Lakeview, Oregon, Thursday, February 8, 1912

THE METAL SCHEDULES

Some queer argument was used by the Democratic majority in the passage last week of the metal schedule in their announced policy of a general reduction of the tariff. Congressman Palmer, of Pennsylvania, was the Democratic leader in the debate, and he began by saying that he had no special information upon the subject and later that the committee submitting the revised schedule had had no hearings on the question and had not asked for any information from any one else.

According to Mr. Palmer's statement should the new schedule go into effect it will result in an increase of 35 per cent in the importation of metal products, at the same time reducing the revenue received under existing conditions \$250,000.

It also developed during the debate that should the new schedule be permitted to go into effect that Charles M. Schwab would make a clean-up of \$3,750,000 on a contract for 25,000,000 tons of iron ore from Sweden, the present tariff of 15 cents per ton being abolished.

Just how this country is to be benefited by replacing \$20,000,000 worth of home products by importing a like amount of foreign made stuff is not exactly clear to the average person. And besides should the often reiterated statement concerning the huge profits of manufacturers be true why would they permit the importation goods of any amount whatever? If they should lower their prices in accordance with that statement what would become of the "tariff for revenue only" theory?

It is possible that in certain instances tariff rates should be lowered, but to what extent, can only be determined by a close study of actual conditions surrounding the production of the articles under consideration, and not by persons who have acknowledged that they have no particular information on the subject.

New City Charter

Klamath Falls has drafted a new city charter which was completed last week and placed in the hands of the printers. A number of the citizens had been working a year on the preparation of the new charter, and the work was done so quietly that very few people knew anything of it. The charters of fifteen different cities were gone over and the best that was in them was taken out for use in Klamath Falls' new charter. The Chronicle says the voice of the people sanctioned the charter by the rapidity with which signatures were secured for the petition to the council.

Cattle Rustlers Caught

An organized gang of cattle thieves which, according to the authorities, has operated on Little Butte creek for two years, stealing in that time over 100 head of cattle, was broken up with the arrest of John McKee and Andrew Coffman, at Medford last week. A warrant is also out for Wilbur Coffman, who is also charged with rustling cattle.

Since the arrest of McKee and Andrew Coffman both have confessed to the crime and were bound over in the sum of \$500 to appear before the April term of the grand jury.—Medford Mail.

Chautauqua Circle

The Chautauqua Circle will meet at the home of Mrs. L. E. Seager, Monday, Feb. 11, at 7:30 P. M. Program: Roll call, current events, "The Novel," "The Purpose of Fiction," (Hamilton's "Materials and Methods of Fiction") introduction, Mrs. H. Bailey, Chapter I, Mrs. A. Bieber.

Notice to Builders

John P. Cook, architect and sanitary engineer, formerly of Alturas, wishes to announce that he is now located in Lakeview, with headquarters at Hotel Lakeview, and is prepared to meet any prospective builders, desirous of plans and specifications.

Water users are compelled to repair all defects in water pipes at once or they will be disconnected and a charge of \$1.00 will be made for reconnection. Lakeview Water Company.

Notice to Wizards

The Wizards are going to have a business meeting in their hall Friday evening, February 12, at which it is desired to have every member of the club in attendance.

STATE HIGHWAYS COMMISSION BILL

Lake Must Spend \$80,000 to Get Apportionment

One of the bills to be submitted at the general election in November of this year is the Proposed Highway Law, to create and establish a State Highway department and authorize the appointment of a State Highway Commissioner on an annual salary of \$5000 to be paid monthly, and to furnish him necessary traveling expenses while officially employed. He will be privileged subject to the approval of the governor, to appoint assistant help and a civil engineer. It provides for the appropriation of \$15,000 out of the state fund for salaries and expenses.

The State Highway Commissioner shall compile statistics relative to the public highways throughout the state, and shall collect all necessary information in regard thereto which he may determine important. He shall investigate and determine upon various methods of road construction adapted to different sections of the state.

It shall be the duty of the State Highway Commissioner to advertise for bids for the construction of public highways or bridges for a period of three weeks, in at least two newspapers in the county where the road to be constructed is to be located.

All contracts for the construction or improvement of public highways must be made in the name of the State of Oregon, approved by the Governor, signed by the State Highway Commissioner and approved as to form and legality by the Attorney General or his deputy.

The proceeds of all bonds sold by the State of Oregon annually shall be paid and covered into the state treasury for the purpose of building, maintaining and repairing the roads, highways and bridges of the state.

That sixty-six and two-thirds per cent of all of the license taxes paid through the Secretary of State and covered into the state treasury on motor vehicles be created a part of State Highway Fund.

Seventy-five per cent of the money of the State Highway Fund, available on the first day of June of each year, shall be divided equally among the several counties and paid to the County Treasurer of each county in state when the county has availed itself of the provisions of the act provided.

The remaining twenty-five per cent of the State Highway Fund available on the first day of June of each year shall be apportioned among the several counties of the State of Oregon according to the area of each county in square miles.

The above is a portion of the proposed bill as provided in the act. The following or section 6, shows that it will be necessary for Lake county to approximately spend \$80,000 on her roads before she would be entitled to a pro rata of the \$2,000,000 appropriated for the road fund.

"Section 6. That before any moneys are apportioned hereunder as above provided each of the several counties must first expend an equal amount of money in the construction of public highways in that county in said state, the whole of the work so done by said county to be done under the supervision of the State Highway Commissioner, but each county shall receive only from State Highway Fund a sum of money equal to the amount of money each year actually expended by said county in the construction of public highway in that county in said state, by and with the approval of the said State Highway Commissioner, and the aggregate of all sums so drawn by said county shall not exceed the amount apportioned by said county under this Act; and in the event that any county of said state does not expend during the fiscal year of the State of Oregon any sum of money upon the public roads of said state in said county, then all the moneys apportioned hereunder to any such county shall be covered into the said State Highway Fund, to be apportioned among the several counties next year, it being the express intention of this Act that no county shall receive in any event more than its part of the amount of expenditure in said county, and then only such part of

the sum so apportioned to it as said county shall have expended." A bill will also be introduced, permitting a county to incur a debt for permanent road building, by an election called by the county court upon a petition signed by ten per cent of the legal voters who are registered.

Silver Lake Items

It remained for A. B. Schroder to claim the laurels last week for capturing an old gray outlaw stallion that for ten years has corrupted the herds of horses ranging on the lava beds 40 miles northeast of Silver Lake.

Dams in a well on his homestead east of Fort Rock last Monday cost the life of Ray Duchanelet. He was let down into the well to begin work on shitt, but never regained consciousness after entering the shaft.

G. A. Johnson has determined that Silver Lake soil is adapted to the manufacture of brick. Upon a preliminary test he finds the soil elements ideal for this purpose.

New Pine Creek Items

Mrs. B. B. Williams, who has been visiting her parents Mr. and Mrs. Berry returned to her home Davis Creek Monday.

Dr. Amsden was called to the home of F. M. Green Monday to attend Frank Romer who was severely kicked by a horse.

Miss Hazel Miller went to Lakeview Saturday to visit relatives, returning home Monday afternoon. Mr. Richard Keller acted as teacher in the primary room.

Mrs. F. M. Green in her pleasant way, delightfully entertained the Ladies Aid Society at her beautiful home Friday afternoon, February 2. Twenty-four ladies were present. After a short business session a splendid program was given after which dainty refreshments were served.

Registration Books, in charge of G. H. Aldridge will be found at the Post Office. All voters on the Oregon side desiring to register may do so now.

Messrs. Schauers and Laughlin of the Sunshine Mine spent Sunday at home, returning to the mines Monday.

Mrs. C. M. Taylor entertained a party of young people Saturday evening at dinner, in honor of the birthdays of her daughter, Mrs. Lillian Reed, and son, Cecil Taylor.

Jim Bernard was in town Monday on business.

New Pine Creek will soon have a depot. A large crew of men are working and the building is going up very rapidly.

Farmers are taking advantage of this glorious winter weather and in nearly every field several teams are seen plowing.

Mr. David Worthington is visiting old friends at Davis Creek.

Miss Ethel Henderson has gone to Alturas for several weeks visit.

Mr. Mayfield of Lakeview and Mr. Joe Smith of New Pine Creek, shipped the first carload of cattle over the N.-C.-O. Railway from New Pine Creek.

Mrs. Jessie M. Carr spent the week end visiting her parents, Mr. and Mrs. J. A. Ewing at Alturas, where Mr. Ewing is receiving treatment for his hand.

M. V. Crawford of Davis Creek spent several days in town last week.

P. M. Corv of Lakeview was a business caller in town the first of the week.

H. M. Fleming left last week for the South on a business trip.

Walter Fleming is suffering from two broken ribs, the result of a mix up with a mule.

In one of the leading papers a short time ago there appeared this article. "A man had asked Thos. Edison what were the two greatest inventions of the year 1911, and heading the list was Salvarson, or 606." Salvarson is a new treatment for a specific infectious disease and requires great skill in using. Dr. Patterson has used it very successfully and as it has never been tried in either Lake or Modoc counties, much honor is due Dr. Patterson who has used it so successfully.

Henry Wendt, Jr., received his soda fountain last Monday, which he sent below to have retinned. Mr. Wendt will open up his Ice Cream business in the near future.

A Leap Year Ball will be given at Wendt's new opera house, February 16, 1912. Tickets including supper at Lake Hotel \$2.00. The Ladies will have full charge of dance. Gentlemen free.

There was no moving pictures here last Tuesday and Thursday nights. Mr. Wendt let Mr. Alford Smith, of Lakeview, have his machine so Mr. Smith could run the Wolgast and Moran fight reels on Tuesday and Thursday nights.

George Wendt made a trip to Lakeview last Monday on business.

When her child is in danger a woman will risk her life to protect it. No great act of heroism or risk of life is necessary to protect a child from group Give Chamberlain's Cough Remedy and all danger is avoided. For sale by all dealers.
