

MEN'S WORK SHOES

There is no use in a man who works out-doors throwing away money on shoes that will not stand the wear and tear of out-door work. Many a working man has had this experience, though.

It's his own fault if he lets it happen again, because we can supply every man in town with good, strong work shoes at a reasonable price.

Our line comprises the famous "Star Brand" Work and Dress Shoes, which means that every shoe sold will give entire satisfaction.

All "Star Brand" Shoes are "solid leather" from heel to toe. A "Star" is stamped on the heel of every shoe, which insures the wearer that he is getting the most for his money.

MEXICAN FORCES IN REVOLUTION

President Taft Gives Serious Thought to Intervention Move

The Mexican situation is becoming more acute each day and fierce fighting is being continued. Much bloodshed has ensued from the battles of the Madro and Diaz forces. President Taft replied to Madero's plea for non-intervention, saying no orders for landing American troops had been given yet, but the Chief Executive strongly pointed out the vital importance of the early establishment of peace and order, and the present paramount duty is the prompt relief of the situation.

The president wisely realized that intervention is not a matter of hasty decision. It should be postponed until there is no longer question as to where our duty lies. Intervention would mean war. And it would also mean the sacrifice of many more lives than would be sacrificed by the present follies of the Mexicans.

Seven Tables Dinner

The Domestic Science Department of Lakeview High School will give a supper at their rooms in the school building, Friday evening, Feb. 28, 1913.

It will be along the order of a "progressive" meal, there being seven tables at which seven may sit for seven minutes before passing on. Each table and its part of the menu will be carried out in colors.

This will probably be the only public function of the Domestic Science Department this year; therefore a good patronage is solicited.

The tickets will be limited to one hundred and will be for sale at Thornton's Drug Store. 50 cents will entitle each holder of a ticket to the entire seven tables. Doors open at 7 p. m. Remember date and place.

IMPOUNDING LAW TO BE ENFORCED

Bly Stockmen Summoned for Grazing Cattle on Indian Lands

Klamath Northwestern: Deputy United States Marshal returned from Bly last evening, where he served summons on George Bloomingcamp and William Lowery in a civil action brought by the Indian Affairs Commissioner in the Federal court at Portland for the recovery of pound fees alleged to be owing the Government.

Bloomingcamp's and Lowery's cattle are alleged to have strayed onto the reservation and were impounded, but that they were removed by their owners without having paid the legal dozing fees. It is understood both parties will get the legality of the impounding law.

Deputy Marshal Griffith also arrested Elmer Lynch, while at Yasaix, on a charge of selling liquor to the Indians. Lynch was brought as far as Bonanza, where he was taken before the United States commission and held in \$500 bail to appear, when called, before the Federal court in Portland.

The latest railroad activities for Central Oregon comes from the official announcement of J. D. Farrell, president of the O. W. R. & N., that the Oregon Eastern will rush work, and that it will build to Bend and connect with the Deschutes line, the present terminal of which is now at that place.

The Ladies Civic Improvement Club and the Lakeview Mission have removed from the Bunting building on Center street to the rooms in the First National Bank building formerly occupied by Dr. Fliske. They now have very pleasant quarters and will fit them up in a most comfortable manner.

ELECTORAL VOTES REACH CONGRESS

Wilson Has Count of 435; Roosevelt Eighty-eight and Taft Eight

Congress has declared Woodrow Wilson elected President of the United States and Thomas R. Marshall elected Vice-President.

The electoral vote certificates, opened in the presence of the House and Senate sitting together showed that Mr. Wilson and Mr. Marshall received 435 electoral votes; that Theodore Roosevelt for President and Hiram W. Johnson for Vice-President received 88 votes and that William H. Taft for President and Nicholas Murray Butler for vice-president received eight votes.

Lincoln day exercises preceded the electoral count in the House. Representative Russell of Missouri, read Lincoln's Gettysburg speech and Representative Graham, of Illinois, from the district Lincoln once represented, made a speech.

When the House and Senate finally got into joint session the counting of the vote began. As each certificate was read it was approved and recorded.

The reading of the certificate of New Jersey's vote was accorded to Senator Martine. In a loud voice he announced the state's 14 votes for Woodrow Wilson, and Senator Bacon was unable to stop an outburst of applause.

When Utah was called, near the end of the list, a round of applause, led by Senator Smoot, greeted the first votes cast for Taft and Butler. Another round greeted the only other votes cast for Taft, four from Vermont.

Silver Lake Items (Silver Lake Leader)

Richard Sherlock went to Paisley Sunday with Mr. Moore in his automobile.

A bunch of about ten deer were seen going down toward the swamp Sunday. They were evidently driven out of the mountains by the deep snow.

B. T. McKimins, of Klamath Falls, game warden located at Lakeview, came to town Sunday to go over this district with Wm. LaSater. Wonder what is in the wind?

James Lane returned home from Corvallis, where he has been spending the winter with his mother, last Friday. John Moore, the automobile man, brought him from Bend in his machine.

Deep snow drifts were encountered in many places but he bucked through them all without any outside assistance. The snow extends from Bend to within four miles of Fremont, and Mr. Moore thought if he had runners on his front wheels he could keep out of the ruts and it would be easier on the auto, besides he could make better time. Accordingly he and Nichols, the village blacksmith, built a pair of runners last Saturday. There is not enough snow in this vicinity to try them out and he will have to wait until he gets to the timber before knowing whether or not they will be a success.

Prof. Hallock Discredited

No credence is given to the theories of Dr. Charles Hallock, published in The Oregonian, concerning pre-glacial conditions in Oregon by Professor Arthur Collier, of the department of geology, at the University of Oregon. The conclusions of Dr. Hallock are contrary to all scientific opinion, and his alleged discoveries are probably pure fakes, according to Professor Collier.

"The assertion that Cain built Enoch near the present site of Klamath Falls is a challenge to unanimous scientific authority," has declared the Oregon geologist. "The Garden of Eden and the scene of the creation of man are generally located in the southwestern portion of Asia, and there is no reason to believe that Cain migrated any such distance as that separating the two continents."

High School Notes

Basket Ball game in Sniders Opera House Saturday night, between Lakeview and Alturas.

The Art Exhibit which was planned for the High School this week has been postponed until March fifth to eighth.

The High School work is showing much better this semester than last. Pupils in all departments are showing through interest and the work is very credible.

The Basket Ball team with Mr. Dutton visited in the Alturas schools last Monday. They found some things superior to Lakeview but on the whole were glad to get home again and into regular work.

The school Literary has been changed from Friday night to Friday afternoon. The Senior Class is getting busy on final oration. They hope to have a set of orations ready in a few weeks and be able to render an evening to the public.

MUCH BUSINESS TO FINISH

Continued from first page cutting satisfactions of mortgages by the state land board.

H. B. 84, limiting indebtedness for irrigation districts.

H. B. 17, repealing sections 3441 and 3442 relating to terms of office of the secretary of state, state treasurer, printer and supreme judges.

H. B. 126, amending motor vehicle law.

H. B. 145, amends section 2099 relative to penalty for sodomy.

H. B. 194, repeals section 7066, obsolete.

H. B. 199, repeals sections 5813 to 5824, inclusive.

H. B. 200, repeals sections 6438 to 6465.

H. B. 91, amends section 513 relative to maintenance and custody of children affected by divorce.

H. B. 60, increasing salaries and deputies in office of assessor of Multnomah county.

H. B. 30, clearing government's title of lands at Fort Stevens military reservation.

Bills Through Both Houses

S. B. 77, to protect the lives, health and morals of women and minor workers.

S. B. 108, specifying hours of labor on state contracts.

H. B. 69, sterilization bill.

H. B. 78, making it a crime to threaten to kill and in pursuance thereof to purchase a weapon.

H. B. 98, relieving circuit judges of the necessity of reading in toto any statutes when instructing grand juries. This bill was vetoed by the governor and the veto was sustained.

ALTURAS TEAM VICTORS

Continued from first page line-up of the two teams was as follows:

Alturas Position Lakeview

Pierce R. F. Orem

Wells L. F. Thompson

Payne C. Bartling

Williams R. G. Heminger and Cronmiller

Campbell L. G. Ayres

The New Pine Creek school will give an entertainment next Saturday night consisting of drills, rhetorical and educational pictures.

NEW PRESBYTERIAN MINISTER COMING

Dr. Crawford of Chicago Chosen; Is a Talented Musician

Jesse Darnell is in receipt of the following letter which is self-explanatory in itself.

Chicago Ill, Feb 13, 1913.

Dear Sir:—I have just noted your ad in a music journal published here in Chicago, asking for musicians to locate in Lakeview, and as that happens to be the town where I am going this spring to locate as a Presbyterian minister, I thought perhaps you would be interested in knowing what instruments I play, and a little about my musical experience.

I have been working on three instruments since about the age of ten. First taking up the piano, then the slide trombone and last but not least the violin. I have had seven years experience in band and orchestra with the slide trombone, and was director of the band at the University of Wooster in Ohio for one year.

I have had two years experience with the violin in orchestra work here in Chicago. Played trombone and violin with the band and orchestra at Grants Pass Oregon, where I was located during the summer of 1911. In regard to vocal work, I have had several years experience in male quartette, singing baritone and second tenor. I am 25 years old, not married, but will be the 6th of the coming May, no providence preventing. I will be very glad to enter into the musical activities of your town and help out in any way that I possibly can.

I have very little information regarding your town and am locating there under the influence of Rev. W. F. Shields, D. D. at Medford. I wish you would be kind enough to write me a card or a letter and tell me what musical organizations you have at Lakeview. What are the possibilities of renting a house and do you have a good furniture dealer there or would you advise one to buy their furniture here and ship it out to Lakeview? What do you use for heating and lighting? and what is the actual population of Lakeview? I will thank you very much if you will answer these questions and any other information about Lakeview that will be helpful to know in advance. Any commercial club literature, newspaper or any literature about the town will be very much appreciated. Will arrive at Lakeview during the latter part of May. Will be glad to meet you and to work with you.

Very sincerely yours,
Geo. A. Crawford
Chicago, Ill.

State Aid Supported

The Senate approved the Thompson resolution, proposing an amendment to the constitution granting authority to the state to issue bonds for development of water power for irrigation and power purposes. If the house concurs, the question will go before the people in 1914.

Under the Thompson amendment, in addition to the issue of bonds to the extent of 2 per cent of the assessed valuation for building good roads, the state will be given power to issue bonds to an amount not exceeding 2 per cent additional for the purpose of irrigating the desert lands of eastern Oregon, or for the purpose of developing great power projects, such as the one at Celilo.

Observance Day

By proclamation of Governor West last Monday was designated for observance as Child Welfare day in Oregon. The proclamation follows:

"The men and women of tomorrow will be what the boys and girls of today are taught to be. The citizenship of the country grows from and depends upon the children of the country.

"The National Congress of Mothers desires through united effort to bring home to all the people the great need of the best education, control and care of the young. Monday, February 17 has been set down as a day of National observance, on which the National Congress of Mothers and its affiliated organizations shall bring this great question before the people in appropriate manner.

SUBSCRIBE FOR THE EXAMINER

DANCE WAS SOCIAL EVENT OF SEASON

L.C.I.C. Increase Exchequer Handsome Sum of \$50 By Event

A brilliant success was the all-night dance given last Friday night by the Ladies Civic Improvement Club. About seventy-five couples assembled at the Snider opera house, paying tribute to the popularity and progressive spirit of the club. The music was provided by Prof. Rice, of Alturas; Chas. Wallace, Josie Harvey and Miss Lorena Bailey, of Lakeview and was a great factor in making the evening memorable.

The net proceeds of the dance was \$131.10, with the expenses amounting to \$80.70 which left a gain of \$50.40. Aside from the financial end the affair was pronounced one of the best social features of the season and the members of the club are to be congratulated upon their enterprise in providing such wholesome entertainment as well as acquiring a fund which will be used exclusively in making the city beautiful.

The ladies felt very grateful toward the citizens for their liberal patronage of the dance and have requested the Examiner to express their appreciation for the generous spirit manifested.

PARENTS SHOULD HELP THE CHILD

Education Better Accomplished By Giving Assistance At Home

When a high school pupil fails to pass his examinations or drops behind in the routine work of his studies, it is on him that his parents and the teachers place the blame. To him it belongs in most cases, but not in all, and perhaps in any case not all of it. His parents too, have a responsibility, and it is often they who have "failed to pass" rather than the boy.

A teacher telephoned to the mother of one of her pupils to suggest that he was not putting time enough on his lessons. "Why" said the mother "I expect you to attend to that." "Madam," the teacher answered, "Johnnie is only one of my pupils, but he is the only son you have."

The school provides opportunities for learning; the parent must see that the child uses them. Do you point out to your boy the personal and the business value of an education? Do you help him to select the courses that will be most useful to him? Do you help him to see that he has a definite time for study? Do you provide a quiet place for him to study in, or must he prepare his lessons in the midst of all the distractions of a family evening? When he has a hard problem to solve, do you work it out for him, or do you give him the judicious help that will enable him to solve it for himself? Do you see that he has nine hours of sleep and then see that he has a good breakfast? Do you try to prevent the scattering of his mental and physical energies by causing by going to the dance, the theatre, the picture shows, the Club meetings or loafing on the street corners? Do you know your child's teachers; and do you ever go to the school to talk over the difficulties there?

If you will answer these questions honestly, you will know whether it is your child or you, who has "Failed to Pass."

Because the word "hello," as a salutation over the telephone, has been deemed vulgar by some of the fastidious critics, an effort is being made at different places to have "good morning," "good afternoon" or "good evening" take the place of the shorter and bolder word as a form of greeting. If a fellow had occasion to use his telephone along about midnight we suppose he would have to say "howdy."

THE RESULT OF INVESTIGATION

GUARANTEED

to be equal to any Beer brewed. Bottled and on draught at all leading saloons

Reno Brewing Co. Inc.

It's When Your Horse Starts to Boit

that proves the character of your harness. The sudden strain is what tests it to the utmost. Neither a sudden strain or a sudden pull will affect our harness. It is honestly made of good, honest leather, sewed with good honest thread. A set of it may save you a bad accident. Better have one.
