WILL SUPPORT TAFT

The Examiner firmly believes that the best interests of Oregon and every state in the Union can best be served by the renomination and reelection of President Taft, and by reason of such belief will heartily support his candidacy for renomination. As all its readers know, the Examiner is not a hide-bound partisan paper, and usually devotes very little space to political discussions. On the other hand it never hesitates to express its preferences, and in its support of President Taft believes that it will meet the approval of a large majority of the people of Lake county. Few have ever questioned President Taft's honesty of purpose, and those who have done so are either rank partisans or are opposed to some of his policies. All cannot agree as to what is best to do when certain conditions arise, as a matter of course, but most of us want to do that which we think will be for the best interests of all.

The Examiner has no fault to find with persons who oppose the President, believing that they are prompted to do so by the same motives that prompt the Examiner to support him—that is, honesty of purpose. Therefore there will be no abuse of other candidates, but on the other hand the truth will be told as the Examiner sees it.

And it might also be stated that should Mr. Taft fail of renomination, there will be no hesitancy on the part of the Examiner in supporting the successful Republican nominee, for it believes that the people of the United States will continue to be the best governed people in the world so long as that party remains in control of the affairs of state.

The initiative road bills, as proposed by the Oregon Good Roads Commission, seems to be meeting with general opposition throughout the state. The large amount which would be appropriated for good roads should the bills become a law seem to stagger the people, as it were, but on the other hand all seem to agree that it is none too much for the purposes intended. It is proposed to issue yearly \$2,000,000 State bonds for 10 years and the several counties to raise an equal amount. The howl is then made that at the end of 10 years there would be an interest charge of \$2,000,000 yearly, and so on. The benefits to accrue from the expenditure of such a sum in building highways throughout the State is not taken into consideration. It is not at all improbable that with the expenditure of \$40,000,000 on State highways the increased wealth of the country and saving in transportation each year would cover many times over the interest charges and whatever sinking fund might be necessary.

Representative McKimble, of Illinois, has been chosen chairman of the Republican Congressional Committee, and as such will be in charge of President Taft's political interests from now until the Chicago convention in June. In announcing the plans of the campaign Mr. McKimble stated that the "idea now is to arrange within a few days for a central bureau, from which the country will be informed in a thorough manner as to what the Administration has accomplished. There will be no attacks on other candidates, no intriguing. It will be an open campaign. Mr. Taft will stand on the record of his administration and the record of his party." Such action will put the issues squarely before the people and also afford his opponents and detractors an opportunity to safely lambast the President with no fear of retaliation in kind.

"It would be a breach of professional courtesy for me to enter Governor Harmon's own state, when he, like myself, is a candidate for the Democratic Presidential nomination," said Governor Woodrow Wilson, of New Jersey, in declining an invitation to address the Ohio Presbyterian Convention. All candidates are not built alike, however, and invading the "enemy's country" is quite a popular method of procedure with some.

The La Follette boom seems to have already reached a state of collapse, many of his followers having deserted him in favor of "Teddy Roosevelt." The latter continues to keep "mum," and no doubt will remain so until what he considers the auspicious moment. Should that time not arrive or should he for any reason refrain from becoming a candidate, his voluntary supporters will be in sore distress.

John P. Rusk, Speaker of the House of Representatives at the last session of the Legislature is out for the Republican nomination for Congress, his slogan being "For Roosevelt and Progress, Against Taft and Standpatism." It would be quite interesting to know what Mr. Rusk's position will be should Taft be renominated. Let "Jerry" proclaim himself.

It is announced that A. F. Shartel, editor of the Modoc Republican, and a lawyer of Alturas, is a Republican candidate for the Assembly in the Fourth District—Lassen, Modoc, Plumas and Sierra counties.

Lakeview Represented

A special from O. A. C., Corvallis, says the following in regard to the college's tournament teams of cadets:

Tonight, Feb. 10, the big armory at the Oregon Agricultural College will be crowded with spectators for the annual military tournament, which is always a drawing card in the year's calendar. The entries for the various races and competitions are numerous, since a long list of prizes has been offered for the winners of the different events by local jewelers, druggists, merchants, and sporting goods dealers.

Among the names mentioned to represent the competitive drill for privates was W. L. Dutton of Lakeview, and L. F. and G. D. Cronemiller were Lakeview representatives in the sergeants drill. The entries from each battalion of four companies formed a team, making three teams to compete. For the relay race the distance was 80 yards and return for each runner, and the same in the equipment race.

Council Elects Marshal

Wm. McCulley was elected last Thursday night by the town council to the office of city marshal for the next year. Mr. McCulley, having worked a great deal for the town is thoroughly familiar with the streets and local conditions and no doubt will make a good official.

M. Whorton, former night watch but who has been serving in the capacity of day marshal since the demise of Ernest Brown, was reinstated to his old position as night watch. Mayor Rinehart said it was the intention of the board to increase the police force of the town, as it was impossible for one man to attend to all the duties connected with the office and ere long both night and day forces will probably be doubled.

Card of Thanks

In lieu of the opportunity to personally thank the many who so enthusiastically labored to save our property during the recent fire, we desire to publicly express our appreciation of the help rendered by many friends and strangers. Their kindly and heroic assistance will always be held grateful in remembrance.

Mr. and Mrs. C. U. Snider.

He is in a good position to handle it satisfactorily and will no doubt make good. Wm. Kendall drove the first stage out under the new management Wednesday morning.
