NO. 10

LAKEVIEW WINS FIRST LAURELS

L. A. C. Defeats Alturas Team in Lively Basketball Game

On Saturday the first, the Lakeview Athletic Club basketball team journeyed to Alturas to meet the town-people of the California city. The townsfolk turned out en masse to see the game, filling every available seat. The Alturas band was also very much in evidence and under the able leadership of Prof. Rice, made it plain to the Lakeview boys that the band's heart was in the right place.

The game opened up with a rush, the Alturas team getting the tip off by virtue of the six feet and four inches of their Center Goldsmith. With the ball under their basket, the elongated center, in spite of the heroic efforts of little Carl Fetsch, calmly reached up and tucked the ball in the basket. Alturas two, Lakeview nothing. After a couple minutes more of play, Alturas added a third point on a free basket. The ball was again thrown up in the center and after a pretty exhibition of team work by Lakeview, Walt Dykeman rang up the first two points for L. A. C., by negotiating an exceptionally neat field basket. During the remainder of the first half the game was nip and tuck, Alturas scoring five more on a field basket by the tall center and three free baskets by Captain Belli, and Lakeview adding six points on a field basket and four free throws by Captain Monson. At the beginning of the second half Jim Burgess who had played a strong game at left guard was relieved by Clyde Ashby, Franklin Cloud also going in at right forward to replace Walt Dykeman. In this half as well as the first, the game was no-bodies until the final whistle. Right off the reel, Cloud threw a beautiful field basket for Lakeview, Carl Fetsch and Capt. Monson following with two more. Alturas then took a brace and the lengthy center dropped in another field basket, Belli and Yates adding four points more on free throws and Wylie two points on a field basket. A few minutes later, Lakeview came back and tied the score with a field basket by Capt. Monson and a very difficult basket from a guard play by Ernest Fetsch. From this point until the final whistle, the score set-sawed back and forth, Alturas getting four, and Lakeview five more points which left the score at the end of the game, Alturas twenty, Lakeview twenty-one. The two teams lined up as follows:

Lakeview	Alturas
Dykeman-Cloud	R. F. Yates
Monson	L. F. Belli
C. Fetsch	C. Goldsmith
E. Fetsch	R. G. Wylie
Burgess-Ashby	L. G. Carmichael

Field baskets: Goldsmith, 4; Yates, 1; Wylie, 1; Dykeman, 1; Cloud, 1; C. Fetsch, 1; E. Fetsch, 1; Monson, 4. Free throws: Yates, 4; Belli, 4; Monson, 5. Referee, Clarence Orem.—Contributed.

ART EXHIBIT TO BE HELD NEXT WEEK

Painting Display at High School To Be Rare Collection

The Horace K. Turner Free Traveling Art exhibit will be at the High School Building, beginning Thursday, March 13, and continuing through Friday and Saturday. This collection is one of the finest ever gathered together in this country and it is exceedingly fortunate that the people of Lakeview are going to have an opportunity to see it. The pictures are well arranged and the most careful and faithful reproductions of the world's finest pictures, including all stages of art, beginning with Egyptian architecture and coming down to the late American Art. The reproductions are from the original canvases and represent millions of dollars worth of paintings. Everyone in Lakeview should take advantage of this rare opportunity offered to them. There will be a small fee charged simply to cover the expenses of the shipment etc., as the exhibit is furnished free.

DEAL PENDING FOR WARNER PROPERTY

California Parties Making Inspection of Corporation's Holdings

J. B. Blake of San Louis Obispo, Cal., and James N. Brown and George H. Davis, both of San Francisco, arrived in Lakeview the first of the week and yesterday went to Warner Valley with F. M. Miller of this city to look over the holdings of the Warner Valley Stock Company with a view of buying the property. It will be remembered that Mr. Davis was here last Summer investigating the land and stock and now that he has returned with other parties it looks that a deal is likely to be closed. The parties have not returned as yet and the Examiner is unable to ascertain whether or not any transaction has been made.

HOY SELLS SHEEP AT MARYSVILLE

Lake County Sheepman Received Good Price From Carey

L. D. Hoy, a prominent Summer Lake sheepman, returned Monday evening from Marysville, Cal., where he took 140 head of sheep that he has been feeding this Winter at New Pine Creek. As was stated in last week's Examiner, C. M. Carey the Sacramento buyer came up last week to look at these sheep but pronounced them unfit for mutton. Mr. Hoy says, however, he sold 600 of the band to Mr. Carey as soon as he reached Marysville at \$5.25 per head. The remainder of the flock he says he sold to a buyer at Marysville who will fatten them for the market.

SPRING WEATHER MAKES APPEARANCE

Fever, Poet, Boy, Ball and Mitt Are Almost Due

Machinery in the weather making office has slipped a cog or two this week and Lakeview and vicinity is now running on the "Spring clutch." If you feel as though something in particular that you haven't got cold about as long as a vacation and something about as noisy as a baseball diamond when the score is tied in the ninth, the chances are you have Spring fever. Last week it might have been lagrippe but there is surely no kind of Winter ailments this fine weather. The boys will soon be on the vacant lots with their mitt and ball, and the family poet is getting his contribution ready for the editor's waste basket. Altogether the snow is going off steadily and mother earth is beginning to reveal herself in many places. Promises are favorable for a continuation of fair weather, with the thermometer going up.

Holy Land Talks

Commencing with next Sabbath evening, March 9th, the pastor of the Presbyterian congregation, holding their meetings in the Masonic Hall, will give the first of series of "Talks on the Holy Land" and other Mediterranean countries and cities, as he saw them a year ago. These Sabbath evening "Talks," will be entirely open to the public; and it is believed that the topics to be considered, and the manner of their presentation, will prove of special interest to all—both young and old. The subject of the first lecture will be "Athens: The Acropolis and Mars' Hill."

The lecture will begin at 7:30 p. m. and the usual offering will be taken at the close. Non-church goers especially as well as others, are cordially invited. A door key and ring which was recently found on the street was left at this office where it awaits the owner.

WILSON IS INAUGURATED

CEREMONIES INTENSELY HUMAN AND PRECEDENT-BREAKING

Franklin K. Lane, Prominent California Man Named for Secretary of Interior; W. J. Bryan Lands Secretary of State Job

Washington, March 4.—Woodrow Wilson of New Jersey was inaugurated today as President of the United States and Thomas R. Marshall of Indiana, its Vice President.

Under the dome of the nation's capitol, in the presence of a countless, cheering concourse of his fellow citizens, the new President raised a hand toward a prophetic sun that burst through dissolving clouds and pronounced the occasion a day of dedication; not triumph.

It was an intensely human, precedent-breaking inauguration. With members of his chosen cabinet surrounding him, the justices of the supreme court before him, his wife and daughters actually dancing for joy on the platform below, and William Howard Taft, ex-President of the nation at his side, the new President shouted a summons to all "honest, patriotic, forward-looking men," to aid him, extending the promise that he would not fail them in the guidance of their government.

While the President's concluding inaugural words were tossing in tumultuous waves of applause, the retiring President clasped his hand and enlisted as a patriotic servant in the ranks of private citizenship.

"Mr. President," said Mr. Taft, his face beaming with a broadening smile, "I wish you a successful administration and the carrying out of your aims. We all will be behind you."

"Thank you," said President Wilson, and he turned to shake the hand of his secretary of state, William Jennings Bryan. There they stood—Taft, standard-bearer of a vanquished party after sixteen years of power, Bryan, persistent plodder of progressive democracy, thrice defeated, accepting a commission from a new chieftain, and Wilson, the man of the hour, victorious mustering, as he expressed it, "not the forces of party, but the forces of humanity." Promptly at 1:35, when Chief Justice White rose to administer the oath and Woodrow Wilson stood

with right hand upraised to heaven, the most human touch in the picture of the day asserted itself. The first lady of the land could not see well from her seat. As spryly as a school girl, Mrs. Wilson moved her chair to the side of the rostrum and climbed upon it with the assistance of Lieutenant Rogers, the president's naval aide. Grasping the railing, she stood there gazing at the president as he kissed the bible and she remained standing until his address was concluded. The Misses Margaret and Eleanor joined her, but Miss Jessie remained sitting throughout the address. When the president swore to uphold and defend the constitution, he stopped and kissed the open Bible, held in the hands of James B. Mahor, deputy clerk of the supreme court. His lips touched the page turned to a psalm, and fell upon the 119th psalm, 43 and 48 verses inclusive.

In his inaugural address President Wilson itemized with some degree of particularity the things that ought to be altered and here are some of the chief items: A tariff which cuts us off from our proper part in the commerce of the world, violates the just principles of taxation, and makes the government a facile instrument in the hands of private interests; a banking and currency system based upon the necessity of the government to sell its bonds fifty years ago, and perfectly adapted to concentrating ease and restricting credits; an industrial system which, take it on all its sides, financial as well as administrative, holds capital in leading strings, restricts the liberties and limits the opportunities of labor, and exploits without renewing or conserving the natural resources of the country; a body of agricultural activities never yet given the efficiency of great business undertakings or serve as it should be through the instrumentality of science taken directly to the farm, or afforded the facilities of credit best suited to its practical needs; watercourses undeveloped, Continued on page eight

LAKEVIEW BRICK SENT TO CHICAGO

G. L. Kelly Sends Product For Use By Parcel Post

G. L. Kelley last Thursday sent by parcel post a brick of local manufacture to be used in building a brick house at the Coliseum in Chicago, during the Clay Products Exposition February 26 to March 8. This brick will be one of the 25,000 sent by parcel post from every brick plant in the United States to be used in construction of the house, which will be given away and re-erected after the exposition.

The idea was originated to test the merits of the parcel post system and is certainly a novel one. A record was kept of each brick from the time it was mailed until delivered in Chicago, in order to see how speedily Uncle Sam can deliver a brick house by mail. It is probable that mail carriers in Chicago will not be overly enthusiastic for this method of delivery of a brick house. Other carriers throughout the country will watch the experiment with much interest.

The brick weighed five pounds and cost Mr. Kelley 51 cents to get it to its destination, but he has the novel distinction of having a brick in the first brick house sent by mail as well as being the first to introduce a Lakeview product in Chicago.

PROTEST AGAINST TARIFF REVISION

Lake County Sheepmen Will Organize Wool-growers' Assoc'n

A move is on foot for the organization of a Woolgrowers Association in this county. Definite plans for this purpose were outlined at a meeting in the Court House last week at which about twenty sheepmen of the county were present.

Dr. J. L. Lyons and C. D. Arthur were appointed as a committee to confer with the State and National Woolgrowers Associations and to issue requests to each sheepman of this vicinity to be present at a meeting to be held in Lakeview, April 5 when a permanent organization will be perfected. The benefits to be derived from such an association is in the co-operation with the National Woolgrowers Association in using influence with Congress against any downward revision of the tariff on wool, as well as adjustment of range conditions and other matters of mutual benefit to the sheepmen of the county, that may arise.

This is a proper venture on the part of the sheepmen and one that will doubtless prove of much benefit to those concerned in the industry, as the best results along all lines can be obtained through co-operation.

LEGISLATURE HAS FINISHED WORK

Adjournment Had Tuesday and Law Makers Left Salem

The Examiner Wednesday afternoon wired Senator Thompson at Salem for latest legislative news, but was advised this morning by Operator Welch that the message could not be delivered as the Legislature had adjourned and that Mr. Thompson had left Salem.

Because there were few bills vetoed by the governor other than the increased salary bills, and out of the fact that West strongly urged members to return Tuesday for a quorum, it is presumed without doubt that the House and Senate met Tuesday, acted upon the vetoed measures and had an adjournment the same day. What action was taken upon the measures in question the Examiner is unable to learn.

WM. HARVEY BUYS 75 GOOD HORSES

Local Buyer Will Ship to San Francisco Market in Near Future

Wm. Harvey, the local horse buyer, returned about a week ago from a tour through Grant, Harney and Lake counties where he bought 75 head of horses. The stock, with the exception of a few head that are being broken in Lakeview, are being fed on the Deter ranch below here. They will be shipped to the San Francisco sometime the latter part of this month.

Mr. Harvey secured a band of very nice horses on this trip. He says although the market is rather quiet horses are bringing a good price. He has handled \$30,000 worth of horses in this country during the past six months.

LAKEVIEW TO BE HOST NEXT WEEK

Visitors Coming Up From South To Join In Festivities

Arrangements have been made for excursion rates over the N.-C.-O. beginning next Thursday, with a five day return limit, from Alturas to Lakeview and effecting all points on the way.

One fare for the round trip is the rate established.

It is reported that from Alturas alone already fifty people have pledged themselves to come up to Lakeview. Among those coming from Alturas will be members of a local dramatic troupe of that city who will play the "Lost Mine" here Thursday night, March 13, at the Snider Opera House.

It is also said that Prof. Rice's band and orchestra are coming for the occasion.

During the visitors stay in Lakeview the Elk's dance and dedication of the Heryford building will take place, and the gaieties of the week promise to keep the old town lively.

Prominent Attorney Killed

The Portland papers contain the announcement of the death of Attorney W. A. Cleland who was killed by being struck by an automobile.

The following partial account of the accident appeared in the Oregonian of Feb. 28:

W. A. Cleland, 55 years old, an attorney, with offices in the Chamber of Commerce building, a prominent Mason and brother of Judge John B. Cleland, was fatally hurt about 7:30 o'clock last night, when he was struck at East Seventeenth and Morrison streets by an automobile driven by Dr. J. P. Wiley, of 767 East Salmon street. He died five minutes after he had arrived at Good Samaritan Hospital, where he was taken in Dr. Wiley's machine.

The deceased was a very prominent citizen of Portland and was a cousin of Mrs. Wm. Gunther of this city and a nephew of the late Mrs. Roxie Cleland, who died here last November.

ELK BALL TO BE SEASON'S EVENT

Bills Are Making All Preparations for a Grand Time

The dedication of the Heryford Bros. building Friday evening of next week promises to be the most successful affair that has ever taken place in Lakeview, from any point of view one may choose. The ladies are making special preparations for the event, and elegant costumes will be worn by many of the leaders in society circles. The Antlers Club, under the supervision of which the affair is given, has already taken steps that insure success from a social standpoint, and nothing will be left undone by that organization which will in any way add to the pleasure of the occasion. It is expected that a large number of Alturas people will be present, inasmuch as many of them will accompany the dramatic club, which is to appear here the evening previous, and no doubt a number will remain for the ball.

The Reception Committee is composed of Lee Beall, W. H. Shirk, Dr. B. Day, Geo. Hankins, V. L. Snelling, Harry Bailey, W. Lair Thompson and the following ladies: Mesdames Thos. S. Farrell, James Judge, R. A. Hawkins, E. H. Smith, F. P. Light, Della Cobb, Geo. H. Harrow, C. D. Arthur, F. P. Cronmiller, J. D. Heryford, H. A. Funk, D. C. Schminck, W. H. Shirk, W. P. Heryford, W. F. Grob, Harv Bailey, Lee Beall, Geo. Bentz, F. M. Miller, R. T. Baldwin, F. W. Reynolds, A. E. Florence, Ben Daly, J. I. Russell, Elmer C. Ahlstrom, V. L. Snelling, N. A. McCurry, M. D. Rice, Dola Dewey, J. F. Hanson and J. C. Dodson and Miss Mabel Rice. This committee will also have charge of the decorations.

There is nothing slow about the Antlers Club, and hence the time for the Grand March has been fixed at 8:30 o'clock, somewhat earlier than usual. Promptly at the stroke of the clock the grand march will form and Mr. and Mrs. "Dad" Heryford will lead the dancers through the various changes to music furnished by Darnell's Band. From that time on there will be something doing every minute, and in order that no guilty one may escape the following have been appointed floor managers: Messrs. Elmer C. Ahlstrom, F. P. Cronmiller, Fred W. Reynolds, F. O. Ahlstrom, James Judge, D. C. Schminck, W. B. Snider, D. P. Malloy, C. H. McKendree, M. D. Rice, Dr. J. L. Lyons, F. M. Miller, and W. F. Grob, and Mesdames C. H. McKendree, Lee Beall, Geo. H. Harrow, Thos. S. Farrell, E. H. Smith, Dola Dewey, A. E. Florence, W. H. Shirk, V. L. Snelling, A. L. Thornton, C. D. Arthur, and J. C. Dodson, and the Misses Lora Snyder and Amy Heryford. This committee will be assisted by the entire Club, while J. D. Heryford as sergeant at arms will see that every one does his or her duty.

RAILROAD RUMOR AGAIN BLASTED

Sale of N.-C.-O. to Hill Gould Denied By Official

Again the rumor of the sale of the N.-C.-O. road to the Hill and Gould interests, broke out recently, only to be denied by the officials of the company who characterized it as having "not a word of truth in it," says the Reno Journal of March 1.

It was stated that two narrow gauge engines of the N.-C.-O. have already been given a coat of red oxide and will be sold; that plans are on foot to broad gauge the local road by running in a third rail; and that within a year the N.-C.-O. shops will be moved to Doyle. All of the reports seem to have come from the foundation that two engines are being given a coat of red paint inside and out.

Vice-president Dunaway said last night that the rumor was "purely untrue," that no engines would be sold and that "nobody wants to buy the N.-C.-O."
