### Among the Theaters

The Leota Howard Co., under the able management of C. F. Perkins, is playing an engagement at the Snider opera house this week and will remain here until next Sunday night. The company is playing with good success. There are ten people in the troupe and it is one of the best balanced cast of players that ever appeared in the city. Miss Howard is a very clever woman and displays good acting in all roles. She is ably supported by efficient actors which feature adds a prominent attraction to their performances. They are producing a fine repertoire of plays that warrants patronage.

This is the first trip Mr. Perkins has made to Lakeview but some of the company have appeared here before, and are again greeted by friends and admirers.

Their opening bill Monday night was "The Power of Truth", Tuesday "La Belle Marie" and last night "The Gambler." All of these plays were new to Lakeview and in each one a beautiful story is portrayed and this together with the company's ability of presentation, made a series of interesting performances.

Tonight's bill is "Our Irish American Cousin," a four act comedy drama. Friday night they will put on "Forget-Me-Not," Saturday night, "Way Down East," an old favorite bill, and Sunday night "The Bosom Friend of Bowers."

The entire cast of the company is composed of Leota Howard, James Mitchell, Lloyd Harwood, Harry Yard, Joe Simpkins, Chas. Ward, Joe Thompson, Nellie Young, Florence White and Geneva Locks.

Those who had the pleasure of seeing the Margaret Iles company Sunday night in the bill, "Old Kentucky" report a very good show. Unfortunately the delay in the Alturas excursion

train prevented a large number from attending the performance, who had contemplated upon attending. It is said the acrobatic dancing stunts of George Lucky were well worth seeing and something out of the ordinary for a place like Lakeview. Mr. Lucky is employed on the Orpheum Circuit and is up in this country on a short vacation, and while here has been the guest of the Iles troupe.

The company's next performance here will be Sunday night, June 30, when they will present "Miss Texas." One feature of the entertainment on that date will be the marriage ceremony of Mr. Elliott and Miss Beatrice Garrett, which according to custom, will be solemnized on the stage. Miss Garrett is lately of Seattle but formerly played with a stock company in Portland. She joined the Iles company last week in Cedarville.

In conjunction with motion pictures at the Wizard hall on Tuesday and Wednesday nights an exhibition of psychic force was given by May Howard and Dr. Charles Sade, who are traveling over the country giving manifestations of invisible powers. The entertainments brought large crowds and the magical stunts were performed in a clever manner.

Three reels of pictures were shown and the performance in all was well appreciated.

### Some Fisher

J. M. Gilchrist and family, of Dallas, Texas arrived in Lakeview last week and have rented the Mrs. Jackson house on Main street. Mr. Gilchrist is a stationary engineer by trade, and will spend the summer in this valley inspecting the country. He owns ninety acres of land near Lakeview, and is well pleased with his possessions. Since arriving in the beautiful Sunset valley, Mr. Gilchrist has established an enviable reputation

for himself as an angler, as well record breaking traveller without the means of conveyance. He often steps out on these beautiful mornings to Thomas creek, a distance of some ten miles, and returns with a delicious mess of the finny tribe for his breakfast.

### Drowned Near Bidwell

Irwin Poindexter, four years of age, the son of M. W. Poindexter, a well known stockman, of Reno, Nevada, Sunday fell into a fish pond at the Bucher ranch, near Ft. Bidwell and was drowned. Mrs. M. W. Poindexter and her sister, Mrs. Ernest Nicholas, were visiting at the Bucher ranch and after a stay of several weeks, were preparing to go home. In some way the child ventured to the pond, a large enclosure, and on a search for him after he was missed, his body was discovered in the pond.

The funeral was held in Ft. Bidwell Monday.

## SUNSHINE GOLD MINE

### Richest Discovery in Many Years

The Sunshine gold mine at High Grade, located in the Warner range of mountains, 6 miles east of New Pine Creek, has been sold to a party of Cattle and Banking men of Goose Lake Valley, and a company organized to work the mine and ship the rich rock containing the gold and silver. The rock from this mine is exceedingly rich, some of it contains as much as \$20,000 to the single ton. From a little open hole not over 20 feet in depth it is said the former owners took out \$10,000. Little practical mining has been done, and it is the intention of the company to work the mine under competent management. Work has already begun and some of the rich rock laid away for shipment which contains over \$1,000 per ton.

The company has been called Sunshine-High Grade Mining Co. Felix M. Green of New Pine Creek is the President, and F. M. Miller, the banker and cattleman of Lakeview is the Treasurer. Messrs. Dawson and Pulton, well known practical mining men are officers also.

The company is offering 100,000 shares of its stock for sale at 25 cents per share. In view of the richness of the gold rock already found and the apparent certainty of the Sunshine to develop into a big paying mine, something similar or even greater than the Goldfield Consolidated which has paid \$220,000,000 in profits in less than 8 years and which is really owned by a former Lakeview boy—"Peelie" Wingfield—stock in the Sunshine is something every resident of the Goose Lake Valley should own and put away, feeling that it will be a certain and big money maker.

There are thousands of cases where poor people bought mining stocks and later realized a fortune by investing a small amount of money. Take for instance the Goldfield stocks. Many of the mines there did not have nearly as good showing nor as rich rock as the Sunshine, offered their stock for sale at a few cents per share, and development opened rich rock just as the Sunshine mine has done—their stock sold for many dollars per share. J. H. Carstairs, a wealthy whiskey

man, bought 400,000 shares of Goldfield Consolidated at \$1 per share, and later sold it at \$19 per share. Winfield Stratton took \$6,000,000 out of the Independence mine at Cripple Creek and later sold it for \$11,000,000. The writer of this article is personally familiar with the Independence mines and states emphatically that it did not show as much rich ore at the surface as does the Sunshine mine at High Grade.

Thomas Walsh took millions out of the Camp Bird mine of Colorado and finally sold it for \$7,500,000. Bootblacks, porters, chambermaids and washer women made fortunes in Goldfield by buying and selling mining stocks.

The Sunshine stock, in our opinion, offers alluring features to make fortunes, as has been done with other mining stocks.

The financial and business standing of the officers of the Sunshine-High Grade-Mining Company is sufficient evidence that the mine will be made a profitable producer and a sensation in the mining world. When the company was organized it was not intended to offer any of its stock for sale but at the request of Mr. Green and others who thought the residents of Goose Lake valley should be given an opportunity to become partners in the development of a rich gold mine located within sight of their homes and farms and share in the immense wealth that evidently will be taken from the hills they have learned to love so well, the company decided to receive subscriptions for 100,000 shares at twenty five cents per share from the residents of this valley.

The office of the Sunshine High Grade Mining Company is located at New Pine Creek, Oregon.

From this date, we give the following prices for Ice Cream: One gallon \$2.25 delivered, two gallons \$1.75 per gallons and 25 cents for delivery, five gallons and up \$1.50 per gallon and 25 cents for delivery, Sherbet \$2.00 single gallon delivered, two gallons and up, \$1.75 per gallon for delivery. Satisfaction and quality guaranteed. Phone your orders one day in advance. T. H. Cloud.
