Fruit Crop Looks Good

S. J. Dutton Tuesday came up from Davis Creek on a business visit. He reports the outlook for a bumper fruit crop in his section as most favorable. The trees are blooming, the backwardness of the season causing them to come into bloom nearly a month after than usual. Hence there is no danger of frost injuring the fruit.

Mr. Dutton also states that a very large acreage is being set out in fruit trees of various kinds this Spring, the Davis Creek Orchards Company taking the lead. That company is planting upwards of 20,000 trees on its tracts, and is finding ready sale for a large part of its holdings. There is no doubt but that there will be a large influx of people into that section in the immediate future.

Expenses Were Light

The following candidates have filed a statement of their campaign expenses with County Clerk Payne, showing that to run for a nomination in Lake County is not so expensive as it might be. There are a few who have not complied with the law as yet, which act subjects them to a fine. The names of the candidates and the amount each spent is as follows:

O. F. Cady, \$45.20; F. O. Ahlstrom, \$10; C. A. Rehart, \$10; J. A. Richards, \$25; J. Q. Wilits, \$20; A. J. Foster, \$17; T. B. Wakefield, \$20; E. R. Patch \$12; Thos. S. Farrel, nothing; C. E. Oliver, \$5; S. A. Mushen, nothing.

Box ball appears to be very much in vogue at the present time, as evidenced by the daily crowds in and about the Keene & Barnes pool room.

Death of Mrs. Linville

Mrs. Emeline M. Linville, who recently went to Eugene on a visit, died very suddenly last Monday, and the remains will arrive here this evening for interment. Mrs. Linville was aged 71 years, one month and 19 days at the time of her death. Besides a loving husband she leaves quite a large family of children, all of whom have the sympathy of the entire community. The funeral will be held Friday.

Court Convenes Monday

Just when Judge Benson will arrive from Klamath has not yet been learned, although he is expected not later than tomorrow evening. The regular May term of Circuit Court will convene Monday next, and there is some work to be done before that time. Among the cases to be considered are the fishing cases, the damage suit of Dodson vs. Lane from Silver Lake, and several others of more or less importance. It is not likely that the term will last longer than a week.

Mr. and Mrs. J. Barnosconi arrived from Reno a few days since and are now at home in the Heryford cottage at the corner of Court and South Dewey streets. Mr. Barnosconi is getting everything in readiness for the commencement of work on the new passenger depot, he having been awarded the contract for the same sometime since. The inclemency of the weather during the past several weeks has delayed the work very much, but now it will be rushed as rapidly as possible.

County Court Session

Concluded from first page.

tioned for by J. C. Oliver and others on the West Side. The latter petition was allowed in part, being that portion leading from the quarter section corner common to sections 14 and 15 to the section corner common to sections 22, 23, 26 and 27.

The Court appointed Thos. S. Farrell to fill the unexpired term of the late Winslow Bayley as Justice of the Peace for South Lakeview precinct, ordered an election to be held at New Pine Creek to decide whether the town should be incorporated, and also canvassed the vote of the recent election held at Silver Lake on the same proposition and declared that town to be duly incorporated and ready to transact business.

Sheep Conditions Good

Manuel Sanders is in from his sheep camps and reports the outlook as very favorably for sheepmen. The feed on the desert could scarcely be better and the late storms provided water sufficient for all purposes for at least a month longer. There has been quite a loss in lambs, but this is offset by the better feed, and as a consequence but little regret is felt over the loss. It is estimated that there will be a loss of about 25 per cent of lambs, although in some instances it will be some heavier, while in others it will not be so great. Owing to the excellent feed Mr. Sanders does not expect to shear until June. At Juniper mountain during the recent storms the snow reached a depth of 13 inches, something that has never occurred before at this time of year.

Some blasting has been going on this week in Bullard's canyon, where rock is being secured for the foundation of the Bailey & Massingill store addition.

Tag Day Next Wednesday

Next Wednesday is the time fixed by the Library Association ladies to include in the game of tag, and when you are tagged the only way to escape is to put up a dime, that being the penalty imposed. It will be the first "tag day" to be held in Lakeview, and it is likely to prove popular game, inasmuch as the object sought to be benefited is one of which we are all proud. Quite a number of tags have been secured and it is not at all improbable that some unfortunate will accidentally have more tags than one attached to them.

At the annual military review and inspection of the O.A.C. cadet corps, held last week, W. L. Dutton, of Lakeview, was first in the sergeant's individual drill and R. R. Hammeraley, of Corvallis, as second. Walt's many friends hereabouts are greatly pleased over his success, and on his return next month will extend hearty congratulations. The fact that a Lake county boy can and does put it all over others of his class is cause for general rejoicing.
