DESIRE CO-OPERATION

cemetery at Lakeview, we are very sorry to relate, is one that requires attention. The lodge has signified its intentions of doing all that is possible to improve the appearance of the cemetery, but this cannot be best accomplished without the assistance of parties who own lots therein, and the trustees of the order are anxious to collaborate with such parties in making the entire grounds a beautiful spot-what it should be.

They begun the first of the week by employing men and teams to plow and storms. It is a pity, that this was not attended to before Memorial Day, but shot. He died almost instantly: now that this is too late, it is to be hoped that no effort will be spared in improving these conditions, and that It will become a practice of all time.

There is another serious obstacle that confronts itself at this place, and that is the deplorable habit of depositing garbage near the cemetery grounds. This act has been remonstrated against but apparently without avail. We have an ordinance in this town prohibiting garbage being dumped within less than one mile of the city limits, and it is an ordinance that should be heeded without enforcement by the authorities. As a matter of civic pride aside from sanitary precaution, people having garbage to dispose of. should have it hauled at least one mile from the city limits.

The interview was conducted in German and was anything but peaceful, although Mr. Reeder could not understand a word spoken, he kept a close watch to see that no violence was attempted. After leaving Mrs. Chrisman he went to the Cash store and bought two boxes of 16 guage cartridges, No 2, shot. As he picked up the package and was leaving the store asked if they would kill ducks. Mr. Lester answered that they were big enough to kill anything.
