Lakeview, Oregon, Thursday, April 11, 1912

That the finances of Lake county are most carefully guarded is attested by the report of the examiners published elsewhere in this issue of the Examiner, and the report reflects much credit upon the several county officials handling and carrying for the funds. The examination was made by a committee consisting of H. A. Brattain, vice president of the First National Bank of Paisley, H. M. Fleming, a well known business man of New Pine Creek, and V. L. Snelling, secretary of the Lakeview Mercantile Co., all men of integrity and high standing in the country. From their report it is evident that they made a careful and painstaking examination of the records of each officer and found that every cent received had been properly accounted for. Some of the other counties throughout the State are experiencing trouble on account of alleged misappropriation of public funds, and it is therefore pleasing to know that our public officials are conducting their offices along business lines of good judgement and economy. For the committee also states in its report that each officer is doing all that he can to perform his full duty for the best interests of the public.

"Violets" Entertain

The "Violet" division of the M. E. Aid society, entertained the "Red Roses" at an experience meeting, at the home of Mrs. Dan Chandler on Monday evening, April 8. A short program was rendered consisting of a solo, "Amid the Roses" by Mrs. Leonard. Reading by Mrs. N. T. Corv, vocal solo "Message of the Violets" by Mrs. W. P. Dyer. Recitations by Barbara and Jean Corv. After which the ladies of the Violet division told in a varied and amusing manner their methods and experiences of earning their dollar. After various amusing games, dainty refreshments were served. Souvenirs of the occasion were given to each guest.

Lyman In Again

The Klamath Falls Northwestern says that according to a wire received by the Federal authorities in San Francisco Louis T. Thorne, the nurse charged with aiding Dr. J. Grant Lyman to escape from an Oakland hospital while he was retained with a broken ankle when a federal prisoner charged with Panama land frauds and who escaped with four other prisoners from the Klamath Falls jail last September, is under arrest in Mill, New Mexico. It will be remembered that Lyman and Thorne were apprehended at Lakeview and were taken from there to Klamath Falls. At Klamath Thorne and other prisoners escaped while Lyman remained on account of his injured ankle and he was sentenced to 18 months on McNeill's Island.

Baptist Easter Program

The following is the program of the Easter entertainment at the Baptist Church, Praver, Rev. Simmons: "A Spring Hat," Vera Thorton; "An Easter Dream," Millie Post; Saxophone Solo, "The Holy City," Mr. Darnell; "Easter Eggs," Nettie Cheney; Sketch from "The Prince of Peace," by Wm. J. Bryan, Lucile Bailey; Song, Class of Girls: "The World's Easter Bonnet," Bets Reed; "An Easter Basket," Nellie McDonald; "The Easter Rabbits Egg," Wilma Grob; "The Easter Lily," Amy Ozle; Solo, "My Dollie's Prayer," Millie Post; "The Risen Christ," Geneva Thorton; "The Wild White Rose," Dollie Blackburn; Saxophone Solo, Mr. Darnell; Short Easter Talk by the Pastor.

High Water In East

The Nevada State Journal says that the floods waters in the Mississippi the past week have reached the highest stage ever recorded. Thirty thousand are homeless, thirty people have been drowned, and a property loss of ten million has been incurred, due to the ravages of the pitiless waters. The ravages extend from points in Illinois to threatened places in Tennessee and Mississippi. Railroad traffic is paralyzed and hundreds of persons are still menaced by the tide of the river at points in lower Missouri. Northwestern Tennessee, and Arkansas. The crest of the flood Sunday began extending from the Missouri line southward.

To Whom It May Concern

I am legally qualified for the office of county superintendent. Educationally I am qualified for a life diploma. I elected I will not engage in teaching while in office.

Encouraging Letter

The letter published below is self-explanatory and will interest not only the Chautauque Circle but many others in our city.

Editorial Offices, 23 Union Square, N. Y., April 2, 1912.

My Dear Mrs. Pryse: I have just been reading the newspaper clipping of the Lake County Examiner—describing your evening of advertisements and I want to send my congratulations to the 1912's for their originality and to tell them how much I wish I might have been there to enjoy the fun. Do let us know when you do anything so jolly again.

I hope you are enjoying the American Year. I am sure you must be putting plenty of ginger into it for I imagine from this account that you have ginger and to spare for arousing interest in anything and everything.

Cordially yours,

Mabel I. C. Smith, President

C. L. S. C. Class 1914.

Mrs. J. R. Smith, Assistant

Editor, The Chautauquan.

Additional Briefs

Harry A. Utley, candidate for the Republican nomination as County Clerk, was in Lakeview yesterday.

O. T. McKendree has been looking into the legal phases of the matter and finds that the City Council is without authority to prevent the construction of his sheep shearing plant. Hence on Friday he resumed the erection of the corral which when completed will afford ample room for the sheep and will keep 32 shearers busy during the season.

Dick Kingsley is plating a ten acre tract that he formerly bought of Aloh Reed, west of New Pine Creek, on State Line. This tract is separated by State Street (the State Line) from the forty acre tract which the N.-C.-O. Ry. recently purchased from Felix Green and is now subdividing. Dick went down Tuesday with the engineers to get the tract ready and will put the same on the market at \$200 per lot.

The Snider Opera House is rapidly nearing completion, and will probably be ready for occupancy by the 10th of May. The place is entirely enclosed, and the outside painting is completed; the carpenters are now doing the finishing work on the inside. It is considered best to lay the hardwood floor last, in order that it may receive the least injury possible from the workmen.

With the opening of the Coast League on the first, and of the American and National Leagues this week, besides numberless minor leagues, the baseball season is on in full blast, and from now until the whistle blows next Fall the thoroughbred bred fan, be he in Portland or Spook Hollow, will be following his favorite performers in the papers, and many a scrap will take place as to the relative merits of this or that player.

Those who failed to hear J. D. Stevens lecture on Shakespeare Monday evening missed a rare treat. The gentleman proved himself not only a careful student of the great writer, but showed himself to have much historical ability, and the several selections he favored his audience with were highly appreciated. It is seldom that Lakeview is favored with such entertainment and it is therefore all the more appreciated.

S. A. Lester was down from Silver Lake over Sunday, having brought the election returns down. Mr. Lester has the same pleasant smile as of yore, and appears as if perfectly satisfied with the world in general. He had not been in Lakeview since 1909 and was pleased with the evidences of prosperity which greeted him on every side. It might be incidentally mentioned that he received a warm greeting from his numerous friends hereabouts.

Saturday afternoon Mrs. W. H. Shirk received a telegram to the effect that her mother was dangerously ill at Berkeley, California, but too late to catch the afternoon train. So with an auto in readiness to take her to Alton to catch the Monday morning train she besieged the telegraph office Saturday evening and Sunday, to finally be rewarded with word that her mother was out of danger and had improved to such an extent as to render the trip unnecessary.

Bids closed 30 days from date of first issue, April 11, 1912.

OFFICIAL REPORT ON LAKE COUNTY'S FINANCES

To the Hon. County Court of Lake County, Oregon: Gentlemen: We your committee appointed to examine and verify the books of the Sheriff, Clerk and Treasurer, from January 1, 1911, to January 6, 1912, both dates inclusive, report as follows, to-wit:

We find that during the time mentioned, W. B. Snider, as sheriff, received from all sources, and paid to the treasurer, as shown by his receipts, the sum of \$88,520 39 And during the same period F. W. Payne, as clerk received as fees, and deposited with the treasurer, the sum of 6,318 50 In the county treasurer's office we find that F. O. Ahlstrom treasurer, including the balance on hand per last report, Jan. 1, 1911, received from all sources 167,869 44 And disbursed per vouchers on file the sum of 139,678 57

Leaving a balance on hand of \$28,190 87 Which sum is distributed and kept in the following funds to-wit: General fund 16,856 54 Road fund district number one 108 13 Road fund district number two 255 70 Road fund district number three 258 43 Road fund district number five 42 00 Road fund district number six 147 50 Road fund district number nine 371 00 Road fund district number thirteen 109 13 Road fund district number fourteen 255 00 General road fund 2,894 03 General school fund 2,213 20 Institute fund 277 50 Library fund 129 43 State treasurer fund 42 05 School district number one 66 School district number two 92 54 School district number three 23 68 School district number four 109 57 School district number five 147 44 School district number six 8 17 School district number seven 1,818 97 School district number nine 80 School district number eleven 37 17 School district number twelve 18 03 School district number thirteen 102 30 School district number fourteen 36 00 School district number nineteen 215 02 School district number twenty-two 383 58 School district number twenty-three 17 63 School district number twenty-four 27 92 School district number twenty-five 401 85 School district numbers eleven and twenty-three 453 41 Boundary board fund 100 00 Escheat fund 136 49 \$28,190 87

All special school funds in the hands of the treasurer were levied by, and belong to the several school districts herein named.

The general school fund is under the control of the county school superintendent and is apportioned by him among the several school districts of the county in conformity with the law on that subject.

There are only two funds over which the county court has any jurisdiction, the general and county roads funds.

In the general fund there is in the hands of the treasurer \$16,856 54 And outstanding warrants against it 1,716 01

Leaving a balance at this date of 15,140 53 In the county road fund there is 2,894 03 And outstanding warrants against it of 717 13

Leaving a balance against it of \$2,177 90

We also find that the books and records of the various officers are kept in a neat, clear and orderly manner, and commend the county court for its persistency in its bi-monthly system of examining and checking the books of each department at each regular session of the county court, which obviates any errors to become of long standing.

We also commend the action of the county court in the plan adopted regarding the purchasing of supplies, where each officer is required to make his requisition to the court for its examination and approval and when so approved by the court it is placed in the hands of the county clerk who is appointed as the purchasing agent, with instructions to solicit competitive bids from the various dealers. This system will, no doubt, become the means of much saving in the purchase of supplies.

In view of the fact that the cost of assessing, collecting, stationary and stamps are in many cases in excess of the taxes received from small tracts of land, we would suggest that no real estate be assessed at a figure lower than will produce 50 cents in taxes.

We believe the people of Lake county are to be congratulated upon the business like manner in which the county affairs are being conducted and that no county in the state of Oregon has less cause for complaint of the work of her officers.

Respectfully Submitted,

(Signed) H. M. FLEMING,
H. A. BRATTAIN,
V. L. SNELLING.

Paisley Pick-ups

(Chautauquan Press)

J. W. Nelson, of Anna River, was in Paisley Tuesday night enroute to Lakeview.

The Northwest Townsite Co. will have samples of soil analyzed from all parts of the segregation for the purpose of ascertaining what crops are best suited to it.

The little daughter of V. O. Z. Morgan had a narrow escape from death Tuesday evening. She got hold of something, it is not known exactly what, and swallowed it, experiencing great agony before help came. The parents telephoned for Dr. Thayer, who went out by automobile, finding the child much better, she having been fed fresh eggs and sweet milk to counteract possible poison.

Dr. A. A. Witham was in Paisley for the first time in some months Saturday. He is looking very well, but says that this altitude does not agree with him. While he would rather spend the balance of his life in Summer Lake Valley than anywhere else on earth, his health will not permit, and as soon as he can arrange his affairs here, he will take up his residence in Hayward, California. The Dr. is one of the best boosters this country has ever had and his departure will be a distinct loss to the community.

F. H. Oliver last week arrived from Spokane on business connected with the Deen creek power project. Mr. Oliver had no statement to make concerning his intentions, and he left Monday morning for the power site.

Silver Lake Items

(Silver Lake Leader)

Everett Emery has returned with a part of Mr. Williams well drilling outfit and reports that the rest of the outfit is having a hard time getting through the timber as the roads are in a muddy condition and much snow on the ground.

Mr. O. Morris who has been publishing the Leader for sometime past, will leave for Portland today, where he has accepted a position on the Oregonian. While here he made many friends and the best wishes of the community go with him to his new field of labor. Good luck brother.

County Commissioner Anderson was in town during the week and is looking after the roads. He expects to have the various supervisors in the northern part of the county at work in a short time and we may expect to see some good roads in the near future.

Last Monday Jas. Wakelfield made an assignment of his liquor store and billiard room for the benefit of his creditors. Dave Dodson is in charge pending the order of the court.

Artesian Hole in sinking a well for Mr. Richards struck a heavy flow of gas. Although they got a nice flow of water at 200 feet Mr. Richards is going deeper.

The Lakeview Commercial Club met in regular session Monday night but owing to the other meetings and entertainments adjourned to meet next Monday, the 15th at which time a full attendance is desired.
