CITY OFFICERS ARE KEPT VERY BUSY

City Limits is Defeated

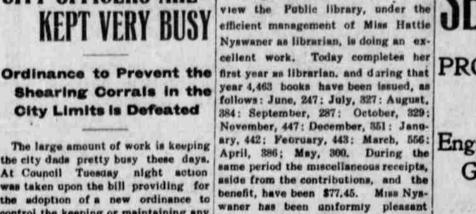

The large amount of work is keeping the city dads pretty busy these days. At Council Tuesday night action was taken upon the bill providing for the adoption of a new ordinance to control the keeping or maintaining any pens, yard, shed or enclosure wherein any sheep are collected kept or sheared or dipped within the city lim to prevent the passing of such an or- they predict that active work will soon dinance. begin.

In the matter of filling the vacancy in the police force left by the resigna-tion of former day marshal McCulley, WORK BEGINS ON Dan Bemis was elected to the police force, without any special shift assigned. The Examiner is informed that a third man will be added to the force in the near future and it is possible that it will be arranged by working double eight hour shifts alternately, to keep two men on all the time.

The meeting was adjourned to assemble tonight when the ordinance providing for a city election, which is now being prepared by City Attorney Welch for the purpose of bonding the town for the sum of \$65,000 will be acted upon. It will be possible to hold the election about July 25.

With Substantial Building Boom Now On

The stone and concrete foundation in the basement for the addition to the First National Bark building is rapidly geing in. The annex will reach the top of the old building and will be constructed of brick. The entire floor will be used for the new postoffice quarters, while the upper story will be fitted for office-

constructed along the front of the bank will be done at Dr. Daly's buildings. will provide cement walls for two sides of this entire business block.

With the new buildings under con-struction, this new block will assume profitable air. The three story steel frame Heryford structure, the large two story brick of the First National Bank together with the new brick that Dr. Daly has commenced, adjoining Meeting Was Attended By the bank building, surrounded by ce ment walks gives one an idea of the wave of prosperity that is covering Lakeview. The gratifying feature of this progressive state is the fact that all buildings are being substantially erected and tuilt on plans that will suffice all purposes for sometime to come.

Hymenial

A very pretty wedding was solemnized Sunday atfernoon last at 2 o'clock when Miss Elsie Oswald became the wife of Henry Newell, Jr. The ceremony was performed by Reverend Melville T. Wire at the home of Mr. and Mrs. Nathan Wilcox, the latter being a sister of the bride.

Mr. Newell is the son of Mr. and Mrs. Henry Newell, well known pioneer residents, and is a young man of He was

FOR NEXT TERM

Able Instructors and Modern Facilities Make This an Educational Center

At a recent meeting of the school board of Lakeview the following teachers were selested for the next term: O. M. Gardner, of Forest Grove, Oregon, principal to have supervision over both High and Public schools :

Mrs. U. M. Gardner, instructor in domestic science, household economy, etc. : Miss Hall, primary department Miss Gertrude Vernon second grade and Miss Bessie Burgess, Miss Gwencoming from the East, and Miss Mable Snelling. who have not been appointed to any certain grades yet. With this corp of teachers already selected, it yet leaves a teacher for the English class and eighth grade to be chosea. Such a body of able instructors, together with the splendid school facilities, Lakeview will rank among the first as an educational center of South-

ern Oregon. School will be held in the old public school building for the benefit of the smaller children who live in the northern part of town. The magnificient high school building which was recently completed, contains all the modern advantages necessary to a
