Mr. Dunnaway's talk was cordially received and when he resigned the floor was roundly applauded.

Editor Gard of the News was then called to the platform and briefly expounded the cause of High Grade and Sunset Valley.

The real speech of the evening was made by Chas. E. Milller, who was then called upon to address the gathering. His address was masterful, pointed, timely, logical and eloquent. He proclaimed for truth and conservatism in statements regarding the district. He criticised the false reports, exaggerated figures, and sensational statements relative to the camp by the wind ismmers, wild catter and depraved pressa. He recalled instances of wiiful and self evidently false stories as to the fabulous wealth of certain properties in the district, when in many instances the parties who made the statements had never been in the district and in others they really owned nothing here.
