Glickerson, superintendent of the Pacific States Telephone Co., spent a few days in Lakeview the past week, looking over the telephone situation. It is possible that his company will shortly enter this field, although no definite statement was made. H. S. Adelstein adjuster of the Arabolad stores at Alturas and New Pine Creek, came up Sunday from the latter place. He said there was an immense stock at the New Pine Creek branch and predicts that it will take considerable time to dispose of it. F. W. Payne and wife are again at work in the County Clerk's office, having returned from San Francisco Monday. They report having had a fine visit. They witnessed the ceremony of site selection for the Panama exposition by the Netherlands and Wisconsin. The military exercises were grand and inspiring to them. James T. Chinnock superintendent of Water Division No. 1, who has been here taking testimony of persons as to their water rights of the Chewaucan river and tributaries, and Superintendent F. A. Fitzpatrick of the ZX ranch to-day went to Paisley where Mr. Chinnock will take further testimony of water users. The Christmas shopping is taking a noticeable impetus in Lakeview, and Postmaster Ahlstrom says the mail business is picking up. However, this little matter does not effect Elmer or his affable clerks as they perform their duties in the usual happy and courteous manner. Numerous mysterious packages can be seen protruding from the postoffice boxes which all remind us that St. Nicholas is again preparing to make his yearly appearance. Attorney Thos. S. Farrell and Assessor A. J. Foster have returned from a most adventurous trip to Silver Lake. Their experiences were many, among which was a runaway which resulted in a badly demolished wagon. The remains were brought home in a much larger and more substantial conveyance. The Silver Lake Leader in giving an account of Foster's runaway stated that a broken tongue was the result of the disaster, but from the fact that Andy's speech is yet alright, we presume that reference was made to the wagon tongue.
