A Valuable Climate

Oregon has a climate that it a great asset but this fact is not generally recognized here at home. It was impressed during the past week however, when the national convention of Christian churches was in session here. R. A. Long, millionaire lumberman of Kansas City, who pledged a gift of \$1,000,000 to carry on the work of the church, said the Portland convention was the best in the history of the organization, and was due to the favorable weather which made it comfortable for the delegates at all times, so that the sessions were not fatiguing nor were the speakers tired and dull, as is so often the case when the conventions are held in Eastern cities in midsummer.
