DANGER IN DELAY

Kidney Diseases Are Too Dangerous for Lakeview People to Neglect

The great danger in kidney troubles is that they get firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lumbar, lameness, soreness, urinary troubles, dropsy, gravel and Bright's disease, follow in merciless succession. Don't neglect your kidneys. Help the kidneys with the reliable and safe remedy, Doan's Kidney Pills, which has cured people right here in this vicinity.

N. Marchand, Warden Ave., Klamath Falls, Ore., says: "About two years ago I first noticed symptoms of kidney trouble. My back pained me intensely at night, owing to too frequent passages of the kidney secretion. Doan's Kidney Pills were finally brought to my attention and I began using them. They restored my kidneys to a normal condition, stopping the pains in my back. I give Doan's Kidney Pills the credit for my cure and highly recommend them to other kidney sufferers." Price 50 cents. WILL BALLOT ON U. OF O. PETITIONS

Salem, Oregon, April 23.—Reversing Judge Galloway, of the Circuit Court of Marion County, the Supreme Court, in an opinion by Justice Burnett has dismissed the University of Oregon referendum cases and by so doing practically ruled that the referendum petitions must go on the ballot to be voted on by the people at the next general election.

The court ruled entirely on the question of procedure in bringing the suit and ignored the issue as to whether there was fraud in the petitions or as to the correct method of determining the validity of the petitions. The ruling is, in effect, that S. H. Friendly, a private individual, who appears to be the plaintiff, had no right to bring the suit. The action is therefore dismissed. Nor does the court indicate how the suit or any proceeding against a referendum should have been brought.

The present case involves more than \$328,000, but by stimulation the full import of the opinion involves more than \$500,000 of appropriations made by the last Legislature for the university.

The main question arose under the general demurrer. The question there was whether the plaintiff, by his bill in equity, stated facts sufficient to support his prayer for relief.

The Supreme Court holds that S. H. Friendly, as plaintiff, does not show that he will be injured in any property or civil right by the contemplated action of Secretary of State Olcott in certifying the ballot title to the County Clerks.

"Neither will his political right to vote on the measure at the election be infringed," states the opinion in referring to the plaintiff, Friendly. "He can then, as always, exercise his electoral franchise unaffected by anything shown in the bill.

"If he can join the Secretary of State now, he can sue out a writ the day before that officer would certify to the ballot title, and thus balk the whole people in the exercise of their constitutional reserve power to reject any law passed by the Legislative Assembly.

"The principal is sound and well settled, that as against public officers, where their action involves purely public or political rights, the drastic remedy of injunction can be invoked only by the state acting through its proper law officer. . . . To sustain plaintiff's suit when he shows no injury to his private rights would be a pronounced example of a government by injunction.

"The conclusion renders unnecessary the consideration of the other questions raised at the argument."

A WARNING MESSAGE TO PARENTS

A party of six—three young men and three young women—went joy riding in a western city, late at night recently. "That none of them ever will: that good, old-fashioned God-fearing discipline is not needed for them. that because her "mother always took care of herself," that therefore the girl will likely take care of herself. These presumptions are as likely to be untrue as not. It is a fact, anyhow, that the recruits for joy riders in questionable company and for the bagnios later on frequently come from excellent families with lax standards of discipline.

And what is equally true and tor-bidding fact is that the laws of hereditary and prenatality are no respectors of the "best families," which sometimes contribute to the lewd and criminal classes. It is only evidence that "best families" during the generations preceding this, and yet earlier generations, knew no more than many of the best families of this generation, because the proportion of recruits for the underworld was as large in the past as at present.

All of which also applies when the boys get out of the straight and narrow way, and should be just as much a matter of concern.—Exchange.

Filling In Exposition Site

The work of filling in 72 acres of swamp or over flow lands on the Harbor View site for the Panama-Pacific International Exposition is now under way. The giant dredger "John McMullen" owned by the San Francisco Bridge Company is now pumping mud on to the flats and will continue to do so for the next three or four months. The sand is being taken from the Bay close to the shore at Harbor View. One half mile of piping is being used in this important work. More than 1,000,000 cubic yards of fill will be necessary to complete the contract. This is the inauguration of work for the coming 1915 Universal Exposition.
