MANY CANDIDATES TO BE VOTED ON

One week from next Tuesday the voters of the entire country will go to the polls to express their preferences for President and Vice President of the United States.

The States of the Union, with the exception of Maine and Vermont, will vote on the same day for members of the House of Representatives of the Sixty-third Congress. The two States excepted have already held their elections.

On November 5 State officials will be elected in all of the States excepting Arkansas, Georgia, Kentucky, Louisiana, Maine, Mississippi, Vermont and Virginia. Earlier in the present year State officers were elected in Arkansas, Georgia, Louisiana, Maine and Vermont.

The election in Virginia will be held next year, while in Kentucky and Mississippi the present State officers hold over until 1916.

The states that will elect Governors at the election next month are Colorado, Connecticut, Delaware, Florida, Idaho, Illinois, Indiana, Iowa, Kansas, Massachusetts, Michigan, Minnesota, Missouri, Montana, Nebraska, New Hampshire, New York, North Carolina, North Dakota, Ohio, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Washington, West Virginia, Wisconsin and Wyoming. In the other states in which elections are to be held only minor officials are to be elected.

In many of the States Legislatures will be elected November 5, which will choose successors to United States Senators whose terms expire March 4, 1913.

HIGH COST OF LIVING SOLVED

San Francisco, Oct. 12.—Luther Burbank is Duncan E. McKinley's solution of the high cost of living.

"All the economists agree," he said "that the chief item is the high price of meats. And they all agree that meats are high because the Western range is gone because the great plains that used to grow cattle and sheep cheaply are now turned into farms.

"Burbank has taken cactus—that prickly curse of the plains that used to grow spikes from one to three inches long—and made it so smooth that you can rub your face with it as you would with a glove. And that is where its value comes in. Every ounce of that cactus is just as good for cattle, sheep, hogs and chickens as alfalfa.

"Now, cactus grows naturally all over the Southwestern States. It grows in sand, and takes its sustenance from the air. There are 25,000,000 acres of land in the intermountain States owned by the Government that will grow that cactus naturally, without cultivation—and three billion acres of desert in the world.

"This is what I saw at Burbank's place a week ago last Sunday: One single acre on which there were 2,056 tons of that cactus, and the plants were but three years old. Think of where the price of cattle and sheep would go if that much alfalfa could be raised to an acre.

"Think of the millions of acres that are now waste, producing that cactus instead of the impossible prickly stuff that they now grow wild. I tell you there is the solution of the cost of living. Burbank has furnished it."

LIGHTING SYSTEM FOR THE FARM

Just thirty years ago this fall Thomas A. Edison opened the electric light station in New York City. The initial plant, which was the beginning of a mighty industry, was located in an old warehouse in New York City on Pearl street. The single dynamo, now preserved as a curio, was driven by a steam engine and supplied current to about four hundred lamps distributed over a territory about a mile square. The wires were all laid underground. The newspapers were dubious about the success of the new lamps, although they admitted that they gave plenty of light, but Edison himself, coatless and collarless as he watched the machinery was thrilled with success.

The growth of electric lighting since that eventful day, thirty years ago has been truly wonderful until now the very world is illuminated nightly with millions of electric lights. The first electric motor was connected to the electric light wires in 1884 and for six months, it is recorded, this same motor lay around collecting dust before the company could find anyone willing to try the new power producer. Today in New York City alone, nearly 350,000 horse power is used in electric motors.

Y. M. C. A. IS NOT FOR SINGLE TAX

DISSENSION CREWS BECAUSE SEC. STONE IS FOR SCHEME

Portland Businessmen Annoyed at Alleged Political Activity of Religious Organization—Officials are Worried.

Because the Single Taxers of Oregon have been endeavoring to bolster up their cause by inferring and declaring. It is said, that the Portland Young Men's Christian Association is for Single Tax, there is every indication that grave dissension is brewing in that institution.

H. W. Stone, secretary of the association, is a Single Taxer, and has allowed meetings to be held in the association favoring the Single Tax propaganda. Stone, however, declares that his leanings are merely personal, but do not influence the association in any way.

Y. M. C. A. Said Non-Political
"The Y. M. C. A. is absolutely non-political," said one of the Y. M. C. A. officials the other day. "Mr. Stone has his ideas, but they have nothing to do with the association. Personally I am opposed to those views and I resent the idea that seems to be abroad that the Y. M. C. A. is for this scheme—for it is nothing else but a scheme."

Despite this disclaimer a number of Portland business men and friends of the association throughout the state declare that if the Y. M. C. A. intends to enter the field of politics, or become interested in tax schemes, they will withdraw their annual subscriptions.

Stone May be Hushed.

The fact that the Y. M. C. A. owns one of Portland's skyscrapers and wants to dodge taxation on the building, may account for the stand Stone is taking," said one of these. "However, I want to give fair warning that should the Y. M. C. A. give further opportunity for gossip over the state by espousing, either wholeheartedly, or half-heartedly Single Tax or any other political issue that should be kept out of religion, I shall not only withdraw my own subscription, but shall hope to induce my friends to 'go and do likewise.'"

SONG OF THE FELS BRIGADE

BY

DEAN COLLINS

This is the jubilant song that is made by the men of the Fels brigade. (For a consideration) for Single Tax.

We rally round the war chest
Supplied by Mr. Fels,
And o'er the voter strive to cast
Our Single Taxer spells.

What though the scheme we advocate
Is one whereby we'll rob
The social tree of all its roots—
We're losing nothing by it—

Chorus:—
We gloat, we gloat,
As we strive to cinch the vote
Of the simple-minded public
For our communistic scheme.
Though private rights go floozy,
Let 'em tumble, "Bloody, bloody!"
We're losing nothing by it—
And we're skimming golden cream.

We sidle up unto the chap
Who never owned an acre,
And roar that private ownership
Is but a trouble maker,
And urge him on to break it up,
Though "poverty" it spells.
Why not? It means our salary—
Thanks to our good friend, Fels.

To those who balk at Single Tax,
We make another call,
Insisting what we advocate
Ain't Single Tax at all.
We call it Graduated Tax
To throw them off their guard;
But called by any name you choose,
'Twill stick them just as hard.

So rally round the war chest
Supplied by Mr. Fels,
It's working for the Single Tax.
We're surely "there with bells."
Our hearts may not be in the fight,
But still we'll try to win it;
For thanks to Fels and to his "chest"
Fat salaries are in it.
"Try our new scheme awhile and see
Just how much damage 'twill do to
thee."

And if you dislike it, repeat it
again—
Thus saith the sapient seer, U'Ren.

We have made an entire transcript of all Records in Lake County which in any way affect Real Property in the county. We have a complete Record of every Mortgage and transfer ever made in Lake County, and ever Deed given.

Errors Found in Titles

In transcribing the records we have found numerous mortgages recorded in the Deed record and indexed; and many deeds are recorded in the Mortgage record and other books. Hundreds of mortgages and deeds are not indexed at all, and most difficult to trace up from the records.

We have notations of all these Errors.

Others cannot find them. We have put hundreds of dollars hunting up these errors, and we can fully guarantee our work.
