In the first week's session which adjourned Friday afternoon the House made the remarkable record of having introduced 132 bills and passed three of them. At the last session no committees were appointed during the first week, and no bills were introduced before the second week. The senate has also established an unprecedented reputation for its alacrity in disposing of business. It has been working on vetoed bills of last session, sustaining 12 vetoes and passing five measures over the veto.

Bills passed over the veto by a two-thirds vote include the salary of the district attorney of the First district, require posting of true time of railroad trains by station agents, make county officers personally liable if they fail to take bonds from contractors on public work and loss results, a bill permitting corporations to be sued in any county where they have offices and a companion bill relating to service of summons in such cases.

Among the more important bills to be introduced in the Senate thus far is the following:

S. B. 40, by Farrell, for sterilization of habitual criminals, degenerates and perverts.

S. B. 41, by Von der Hellen, relating to roadways to lands not accessible to highways.

S. B. 42, by Carson, making Marion county a separate judicial district.

S. B. 63, by Bean and Calkins, appropriating \$50,000 for armory at Eugene one half to be paid by Lane county.

S. B. 64, by Calkins, prohibiting shipment of liquor into dry territory except to druggists for medicinal purposes.

S. B. 65, by Dimick, relating to powers of cities to change boundaries and annex other territory.

S. B. 66, by Dimick, to provide for election of road supervisor by the people.

S. B. 67, by Patton, for conveyance of prisoners to penitentiary by guards from Salem, instead of by sheriffs.

S. B. 68, by Patton, relating to the transportation of prisoners to the penitentiary by sheriffs.

S. B. 70, by Thompson, requiring long distance telephone companies to connect with other lines at a charge of 5 cents.

S. B. 71, by Burgess, relating to transportation of livestock by rail.

S. B. 72, by Smith of Coos and Thompson, to authorize O. A. C. to engage in agricultural extension work.

S. B. 73, by Bean, requiring county to pay \$1 per day to wife of prisoners convicted of non-support.

S. B. 74, by Farrell, to require notice to be given teachers of discharge after service of two years.

H. B. 76, by Upton, to make a wife or husband competent witnesses in criminal actions where other is accused, by consent of both.

H. B. 81, by Forbes, to fix salary of Circuit Judges at \$4000 a year, payable quarterly.

H. B. 87, by Hinkle—Defining duty of County Judge in approval of final report of executor or administrator.

H. B. 80, by Graves, to provide for formation of election precincts, making 400 voters limit.

H. B. 105, by Hill—Making it unlawful for any person to use traction engine in teaming or dr wing a loaded wagon on any county road without a permit.

H. B. 113, by Laughlin—Defining the duties of fruit inspectors.

H. B. 118, by Upton—To provide free meeting places for organizations of veteran soldiers and the lady auxiliaries thereof.

H. B. 137, by Smith—To put corrective institutions for girls under control of State Board of Health.

H. B. 142, by Carkin—To designate depositories for county funds.

H. B. 146, by Hurd—To make changes in election law relative to ballot titles.

H. B. 148, by Barton—To regulate manner and hours of fishing in Oregon streams.

H. B. 149, by Homan—To establish experiment stations in Malheur County.

The House Bill asking for a \$500,000 appropriation for the San Francisco Exposition building has met with much disapproval and it is quite likely that the appropriation will be reduced to about \$200,000. Senator Thompson has expressed his opinion that about \$150,000 will be sufficient.

Speaker McArthur is making a strenuous fight for his bill to abolish hanging of criminals and substituting the electric chair instead.

Abolishment of the office of county clerk in each county shall become chairman of the board of county commissioners, to fill the place on the board now held by the county judge, are two features of a bill along the lines of revision of the legal code introduced by Representative Latourette of Multnomah.

Woman's possession of the ballot has resulted in the introduction in the House of two bills relating to women serving on juries. One provides that women may do duty if they like, another that they shall not be compelled to do such duty, and a third, which will be introduced later by Representative Carkin, of Jackson, is similar to a bill prepared by the State Bar Association, and provides that women are eligible for jury duty, but that it shall not be compulsory.

It is prescribed in the bill that the County Court may select competent women electors to serve as jurors, without reference to the names on the tax roll or the registration books.

## IF IT COSTS MORE TO LIVE IT COSTS MORE TO OVERLOOK THE ADVERTISEMENTS

**W**HEN Things cost more, opportunities to buy economically are worth more. No housewife in this city, who feels and knows the slightest hardship on account of high prices, can afford to remain blind to the weekly opportunities of saving offered to her by the advertising merchants. These alive merchants are often able, through effecting quick and large sales of an article, to cut the selling price to very nearly cost price. The housewife should see that when they do this the volume of quick sales will always repay them. Watch Examiner Ads week by week. It pays.
