Lakeview, Oregon, Thursday, July 18, 1912

KEEP IN PROGRESS

No one should be misled by statements that the construction of a sewerage system in Lakeview will cause an immediate heavy burden upon small home owners. Every public portion of the proposed sewerage system, including the "T" for house connections, will be taken up many years from now when the town has grown in population and wealth and there will be new people to help pay the bills.
 Beware of statements of impending calamity if bonds for a sewerage system are voted. Ten chances to one such statements are made for the purpose of influencing votes against the bond issue, and with small regard for detailed truth. If you want to know, ask G. W. Rice, the engineer, who planned the sewer, knows its cost, what its efficiency will be, etc.
 Any statement that the construction of a sewerage system in Lakeview will cause an immediate heavy expense on home owners for connections is misleading and wrong. The main sewerage system in Lakeview will be in course of construction for several months and when it is completed the work of making private connections will occupy many months more. Everyone will have ample time and opportunity to meet the small expense of private connection which will be less than one half the amount that has been stated on the streets by the enemies of a sewerage system.

What shall we have a clean, seweraged and drained town, properly equipped for the construction and maintenance of many new and modern business buildings and homes, or shall we stop the wheels of progress just when our town is beginning to grow? Mr. Carpenter, brickmason, teamster, and laborer, you are directly interested in this. Mr. Father of Children, you are vitally interested in this. Show your interest by your vote on the bond issue Saturday, July 20.
 Every believer in a sewerage system should vote next Saturday, July 20. Remember the money raised by a bond issue for a sewerage system will be expended for labor right here in Lakeview, for the benefit of Lakeview. Every teamster and laboring man will profit directly by the construction of a sewer.

Crop Increase

Oregon Journal: Reports from agents of the O. W. R. & N. received by Traffic Manager R. B. Miller, indicate that the wheat crop in this railroad's territory in Oregon will be 125 per cent greater than last year. This is greatly in excess of and in contrast to the crop prospects for O. W. R. & N. territory in Idaho and Washington. In the Snake River country, including Camas prairie, the indications are for a crop 15 per cent less than last year, while in Washington south of the Snake river the crop will be according to present prospects, only 10 per cent greater than last year.
 Mr. Miller estimates that the crop in O. W. R. & N. territory in the Inland Empire this year will be 25,000,000 bushels, where it was 20,000,000 bushels last year.

More Lands Opened

The following dispatch from Salem, under date of July 2 appeared in the Portland Telegram:
 Advice have been received here that the Secretary of the Interior has responded to a petition presented to him by Congressman Hawley, asking that about 73,000 acres of land near Arrow and Fort Rock, Lake County, be thrown open to settlement, and they will be made subject to entry July 22, under the provisions of the enlarged homestead law. The land is of a semi-arid character.

A gridiron of electric roads throughout the most fertile parts of the Willamette Valley, costing \$8,000,000 is announced by the Southern Pacific, Yamhill, McMinnville, Corvallis, Albany, Eugene, Molala, Salem, Falls City, Canby, Aurora, Lebanon and many other points are to be reached by this new system of roads, which will develop the country reached as nothing else can. With these big improvements going on and the biggest crops in its history to be harvested, the state has nothing to fear from the usual blighting effects on business of Presidential year.

It is hereby ordered that the petition be, and the same is dismissed, for the reason that the County Court has no jurisdiction to create an election precinct at the present term of Court.

Automobile Bargains
 Automobile bargains, at Lakeview Garage. One 1910 Buick Model 17, 40 horse power, just overhauled and in fine condition. She has new bearings and new gears throughout. New over size rear tires. New break linings and a new coat of paint. This car is just as good as a new one, and a great buy at \$1500. Come and look at her, and try her out, and be convinced of her good points. We have also one E. M. F. 30 horse power for sale. This machine is likewise in great shape, and a bargain at \$750.00. Try her.

Less Bowell Trouble In Lakeview

Lakeview people have found out that a SINGLE DOSE of simple buck-thorn bark glycerine, etc., as compounded in Alder-ka, the German appendicitis remedy, relieves constipation, sour stomach or gas on the stomach INSTANTLY. This simple mixture anticeptizes the digestive organs and draws off the impurities and it is surprising how QUICKLY it helps. Hall & Reynolds, Druggists.
