## O. A. C. STUDENTS WILL GIVE PLAY

Some of Lakeview's Young People Will Act in Leading Roles

Oregon Agricultural College, Corvallis, Ore., April 9.—"Mary Jane's Pa" will be the first play presented by Mask and Dagger, the new dramatic organization at the Oregon Agricultural College. On Saturday night, April 27, a cast of fifteen young people representing Kentucky, California, Washington, Mexico, and five cities of Oregon will produce this rural farce comedy in the Corvallis Opera House, under the direction of Mrs. H. B. Carter, Seattle, who was also coach for the junior play, "The Lady from Brazil," which filled the theatre to the doors last Friday night. An entire new set of scenery has been painted for the play, and will be the property of the club. Properties have been purchased which belonged to last year's senior play, and the club will in time be equipped with full sets of wings, drops, and important properties for future productions.

The stage management for the play will be in the hands of Harry G. Smith, Portland. The leading parts will be taken by Miss Cuba Amick, Lakeview, who will be "Mary Jane," and L. C. Hill, Bereas, Ky., who will be her "Pa." Hiram Perkins, the other members of the cast are as follows: "Portia Perkins," Wilda Solomon, Salem; "Rome Preston," a young lawyer, H. I. Padgham, Santa Ana, California; "Joel Skinner," Francis E. Weer, Pasadena, California; "Lucile Perkins," Ruth Shepard, Roosevelt, Washington; "Ivy Wilson," Lydia Harris, San Diego, California; "Barriete Sheridan," W. H. Belknap, Prineville; "Line Watkins," R. T. McKee, Lakeview; "Claude Whitcomb," L. F. Cronmiller, Lakeview; "Lewellyn Green," C. W. Clark, Canyon City; "Star Skinner," J. P. Cook, Portland; and "Eugene Merryfield," E. C. Brownlee, Aguascalientes, Mexico.

## Mrs. Morgan Entertains

The Presbyterian Ladies' Aid met at the Masonic Temple last Thursday afternoon, and after an afternoon of the usual work of the organization, were admirably entertained by Mrs. H. W. Morgan with a delightful luncheon consisting of salad, coffee, tea, biscuits and several varieties of cake. Those present were: Dr. and Mrs. Pryse, Mr. and Mrs. Umbach, Mesdames Jackson, D. Cronmiller, Miller, Britten, Cloud, Brown Barnes, Linville, Dykeman, Combs, Combs, Robertson, Cheney, Ino, Arzner, Simmons, Loftus, Peacock, Alger, Riddels, Isenhardt, Auten, Corbett, Willets, Campbell, Morgan, Everett, O'Neill, Bliss, Cummins, Vandervoort, Dunlap, Glazner, Cloud, Rehart, Webster, Struck, Wharton, Koezer, Mayfield, Heryford, Will Heryford, Taylor, Wilson, Easter, Conn, Nelson, Storkman, Newell, Misses Pauline Oliver, Hattie Nyman, Gwendolyn Corbett, Louise Bosworth, Messrs. Campbell, Pryse, O'Neill, Corbett, Webster, Gibbs, Kooze, H. W. Morgan, O. D. Morgan, Riddels and Dr. Everett J.

## Chautauqua Circle

The Chautauqua Circle will meet at the home of Mrs. T. V. Hall Monday, April 22, 7:30 P. M. Program, Roll Call, Current events, "A Decade of Economic Discussion" Adams, chapter IX, Mrs. N. T. Cory, "Pioneer Labor Legislation in Illinois" Adams, chapter X, Mrs. T. V. Hall, "Immigrants and their Children," Adams, chapter XI, Mrs. G. W. Johnson.

## Fredrick Grant Dead

Major General Fredrick Dent Grant, the eldest son of U. S. Grant, eighteenth president of the United States and himself commander of the Department of the East, died at the Hotel Buckingham in New York about 12:40 Friday morning. Heart failure was the cause.

## Notice to Sheepmen

My corrals in Canas Prairie will be ready for shearing by May 15. Good range surrounding corrals. All are especially invited to shear there. Good California crew. Terms reasonable. A18Jul15

## HIGH GRADE ATTRACTS OUTSIDERS

Klamath People Becoming Interested in Gold Camp

A dispatch from Klamath Falls to Sacramento Bee, says: The new mining camp of High Grade, five miles from New Pine Creek and just over the Oregon line in California, is attracting the attention of a large number of Klamath Falls people, several of whom are making preparations to visit the mining camp. J. Scott Taylor and Nelson Rounseville, both of Klamath Falls, are already on the ground and several of their friends are awaiting word from them before joining them. New Pine Creek is 120 miles from Klamath Falls and, according to reports, promises to be one of the greatest mining camps in the Northwest.

People from Lakeview say that on Wednesday last week the "Seven Thirty" Gold Mining Company was organized and is to be incorporated under the California law with the home office of the company at New Pine Creek, Oregon. This company will own and operate three claims of about fifty-four acres of the most centrally located ground in the High Grade Camp and with development on other properties the new gold field presents great activity.

James Llewellyn, accompanied by Charles L. Fulton, both of Los Angeles, arrived in New Pine Creek a few days ago to buy options and to take up other ground already under option.

## Additional Briefs

Beck beer for German day at Lane & McAullis'.

Mr. Feeler, the father of Mrs. T. E. Bernard and Mrs. Frank Duke arrived last week to pay his daughters an extended visit.

S. B. Turner, a former resident of Lakeview but now of Klamath Falls, has mining bee buzzing around him, and a few days since in company with a couple of friends arrived here in search of a mine. He feels certain of becoming a millionaire in the near future.

All sorts of rumors concerning the natural gas struck at Summer Lake last week continues to reach Lakeview. In at least one well it is stated that a flow of oil preceded the artesian water, although the oil flow continued but a short time. The well in which the gas was struck will be sunk deeper and an effort made to find oil.

Mrs. H. H. Riddels entertained a small party at cards Monday night. There were three tables, and the prizes were won by O. C. Gibbs and Miss Trixy McVey. Those present were: Misses Gloster and McVey, Mesdames Bernis, Magilton, McCurdy, Moss, and Everett, Messrs. Gibbs, McCurdy, Moss, Riddels, and Dr. Everett.

Mr. and Mrs. Sam McKee this week left for the Willamette valley where they expect to locate. They will first go to Corvallis where Robt. McKee, Sam's father, is now living, and then choose their future home. Their many Lakeview friends will miss them greatly and sincerely wish them success in their new home.

And still no contract has been awarded for the construction of the Paisley Irrigation Project, that is so far as is known locally. However, it is not likely that the letting of the contract will be delayed much longer, as weather conditions are ideal and the time limit fixed by the State makes it necessary for the company to get busy at the earliest possible moment.

The little daughter of Mr. and Mrs. Arthur Highfield, living 25 miles east of Plush, a few days since was thrown off a mule she was riding resulting in a compound fracture of the right arm just below the elbow. She was immediately brought to Lakeview where Dr. T. V. Hall reduced the fracture. Although the injury was a very serious one no ill results are expected to follow.

## Puppies For Sale

Puppies for sale half blood and fox hounds, guaranteed to be good trackers and full of stamina. Price \$5 each. H. A. Utley, Valley Falls. A18Jul25

## Postoffice Appropriation

The Nevada State Journal says that with every prospect of long debate, the house on April 9, began consideration of the post office appropriation bill carrying \$259,827,749, provision for a rural parcels post, steel mail cars after 1917, an eight hour day for clerks and carriers in first and second class offices, increases in pay for rural carriers and other reforms.

Interest centered in the rural parcels post provision and Chairman Moon admitted it was the opening wedge and an experiment. Representative Murdock of Kansas, to the amazement of all his colleagues, pointed out that the bill did not repeal the present rate of twelve cents a pound for packages.

"Under this system," he said "a man who goes to the postoffice with a package weighing 14 ounces and having 12 cents to pay for it would be told that it would cost 14 cents. He would however add the necessary two ounces to make the weight an even pound and send it for 12 cents.

## Shearing Corrals

J. H. McDowell, one of the many enterprising farmers of the West Side, who bought the Joe Ambrose ranch last summer, is busy rebuilding his corrals. McDowell has a crew of shearers from California engaged, and he is preparing to haul the wool himself. His prices for shearing and hauling will compete with any corrals nearer town. His dipping plant will be run on the same principle.

## A Bird's Barbed Wire Fences.

There may be seen along the roadsides in Central America a brown wren about the size of a canary which builds a nest out of all proportion to its apparent needs. It selects a small tree with horizontal branches growing close together. Across two of the branches it lays sticks fastened together with tough fiber until a platform about six feet long by two feet wide has been constructed. On the end of this platform nearest the tree trunk it then builds a huge dome shaped nest a foot or so high with thick sides of interwoven thorns. A covered passageway is then made from the nest to the end of the platform in as crooked a manner as possible. Across the outer end, as well as at short intervals along the inside of this tunnel, are placed cunning little fences of thorns with just space enough for the owners to pass through. On going out this opening is closed by the owner by placing thorns across the gateway, and thus the safety of the eggs or young is assured.—Brooklyn Eagle.

## Penknives.

Nowadays we use penknives principally for sharpening pencils. There was a time, however, when they were used primarily for doing something else. They used to be just what their name would indicate—they were "penknives." The ancients used pens made of goose quills, just as our forefathers did up to about a hundred years ago. The quill pen was made by hand, of course, and whenever the point of one would break or lose its elasticity it was up to the penman to put a new point or "nib" on the quill. This was done with a small knife, and hence we have the word that has outlived the quill pen a hundred years—"penknife." In the olden times the penknife was a necessary accessory of the writing desk. When the clasp-knife came in the smaller sizes took their name from the little desk knife, while the bigger ones were called "jackknives," "jack" signifying anything masculine or big and strong.—Kansas City Star.

## How Leap Year Started.

Hampson, in his "Medii OEVI Kalendarium," quotes the following quaint tradition from an old Saxon treatise: "Some assert that the bissextus or leap day comes through this, that Joshua prayed to God that the sun might stand still for one day's length that he might sweep the heathen from the land that God had granted him and his followers. It is true that the sun did stand still for one day's length over the city of Gabaon, but the day went forward in the same manner as other days. And the bissextus is not through that, as some do think."

In France and some parts of Spain and Portugal there exists a tradition known as "the ghost of leap year." Believers in this say that a marvelous monster annually appears on leap day and disarranges human affairs for the remainder of the year.

## Fooled Him.

"Why am I like a pin?" asked Mr. Jones triumphantly of his wife. He expected she was going to say, "Because you are so sharp," and he was simply paralyzed when she replied: "Because if you should get lost it wouldn't be worth while to spend time looking for you."

## Yes, He Was Good.

"Were you a good boy in school today?" "I think so, dad. Anyway, teacher called me a holy terror."—Buffalo Express.

## Lived on Water.

The Tramp-I once lived on water, lady, for six months. The Lady—you don't look like it. How did you manage it? The Tramp-I was a sailor.

To have failed is to have striven; to have striven is to have grown.—Maltbie D. Babcock.

## New Pine Creek Items

J. S. Henderson has rented the dining room and kitchen of the Blurton, and will take charge April 17th.

Hert Snyder of Lakeview was a caller here Sunday.

J. M. Stone of St. Paul, Minn., who has a controlling interest in the Consolidated Mines, this week sold the mine to J. H. Adams and H. W. Milsprough, San Francisco.

One hundred and fifty people left Denver Colo. Monday April 15th, on the High grade special. New Pine Creek will get at least 50 per cent of the people. Another special will leave Denver the 20th of April for the High Grade district.

J. H. Adams and H. W. Milsprough of San Francisco have bought the southeast corner lot on Main and State St. of Will Schueters, consideration \$2000, on which they will erect a modern first class hotel, dimensions 50 by 112 feet. This is what New Pine Creek has needed very much and especially to accommodate the rush of people coming in.

The Pitt River Hardware Co. of Alturas Cal., have purchased lot no. 6 on South Main St. and will begin building at once. As soon as the building is completed they will put in a complete line of hardware.

H. W. Bucelle, a prominent mine-owner of Cripple Creek arrived in New Pine Creek, Thursday with his wife. He will engage in the lumber business.

Chas. Fulton of Los Angeles arrived here last week. He expects a company of men from there the first of the week.

Geo. Chronder and Sylvester Gallagher will leave in the near future for Cedarville, Cal., where they will operate a moving picture show.

Dr. Knox of San Francisco has located here, having gone into partnership with Dr. S. Patterson.

Preston Wise of Paisley came Tuesday for a visit with his parents, Mr. and Mrs. G. W. Wise.

J. A. Ewin arrived home Monday from Alturas, where he has been receiving medical treatment.

Work is being pushed very rapidly on the Lake Hotel.

E. Keller has purchased the lot joining Fleming Bros.' store on north Main St. and will begin the erection of a two story building at once. W. S. Dupont of Bidwell, has leased the first floor and will put in a first class drug store. Drs. Patterson and Knox will have offices on the second floor.

The Western Union Telegraph Co. have located their office in the Wendt building.

We are glad to learn that the N.-C.-O. have such faith in New Pine Creek. The new townsite purchased by them has demonstrated this and we hope it will not be long before warehouses, machine shops and the round house will be stationed here. New Pine Creek knows a good thing when it sees it and the N.-C.-O. knows a good thing when it sees it.

Dr. Eastman of Alturas is expected to arrive on the evening train Tuesday for a short stay.

Nelson Rounsevell, of the Klamath Falls Land Co., has taken up a residence here. Mr. Rounsevell is an able promoter and will be a great benefit to New Pine Creek. He expects his family from Klamath Falls in the near future.

## Silver Lake Items

(Silver Lake Leader)

were elected: Mayor, C. E. Reed; Councilmen, F. M. Christian, J. B. Gilliam, J. H. Gowdy, S. W. Martin and W. M. Duncan; Recorder, G. W. Marvin; Marshal, P. D. Roeder; Treasurer, E. E. Reed.

The dam in Thompson valley, owned by Geo. Small, went out last Tuesday night.

Last Saturday evening the ladies of Silver Lake gave a leap year dance at the Odd Fellows hall. A large crowd was in attendance and all had a most enjoyable time. The boys all admit the girls know how to conduct a dance and hope they will repeat the program often during the year. Alvin Wright's orchestra furnished the music.

Warner Snider came up from Lakeview last Saturday from Lakeview in his auto and spent the day shaking hands with friends, and incidentally feeling around for a few more votes. His opposition is very light and he is losing no sleep over the result on election day. Warner is an excellent officer, and by his pleasant manner in dealing with all who have business in the sheriff's office has made many friends, and it is useless for any one to buck up against him.

John Ukila, a Finn who has a home-stand near Arrow, was brought to town last Friday by Deputy Sheriff Reeder in a demented condition. He had been wandering around the country for several days and acting in a very peculiar manner, he refused to eat and was in a very pitiful condition. Sheriff Snider took him to Lakeview Sunday, where the county court will make an examination and decide as to his sanity. Harvey Buckner was taken along as a witness.

## Paisley Pick-ups

(Chewaucan Press)

Dr. S. S. Thayer made a business trip to Lakeview last Friday, and returned Saturday.

Thos. H. Sherlock, well known in Paisley, stayed over Sunday here on his way from Davis Creek to Summer Lake.

The homeseekers are arriving in Paisley in increasing numbers, there being four from the south and six from the north Saturday. A big rush is predicted in about a week.

The Chewaucan and Summer Lake Electric Light and Power Co. met in Paisley last Saturday and proceeded to organize. The directors elected were: C. L. Withers, Martin Lauritsen, L. A. Moss, Phil Woodward and F. L. Young.

Sheriff Snider went to Silver Lake Saturday and took in charge a Finlander from the Fort Rock country who had suddenly gone insane. He brought the man back through Paisley Sunday. It seems the afflicted man was a home-steader, but no reason can be assigned for his lapse of reason other than the lack of companions. He will probably be taken to an asylum.

Road Supervisor B. W. Farrow has gone to Alkali Lake, from which point he will start in on the road between there and Paisley. He took a good crew of men with him and a camping outfit. This road can be put in first class condition with little work but as it is at present an automobile cannot make the passage over it, on account of the high centers. All the rock will be taken out and as this highway connects with the one from Egoli and Butte, we may expect the ranchers in that country to use it, in coming to Paisley for supplies.

Chas. Jefferies, who has been working on the ZX ranch, and who has offended before, caused a serious disturbance in Paisley Friday night. He had been riding his horse at a furious gait through the streets and Marshal Clarkson cautioned him. In reply Jefferies rode his horse full tilt at the marshal with the intention of riding over him. Clarkson kept out of the way of the horse and to avoid arrest Jefferies left town. He returned however at about 10 p. m., and gave notice that he intended to rope the marshal and drag him out of town. As he was taking down his rope to put his threat into execution, the marshal fired a revolver twice, the bullets passing close to the vaqueros head. Jefferies hasn't been seen since, for the way he got out of town resembled a scared cat, or a dog with a can tied to his tail. It is probable that the town has seen the last of him.
