In a speech at Kansas City last week Secretary of the Interior Fisher said that after a conference with President Taft he was convinced that he and the President are in thorough accord in regard to the policy of conserving the public domain. He said the Alaskan situation was discussed at the conference, and that he and the President were in agreement as to a "policy for that much misrepresented country." The Secretary said there. are two classes of conservationists. so called. He said one class was composed of those persons who do much talking and accomplish little except to criticize those workers whose services are really worth something to the cause of conservation. There is another class, he said, whose members agree on the conservation movement. but who prevent. instead of promote. the development of our natural resources. The Secretary said he was not under the management of Floor Manin sympathy with either of these ager Beebe. Everybody is guaranteed classes and that the real development an excellent time. The boys of the of the resources of the country must be the work of men who are not either division.
