THANKSGIVING

Today is the great National holiday, Thanksgiving. President Taft on November 7 issued the proclamation setting aside the day as such.

Thanksgiving day is chiefly an American institution. After the first harvest of the New England colonists in 1621 Governor Bradford made provision for their rejoicing specially together with praise and prayer. In 1623 a day of fasting and prayer in the midst of drought was changed into thanksgiving by the coming of the rain during the prayers and gradually the custom prevailed of appointing thanksgiving annually after the harvest. These appointments were by proclamations of Governors of the several New England states. During the revolution a day of national thanksgiving was annually recommended by congress. Washington recommended such a day, after the adoption of the constitution, and his example was occasionally imitated by subsequent presidents. During the civil war President Lincoln frequently recommended the observance of such a day after victories, and made a proclamation for a national observance in 1863. Since that time such a proclamation has been annually issued, and custom has fixed on the last Thursday of November as the time. Of late years, the custom of appointing a Thanksgiving day by the Governors of states, long confined to New England, has been adopted through the country.

"A mighty anthem rising to the skies—
Joined in on every hand
Where men work out the purposes of life.

Resounds throughout the land,
We greet the boundless stores of
ripened fields

The wealth of mill and mart—
But, all too often, nought but these
give out

Songs keynote of the heart.
"For truest praise is in the soul of
prayer—

A hope of Heaven's grace—
Continued love, in which more worldly
thought,

Can have no foremost place,
So while the organs swell and voices
rise

In music's varied tongue—
Thanks even truer may go up to God
Unspoken and unsung."

PROGNOSTICATION

The news announcement that Mr. Dunaway, of the Nevada California-Oregon Railway, has repudiated the statement that the line would be third railed from Doyle to Reno by the Western Pacific bears much significance. Mr. Dunaway states that if the third rail should be laid "We will do it." Another news item in this issue says that the N.-C.-O. will attempt to colonize section 4 that lies just north of Lakeview. This land belongs to a subsidiary company of the Great Northern Railway, which is a Hill line. It was been previously announced that Hill would build south from Bend. It is reasonably expected that when that line reaches Lakeview that it will take up the N.-C.-O., and possibly the sections of the N.-C.-O. at present are merely keeping in line with future operations the Hill line from Bend.

STATE RETURNS COME IN SLOWLY

Malheur May Change Result On One Election Measure

Oregon has been almost as slow in getting official election returns from over the state as California has been in trying to determine whether it is in the Roosevelt or Wilson column. Complete returns from the General Election of November 5, with exception of Malheur county, which are not available, show that the voters approved 12 of 37 measures submitted in that election and rejected the other 25. The result on only one of the 37 measures can be effected by the complete count. It is the amendment revising the income tax statute in this state. Without Malheur this measure has an affirmative majority of 182. The majority for or against each of the other measures is already sufficiently large that the result will not be changed by the Malheur vote.

Following is the successful measure: Woman suffrage, which gives the ballot to women in Oregon who are 21 years old and who are American citizens. Carried by 3277.

Eight hours constitute a day's work on public works. How far this law reaches has not been determined. Carried by 16,406.

Regulating freight rates. It is a complicated matter which even the experts have been unable to fathom yet. Carried by 13,514.

The county single tax option was repealed. It was never in effect, but was adopted under the initiative so the experiment could be tried, and now it is wiped off the books. Carried by 17,514.

Convicts cannot be farmed out hereafter to stove manufacturers or other private concerns, but they can be worked on the highways. Carried by 36,051.

County and city prisoners can be used in road work. Heretofore there has been some question as to who controlled the prisoners and what could be done with them. Carried by 33,320.

Stockholders in banks are held liable to pay for the benefit of the depositors an amount equal to the par value of the stock they hold in addition, to having paid originally the par value of the stock. It is double liability for bank stockholders. Carried by 61,982.

The state is limited to 32 per cent of the assessed valuation for raising funds for road work. Carried by 15,732.

All public service corporations, such as the street railways, light, power, telephone and water companies are subject to regulation by the State Railroad Commission. Carried by 20,889.

Tax exemption on household goods in actual use. Carried by 3,267.

The income tax amendment, which probably carried, unless Malheur gave a strong vote against it, is a new scale of tax on incomes, considerably higher than the scale operative heretofore. Carried by 182.

Paisley Pick-ups

(Chewaucan Press)

Mr. F. M. Lovel and son, Gus F., spent the first of the week in Lakeview. The trip was one of business for them both.

The Northwest Townsite Company have sold three large four horse loads of apples in the last week. One of these loads went to Lakeview and the other two to Silver Lake.

C. M. Sain came into town for provisions for the construction camp on Summer Lake. Two big loads of "grub" were taken out for the men now at work.

The women of Paisley will vote at the coming city election in December.

Mr. and Mrs. Paul Brattain and children who have been spending a few weeks on the coast returned to Paisley last week.

BAILEY & MASSINGILL THE HOME OF GOOD VALUES

showed us some fine spuds which he raised on his ranch on Bridge creek which are equal if not superior to any we have seen. A few years ago no potatoes were raised in this valley, now there is an abundance. What next.

Alvin S. Hawk, of Fremont, has been down in the Summer Lake country doing work on his desert claim preparatory to making his final proof. He informs us the Fremont cheese factory is turning out a large amount of cheese for this time of year. The quality is No. 1 full cream and finds a ready sale in the Portland market.

Gives Good Report

Reno Gazette: C. N. Miller, publicity agent of the Nevada-California and Oregon railway company who moved his headquarters from Reno to Lakeview, was in Reno recently talking to friends and arranging to go on an inspection trip to some mines in which he is interested.

Mr. Miller brings some good reports of the country at the terminus of the narrow gauge road, and tells of lands which are being disposed of in that vicinity. Although he is now making his home in Fairport Mr. Miller expects to get to Reno at short intervals so he can keep well in touch with business conditions here.

"COPS" TO FIGHT FLIES.

Policemen Have Been Added to New York Health Board.

A squad of policemen have been assigned to New York's health department to make war on the fly. Those are Mayor Gaynor's orders, and they will be carried out.

The "fly squad" will not be permitted to kill flies. That is not the object at all. They will simply have to see that no fly or no more flies than are just necessary will make their home in the city.

Their principal duty will consist in clapping the lids down tight on all garbage cans in the city. It is a violation of section 108 of the sanitary code to leave a garbage can open. This section is disobeyed in every quarter, and the "fly cops," therefore, if they are disobeyed too much, can make arrests.

MR. RANCHER!

How are you going to spend the long Winter evenings? After

your chores are done and you have read the Lake County Examiner, would'nt you like to hear some of the old-time music—or better still—sit down and play it yourself.

Father—Mother—anyone can now play without practice.

You don't need to take a lesson in music to play anything you want on our Player-Pianos—and play it well.

Our experience in factory work, and 18 years' knowledge of Lake County climate, enables us to offer a Player-Piano that is entirely satisfactory.

Fair valuation allowed for "never played" pianos in exchange.

If interested, write us at Ashland or Klamath Falls, for full particulars.
