data for which permit is desired, not exceeding one year, and be accompanied by a fee of \$1 for single round trip through the Park, or a fee of \$5 per annum for each machine for personal use, and not for hire.

3. The use of automobiles will be permitted on the Government roads from the southern and western boundaries of the Park between the hours of 6:30 a. m. and 10:30 a. m. and between the hours of 3:30 p. m. and 6:30 p. m.

Teams have the right of way, and automobiles will be backed or otherwise handled, as necessary so as to enable teams to pass with safety.

## The Worst Feared

Alturas New Era: Harry L. Rader and family, of Willow Ranch, came to Alturas last Thursday, and next day left here for the lower part of the State to seek medical aid for their little two year old son, who is critically ill as a result of exposure while on the snow bound train of the N. C. O. during the blockade last February. The child has been given up by the local physicians, and a change of climate is now their only hope.

## Sheep Poisoned

Twenty-five head of sheep belonging to the Warner Valley Stock Company were poisoned several days ago in the vicinity of Pope's springs, in the Warner section. The cause of poisoning is not known, but it was probably caused by the stock eating plants of a poisonous nature. The stockman has fared rather lucky this season as this is only the second loss thus far reported, and the losses in either instance were not large.

## Land Filings

The following applications for lands in Lake County were filed at the local Government land office for the week ending July 1:

Ewell J. Davis, Sec. 34, 34-19.  
Ransom B. Tower, Sec. 35, 35-14.  
Richard O. Lacey, Sec. 18, 37-23.  
James A. Rhoton, Sec. 25, 26-14.  
James T. King, Sec. 18, 25-14.  
Henry H. King, Sec. 18, 25-14.  
Gertrude Harrison, Sec. 4, 26-14.

## A Bishop's Busy Life

Bishop Paddock reached Lakeview somewhat unexpectedly last week, but that fact did not prevent him from leading the strenuous life as usual. He held services Sunday morning, afternoon and evening and again Monday evening, not to mention many pastoral calls on nearly every one, besides much other business. The services were largely attended, and his welcome was as warm as usual.

## Shearing Plants

The sheep shearing corrals and dipping vats at Camas Prairie are now in first class order. During the shearing season the corrals will be in charge of the sheepmen. ROSA McDANIEL.  
My corrals on the West Side are now ready for the sheep shearing season, and I have a dipping plant in connection. Will have a good crew and superintend the work myself.  
JOE AMBROSE.

## TRANSFER OF LAKE COUNTY PROPERTY

Reported by the Lakeview Abstract and Title Company

The following transfers were recorded in Lake County for the week ending June 29, 1911.

C. W. Dent to Mrs. N. A. Finley and T. G. Dews, S $\frac{1}{2}$  NE $\frac{1}{4}$ , SE $\frac{1}{4}$ , Sec. 16, 39-24.

U. S. A. to Eliza Venator, W $\frac{1}{2}$  SW $\frac{1}{4}$ , Sec. 28, NW $\frac{1}{4}$  NW $\frac{1}{4}$ , Sec. 33, 39-20.  
E. M. Brattain to George Ranney, W $\frac{1}{2}$  Lot 2, in Blk. "A" in the Town of Paisley, Or. #240.

Anthony J. Miltenberger to H. A. Norton, Lot 8, in Blk. 312, O. V. L. A. dd.

U. S. A. to Herman Kersten, NE $\frac{1}{4}$  Sec. 34, 25-13.

L. E. Harris to S. P. Moss, Undivided  $\frac{1}{2}$  of the W $\frac{1}{2}$  of S $\frac{1}{2}$ , SE $\frac{1}{4}$  SW $\frac{1}{4}$ , Sec. 24, 38-21. #100.

M. E. Musgrave to L. E. McCulley NW $\frac{1}{4}$  Blk. "G" in West Add. to Lakeview, Lots 10, 11 in Blk. 1 of Drenkel's First Add.

H. W. Drenkel to S. J. Dutton, Lots 11 and 12 in Blk. 5, of Sherlock's First Add. to Lakeview, Or.

There were 55 O. V. L. Deeds recorded.

## Valley Falls Items

Numerous showers the past week have settled the dust and helped along all growing truck.

To those skeptical to the possibilities of this valley we invite an inspection of some of the gardens put out on new land this Spring.

A petition for a school, also a justice of the peace for this valley, has been presented to the proper authorities and no doubt will be favorably considered.

Mr. and Mrs. McDowell of the Canadian country are looking our valley over with a view of locating.

F. N. Curtis, E. L. H. Meyer and Jack Hallinan were Lakeview visitors last week.

George Newcombe, the blacksmith, is very busy these days repairing and tuning up hay machinery.

The precipitation at this station for the month of June was .89 of an inch, as follows: On the 3d, .18; 7th, .10; 13th, .11; 15th, .13; 24th, .17; 29th, .02; 30th, .16. There were 18 clear days, 3 cloudy and 9 partly cloudy.

Arthur Parker, of the Warner section was in town for several days last week and later left for Alturas to attend the big celebration at that place.

## S. P. TO CARE FOR MOTHER AND BABE

Experiment Now Being Tried in Sacramento R. R. Depot

Special provisions for taking care of babies and their mothers upon arrival at the railroad station is the latest experiment that is being tried by the Southern Pacific Company at its Sacramento, California, depot. The idea is only an experiment and is at the suggestion of one of the patrons of the Southern Pacific Company.

A special room has been furnished for this purpose just off the main waiting room of the depot and two women attendants, practical nurses, are always present to look out for the needs of the women travelers who have their infants with them. Couches have been provided for the convenience of the mothers and a number of specially constructed cots for the babies have been installed.

In this manner, when a woman traveler with a baby is compelled to wait in the depot for her train or for those who should have met her at the station she is provided with all the comforts she would have in her own home. The nurses in charge of the room prepare a bed for the baby and for the mother and they are allowed to rest for as long a time as may be necessary. Apparatus is to be installed to facilitate the heating of the food for the infants and if the experiment proves to be a success it is possible that it may be extended by the Southern Pacific Company to all of its principal stations.

The idea is not original with the officials of the company. It was offered by a woman traveler and is being experimented with, as are all suggestions that are offered in this way if they appear to the officials to be practicable.

Bill Post has been substituting at the Brewery saloon during the absence of A. M. Maenab.

## CHICHESTER'S PILLS

THE DIAMOND BRAND  
Added Ask your Druggist for Chichester's Diamond Brand Pills in Red and Gold wrapper. They are made with Blue Bismuth. There is no other. Buy of your Druggist. Ask for THE DIAMOND BRAND PILLS, for 25 years known as Best. Sold in every State.

"OUR CUSTOMERS ARE OUR ADVERTISERS"

## "Plant a Commercial Orchard"

We have often been asked for advice on this point, and the foregoing head line is our advice. Of course it is not advisable for all to plant the same varieties as different locations require a different selection. Some locations would be best planted to plums, others to apples, etc., but to all farmers we say "PLANT" and plant a commercial orchard at that. "Send for Catalog and Price List"
