Hebrews Will Begin Farming In Northern Part of the County

A party of Jewish settlers left Portand last week for their homesteads in be northeastern part of Lake county. They are the advance guard of several families who already have claims in that section and upon which they will begin farming at once. There are about fifty more families who will join the colony in the near future. Everything that is necessary for the pioneers will be taken with them. The move- IMPROVEMENT THE ment is backed by a powerful Jewish organization whose object is to induce the Jews to return to the soil and emulate the example of Isaac and Jacob, who were the cattle barons of their day and generation. The society will furnish funds for their maintenance until they become self-supporting.

### MAKING GOOD CITIZENS.

Human nature demands play as a necessity. If we thwart this demand we are in danger of rearing criminals instead of good citizens, for the starved natures, balked in their natural desires, will turn to evil if they are not helped to the good. Money cannot buy good citizens, but a judicious outlay of a comparatively small sum will do more than any other one thing to turn the activities of child life into the proper and natural channels which lead to good citizenship. \* \* It is the very parody upon common sense to appropriate money for playgrounds and refuse it for supervision. That is indeed saving at the spigot and wasting at the bunghole .-- Jacob Riis.

#### \* A PLEA FOR PLAYGROUNDS

Suppose the more fortunate members of the community also were denied the opportunities which they now onjoy for recreation and amusement. you will, that laws were passed prohibiting them from running automobiles, from playing golf or tennis, and imagine the effect upon them of the enforcement of such requirements. And yet for all practical purposes these are the conditions that exist among the poorer members of the com munity. They are as virtually denied opportunities of recreation as if they were living under such a statute .- Lawrence Veiller. 

# A Prophesy

A prophesy has been made that some day all retail piano stores wlll be conducted by the manufacturers themselves. The reason given for this is the unreliability of many of there agents who make promises which cannot be fulfilled. Should this prophesy come true the purchaser would be much better satisfied for he would not be buying through the unreliable middle man.

If contemplating a piano or player piano we refer possible purchasers to Shepherd & Sons' record of eighteen summers business in Lake County as factory representatives. Every promise and guarantee has been made good, proven by hundreds of purchasers who can give us a reference.

Address either Ashland or Klamath Falls for our proposition.
