BUMPER CROPS IN NORTHERN LAKE

Bend People Greatly Impressed With Growth of County

Bend Bulletin: As a result of a southern trip made by Secretary Sawhill of the Bend Commercial Club and Central Oregon Development League, Paisley has joined the League, steps have been taken for the organization of a commercial club at Fort Rock, which later will join the big organization, and exhibits will be prepared for Bend.

Leaving Friday morning, Mr. Sawhill with C. S. Hudson, S. D. Bennett and P. C. VanWinkle, in the former's car, and returning Sunday, made a trip which included stops at La Pine, Silver Lake, Paisley and Fort Rock.

"It is a revelation to see the development in the southern country," said Mr. Sawhill. "La Pine is growing like a mushroom—but it is not 'mushroom growth,' but the best kind of substantial development. Silver Lake and the splendid territory tributary to it is prosperous. Particularly perhaps, I was impressed with the wonderful strides the Fort Rock country is taking. Where two years ago there was practically no habitation now are scores of houses and hundreds of acres of cultivated land, all with promising crops. One result of the Paisley visit is that the commercial club there will get up an exhibit to show at Bend."

"I would rather do business in Oregon than in California, and just as soon as the railroad gets to Bend I shall get much of my freight from there," was the statement of V. Conn, one of Paisley's largest merchants.

Back to Nature

Quite a unique exhibit is now on show in the north window of Bailey & Massingill's store. It represents an ordinary sportsman, such as may be seen about town any day now, in khaki uniform, large straw hat, high-topped boots, etc., stretched out at his ease in a large hammock. Scattered about him on the ground are shot guns, rifles, fishing poles, and other implements of this kind, as well as a small bottle of mosquito dope. The work was the creation of Miss Bernice Massingill.

LAKE COUNTY IS RIGHT ON THE MAP

Examiner's Opinion of Pending Tariff Bill Is Sought

The Chicago Tribune is obtaining the views of the different newspapers of the United States relative to the tariff bills now being considered by Congress, and in connection therewith the Examiner Tuesday received the following message:

"CHICAGO, Aug. 7.—To the Examiner, Lakeview, Ore.: In your judgment should President Taft sign the wool bill, the farmers free list bill and the cotton bill? Do you believe the President should veto these bills and wait for reports from the tariff commission on which scientific tariff reduction can be based? Please telegraph reply at our expense."

"THE TRIBUNE."

In reply the Examiner sent the following:

LAKEVIEW, Ore., Aug. 7.—The President should veto the tariff bills. Congress should await the report of the tariff commission before taking action.

"LAKE COUNTY EXAMINER."

Wool Cleaned Up

That the 1911 wool clip in Oregon is more completely sold than has been any previous wool clip at this time of the season in years is declared by Charles H. Green, the well known buyer.

"There is scarcely 150,000 pounds of unsold wool in the state," says Mr. Green. "Practically all the growers disposed of the clips while the season was active and prices at this time indicate that they did very well to sell. At times the market has shown upward spurts but in general the price situation is the same now as when the wool was purchased."

Several new candidates were admitted to membership at last Thursday evening's meeting of the Degree of Honor, A. O. U. W. After the meeting, everyone adjourned to the banquet room, where ice cream and cookies were served and a pleasant time enjoyed until a late hour.

WEST DISAGREES WITH CRAWFORD

Attorney-General and Governor Criticise Actions of Each Other

In an interview given out by Attorney-General Crawford, Secretary of State B. W. Olcott is impliedly charged with unjustly criticising the official acts of late Governor F. W. Benson, and it is stated that no star-chamber meetings have been held by the Desert Land Board until recently. Attorney General Crawford says:

"Relative to statements in the papers recently, insinuating, if not directly asserting, that the meetings of the Desert Land Board in the past were of the 'star-chamber' species, I wish to say that while I have been a member of the Board, since May, 1909, no closed sessions were held until recently. I was not a member of the Board prior to the time when Mr. Benson became acting Governor of the State and cannot speak with authority for the previous administration, but during his incumbency, no secret meetings were held.

"I was for many years intimately associated with ex-Governor Benson, now deceased, and while, like many of the rest of us mortals, he may have had his faults, he was a man possessed of many noble qualities and always courted the widest publicity in all his official acts, as did all the other members of the Desert Land Board during his administration. I very much regret that it is deemed necessary for any one, either officially or privately, to in any way disparage his memory or unjustly criticize his official acts.

"During his incumbency, no closed door sessions were held, and if such sessions are a relic of the past it was prior to his incumbency, or the practice has been inaugurated since he ceased to act as Governor.

"Further I wish to say there never has been a rule of the Board providing that so-called secret sessions might be held, and I know of no instance of ever holding one, unless it was recently, when the chairman of the Board requested the representatives of the press to retire and relative to that request I wish to be understood that it was not in pursuance of any action of the Board or a wish of the majority of its members that such request was made. In the past attendance of representatives of the press was always welcomed to any and all meetings of the Board."

Governor West took up the battle for Secretary Olcott, and in reply to the Attorney General's statement said:

"The Attorney-General is attempting to hide his own delinquencies behind the tombstone of ex-Governor Benson. Not a word given out to the press relative to the irrigation projects was meant to or did cast reflection on Governor Benson. Personally, I had the highest regard for Governor Benson, and know if it had not been for his illness, these matters would never have been allowed to drift into the unfortunate condition we have found them. But, owing to his illness he was obliged to leave these matters almost entirely to the Attorney-General and the other members of the board. Had they given then the attention that he would have given them if his health had permitted, the many settlers would now be harvesting bountiful crops instead of being stranded in the desert, praying for water and reading opinions of the Attorney-General."

State Treasurer Kay is making a brave attempt to quell the rising tide of fury between Attorney-General Crawford and Governor West and at the same time bring about an amicable settlement between the board in general and the Deschutes Land Company.

SHOOTING SCRAPE AT FT. KLAMATH

Constable Lambert Wounds Two Men and in Turn Is Killed

Klamath Herald: Trouble which has been brewing for some time between Constable John Lambert of Fort Klamath and Bill Donald and Al Elwood came to a crisis Sunday night at the Fort, when Lambert shot each of the other men through the leg and was himself wounded by Elwood. As a result of the injuries Lambert received, he died at 6 o'clock Monday morning.

The trouble took place late last Sunday night at Jack Berry's saloon. According to the story going the rounds at Fort Klamath, Lambert entered the saloon where the two men were sitting at a table, and making some remark to them pulled his revolver and shot at Donald through the card table, the bullet breaking his leg. At this Elwood started to get up, and he, too, was shot through the leg by a bullet from the officer's weapon. Following this the two wounded men went out the front door and Lambert went out the side door. Barely had the first two cleared the threshold before Donald collapsed on account of his broken leg. Evidently thinking his friend dead, Elwood went around toward the side door and seeing Lambert, advanced on him, at the same time pouring a steady fire on him from an automatic pistol. After Lambert fell he was beaten over the head with the weapon. Whether or not Lambert shot during this encounter is not known.

There has been trouble between Lambert and the two men for a considerable time, and it is said that this has been bitter since the Fourth, when they had an encounter. Many charge Elwood and Donald with making threats against Lambert, declaring that they would "get him."

Lambert has been a resident of Klamath County for a number of years, and was well known in Klamath Falls. He was for some time the driver of the stage between here and Merrill.

New Pine Creek Items

Henry Wendt invested in another piano last Monday. He purchased it from Al Smith, of the Lakeview Opera House.

Mrs. R. E. McCully entertained the audience at Wendt's Moving Picture Show last Sunday night to some fine selections on the piano.
