#### **News in Brief**

Improved fast freight service has been provided by the railroads from Oregon orchards to the East that will. no doubt, facilitate the marketing of the year's crop. The schedule provides for an eight and nine day service from the leading districts to Chicago and

counts of baseball games in the lar er cities, reminds us that this year not a single game has been played in Lakeview. Surely, with the fine material that we have here there can be no excuse for anything of this sort, and although too late to do anything now we are in hopes that another year will see a baseball team, if not several of them in our city.

V. C. Morgan, the popular Paistey Liveryman is building a large addition to his barn, that makes the block in which the Chewaucan hotel and livery is located loom up like an electric headlight on a locomotive. Paisley will be one of the best towns in Interior Oregon if they keep up the nace that is being set by the wide-awake men that are doing things there.

James Jones, of Hanna, Wyoming has come to the county with the intention of making it his home and intends to file on some of the fertile lands that he inspected along with the "Homestead Specialist." Mr. Jones has followed coal mining for many years both in America and Wales where he formerly lived, but in looking ahead appreciates the fact that if one wants land there is no time like the present to get it before the only available crop

Last week it was reported that bear had been seen several miles west of town. Saturday several of our local hunters, including Tom Farrell and Andy Foster, started out in quest of the animal, expecting to return with bear mest enough for the entire populace. The reason that we have not tasted any of the meat mentioned is due entirely to the fact that Mr. Bear must have had an inkling of what was coming, for he hiked to parts unknown and the hunters obtained not a single glimse of him.

Easterners are always surprised to see the choicest places on the fruit stands occupied by Washington and Oregon apples. No matter that they have seen this year after year, they seem unable to get used to the idea that their own immediate localities cannot, or at least do not, supply the local demand, and of course they are always sure that better apples can be grown right at home than are produced in the far away Pacific Coast territory. However, they keep right on paving from 5 to 10 cents each for the western apples, but the shortage of the supply is encouraging more extensive planting in the rest of the country and the apples from Oregon and Washington may eventually have to look for a market in Liverpool and Hamburg, although they still hold their own.

William Hanley of Harney County, says that the Eastern Oregon Development League is going to organise a trust that will spit in the eyes of all the Sherman laws. We'er going to put soil and transportation in so tight a connection that it cant be broken. Its to be a peoples trust the harmony of organization between transportation and soil production. When we get the producer and the railroad sitting down to the same table, we'll have a place then for the consumer. We have got to be farmers in Oregon-All farmers. The slogan of our Burns meeting is "Farm the soil. let the towns take care of themselves." A big meeting will be held at Burns on Oct. 2 and 3, when representatives from Eastern Counties will be present. Lake County should be represented by a dozen auto loads of citizens.
